Clem's York Primer
By Richard B. "Clem" Clement

"New info is presented in red."

New things/comments/Q's from the Spring York reg. package.
The information in italics comes from the York Registration
Chair:

The Eastern Division Call Center NEW phone number -
814.928.0196

We're not sure of the status of the White Rose Restaurant.
Should know more within the next month. I'll keep you
updated as the info changes. Thanks, Debbie

Centerfold map. The chart description on the center fold
mentions meeting rooms, but does not show the splotch
markings. It does on the following page.
A splotch for the Orange Hall meeting room will be added.

Page 8. "hall charts are on information table in each hall?
"Not necessarily. Red & White hall info tables are close
to the hall captains. Silver hall table with hall charts
is across from Kids Korner, Blue Hall down by the food
service. Dealer halls are online and each shows the
location of the information table.

Page 11. The TCA Strategic Planning Committee meeting is Thursday morning at 7:30 am in the Orange Hall ticket office

Page 12 New: Registration is now available for the next meet at the table located in the Silver Hall across from the Reg. counter. Limited hours.

Somebody told me that badge holders are required. I don't believe so. Can't a member attach it on his clothing in a clearly visible area? Badge holders are not required; however ED requires badges be visible at all times. We encourage members to purchase a badge holder to avoid loss of badge and the replacement cost of \$5.00/badge

Can a male spouse with a family badge on, visit any hall without the member being with him? YES

Probably I should have had this item first: There is a question about whether the White Rose Room (717.848.8257) will be open or not. Closer to the York Meet I suggest you contact the Registrar or the Fairgrounds at to get the latest info. Deb

The White Rose Room has been renamed the Verandah Room. When the Altland Restaurant moved out, they took their kitchen equipment with them. It is now available space. (Clem)

Clem's York Primer

By Richard B. "Clem" Clement
April 2014 Update

The Primer is a composite of the personal experiences and views of several attendees and is designed to enrich Eastern Division, TCA's York Week Experience. The Eastern Division, TCA, Newsletter is the official document for the York Meet. The Primer is not sponsored by any organization; business or company nor does it sell, endorse or promote a particular product. If you have a question about an activity or event listed herein, please contact the listed sponsor. Events off the York Fairgrounds or the NTTM site are not TCA sponsored. This version negates all previous versions. In my view, York is much more than a train-meet. It is about the gathering of families, friends and acquaintances. -Your TCA Family-

This Primer highlights the TCA Eastern Division York Train Meet; the TCA Museum, Library and Business Office Activities; member meetings and specified train group activities; non-TCA sponsored train events locally; local attractions; restaurants, tips on navigating the events and the locale. For the price of admission which includes free parking, this is the best deal for a 3 day train meet in the universe. My hope is that the Primer will help you enjoy the week as much as I do.

"New info is presented in red."

FLASH NEWS:

CELL PHONES ARE NOW PERMITTED FOR USE IN THE YORK HALLS.
NO PHOTOS ALLOWED.

Reliance Restaurant just announced that they will again serve breakfast, beginning at 7 am. (They stopped serving breakfast last year.) They continue to serve lunch and dinner.

Recent Advice from York County Convention & Visitors
Bureau:

PART 1

Hi Clem:

I have some changes and updates for you.

Please remove: I-83 Exit 21S to Route 30E is closed. Use Exit 22 George St to get to Route 30E.

We have two new hotels in York. The Towne Place Suites by Marriott is located at 2789 Concord Road, York PA 17402. For reservations call 717-840-1180. The Hampton Inn & Suites York South is located at 2159 S Queen Street, York PA 17402. For reservations call 717-741-9900.

The Blue Heron Restaurant has relocated to 3320 E Market Street, York PA 17402.

The schedule for "Steam Into History" with the following schedule:

April 26 there will be two runs to Glen Rock at 11 and 1:00. These are one hour runs with a narrator dressed in period attire. The prices for these runs are \$24.00 for adults and \$15 for children. We have a longer 2 ½ run where you will enjoy a murder mystery on board the York #17, "Steam Into History." Be part of the production. The excursion leaves the station in New Freedom at 3:00 and

will go to Hanover Junction. Prices are \$38 for this fun event.

April 27, there will be two 2 ½ hour runs to Hanover Junction. Ride the rails with Lincoln and Washington on the 11:00 run and with Washington on the 2:30 run. Following the last run of the day, Lincoln will present a benefit concert. Riders on these trains will receive a \$5 discount for the concert Sunday evening. Hanover Junction 2 ½ hour runs are \$28 for adults and \$15 for children.

We will offer the Train Collectors a \$2.00 discount on their ticket price when they use the promo code: TCA.

I hope that this information helps and we look forward to seeing you in April!

PART 2

Hi Clem:

I hope that all is well. I wanted to send you some updates for your Primer as the York Show is quickly approaching. Here is what we have for you.

You mention Hillside Restaurant in the Primer and that restaurant had a fire and is no longer open.

There are no longer discount coupons on the York County CVB website however coupons will be available at our information table.

Kid's Corner snacks are donated from the York County CVB.

York County Heritage Trust has changed their admission to \$15 for adults and \$7 for students. Check out their website for details:

<http://www.yorkheritage.org/page.asp?id=1>

Worker's House Museum is no longer. Yorktowne Golf Club is no longer.

Wolfgang's is no longer offering Factory Tours.

Commonwealth Room is only operating for private and semi-private events at the Yorktowne Hotel.

I hope that this information is helpful!
See you in a few months!

GENERAL INFORMATION/AVAILABLE SERVICES/ACTIVITIES

1. The York meet is THREE wonderful days on the York Fairgrounds.
2. Pre-Register if you can. The money is nonrefundable but general admission is inexpensive and can eliminate any waiting in registration lines.
3. Guests can be registered in advance, but must show a picture ID and pick up their badges in person at the registration desk. Guest badges are NOT mailed.
4. Guests can attend York only once. Bring a train friend to York and sign 'em up for TCA. A guest can join TCA on the spot at York. No two-member signature required any more. The new member is probationary for a year, but that doesn't restrict them from attending any meets including this York's Meet.
5. The TCA National Business Office has several tables at/near the registration counter staffed to assist with membership issues. The Museum gift store booths are near the registration counter in the Silver Hall.
6. Bring your meet notice with you as reference. A map of the fairgrounds is in the notice. Note: 3 ATMs are located on the Fairgrounds.
7. Member halls close earlier than dealer halls to allow member table holders the opportunity to shop with our dealer members.
8. Hall floor plans will be available from Hall Captains and will be at the Registration Desk or online. **Red & White hall info tables are close to the hall captains. Silver hall table with hall charts is across from Kids**

Korner, Blue Hall down by the food service. Dealer halls are online at the Eastern Division web site and each shows the location of the information table.

10. Volunteers are welcomed and needed. Wednesday at 1:00 PM there will be a briefing in the Blue Hall outside of the Blue Hall Cafeteria. Vol. lunch begins at noon. The York meet requires a huge number of members to make it happen. Contact our Volunteer Committee Chairman, John Zobel:

jzobel7@verizon.net

or (716) 662-7760 to volunteer.

11. The WB&A Chapter brings Kid's Korner @ York to the open space between the Blue and Silver Halls. Plan to visit, stay and play. Our Kids Korner managers are: Chuck & Pam Morkosky, Jennifer Skinner & Mitch Boyle and Martha Skinner. Be sure and stop by to chat and thank them for their interest and support for the next generation of TCAers. There are ride'em trains that circle the perimeter of the area, small train loops, a windup layout and lots of push-me trains for kids to play. Donations of play train toys are welcomed. Bring your kids (Age 0-110) and join in. There ain't no age or fun limit! There is a lot to do; track to assemble (probably plastic type), trains to push on the rug, windups to run, sharing concepts to learn, teaching to be done and fun for all. Door Prizes are awarded, as well as a Grand Prize. All kids get a 'goody bag.' **A Parent/guardian must accompany the child. This is not day care.** I have found in my experiences, the adult who gets down flat with the kids and learns/watches/helps the play activity gets, by far, the most enjoyment. Photos may be taken in this area. We are seeking volunteers to help continue making this activity a success. **Kid's Corner snacks are donated from the York County CVB.** WB&A, a very active Chapter of Eastern Division, conducts two open meets per year in the Baltimore/Washington/Annapolis area, as well as two "members only" meets.

<http://wbachapter.org/>

12. UPS has a booth in the Lobby entranceway to the Blue/Silver halls to accept, wrap and mail trains. It is Open Thurs 12-5 PM, Friday 9-5 PM and Saturday 9-2PM. For

incoming parcel receiving service, as well as outgoing service: store3038@theupsstore.com

Remember Uncle Clem's secret plan: Mail your expensive goodies to your office so that when you report to your significant other, you have no evidence of your wise investments.

13. **WHEELCHAIR/SCOOTER RENTALS:** contact Dave Bubernack, D&R Mobility 570-274-3181 (NEW NUMBER) for reservations or questions. The old number is Dave's wife's father. He is 92. Dave will setup on the Fairgrounds next to the First Aid Building. I suggest you reserve early.

20. TRAVEL DIRECTIONS

York area from the South: travel to the Baltimore loop and then go up 83 North. Direct from the Washington area to the York Fairgrounds, in York, take 83 Business (from George Street) right onto Market, left onto Duke and then left on Philadelphia St., then right on Carlisle St. to Fairground on the left.

Alternate, northbound on I-83 from Baltimore, as you near York, exit on Business 83N. Within a few blocks, you'll see a "FAIRGROUNDS" sign that will direct you to make a left turn on "Country Club Road". Stay on this road to

right turn onto "Richland Ave." At Market St. make a left. The Fairgrounds is one block away on your right.

Alternate route from the Washington area: Route 15 North to Route 30 East to York, then Route 74 (Carlisle St.) south to Fairgrounds

From the North/Northeast:

"New York via the New Jersey Turnpike, south to Exit 6, the PA Turnpike extension (276) which becomes the PA Pike, (76). The exit is #21, Route 222, which takes you south and west to Route 30. Continue West on Rt. 30. You can pick up Clem's directions from there." (Chris Zizzo)

The Long Island/NYC/Jersey York Bus: "If you don't want to drive and hail from New York City, Long Island or New Jersey, there is a TCA Show luxury bus which will take you to York, gets you to breakfast locally (at your cost, but cheap) and brings you home. Included is an all you can eat buffet on the way home. Pick up points are located in shopping centers with all-day parking included. Sleep on the way down (bring your own pillow). Usually, on the return, there is a movie on board. They run train tapes.) You could bring your own favorites! Lot's of good camaraderie aboard. I've done it 3 or 4 times and it's great to not drive." (Chris Zizzo)

Bus Info from Lenny Joerg:

"Les and I are doing the buses again. Now we use luxury buses. We already have 80 riders so it should be a good turn out! The stops are still Commack, West Babylon, & Hicksville on Long Island along with the Bronx & Flushing NY and finally Woodbridge NJ. The cost has risen to \$80 but it still includes supper at the Old Country Buffet. We still stop at Alexander's for breakfast but it is not included in the fare! For more info I can be reached at (631) 874-6834 or via email. Lenny Joerg sljoerg@optonline.net or Lester Livingston (678) 398-9449.

Comments:

Pennsylvania has had rough winter weather wise. PENNDOT and county/city staffs are working very hard to clear and repair roads. Give them a brake and drive carefully.(Clem)

PA Turnpike. (NOTE: this is a year old.)The project between Exits 298 and 328 is finished. This is now Exit 320 which is for E-Z Pass holders only. The long term upgrade is still in progress. Expected completion is 2040 or later. This includes rebuilding interchanges (mostly complete) and

widening the entire turnpike to at least three travel lanes in each direction. The bridge rebuilding phase is in progress at various places on the Turnpike. Expect delays and a heavy police presence in construction areas. At some places this work is carried on 20 hours per day.

There are two major PennDot Projects in the general York area. Neither one should have much effect on traffic headed to or from York. They are as follows.

George Wade Bridge Rehabilitation Project, Dauphin County. This bridge carries I-81 over the Susquehanna River at Harrisburg, PA. The work will cause major delays, especially during the rush hours. This project should be completed or close to completion by October York.

Lowther Street Bridge, Cumberland County. This bridge carries Lowther Street in Lemoyne over I-83. Traffic on I-83 will suffer minimal impact but those using Lowther Street will see delays and lane changes. This project should be close being finished by October York.

The city of York has various ongoing street repairs that change on a daily or weekly basis. The best source of information is <http://www.ydr.com/>

Sunday edition closer to the actual meet dates.

Compiled from PennDot sources and driving in the area. It should be noted that PennDot is not updating their website as frequently as was done in the past. The Region 8 page was last updated on 29 May 2013.

People traveling the Turnpike need to be aware of a heavy police presence in construction areas and that all fines are doubled for construction areas (true in constructions areas all over the state). Also be aware that Pennsylvania has numerous "add-ons" for violations that can actually be more than the fine for the violation. All of this is totaled before being doubled. Please drive safe. Christina,

I am responding for Roy Livergood whom you contacted earlier.

Here are two information sources to obtain information about the U. S. Route 30 project:

* Pennsylvania Official Travel Information website is "511PA". Dial "511" or go to www.511PA.com to obtain the travel information he requires.

* Another information source is the PennDOT District 8-0 website, www.penndot8.com. This U. S. Route 30 resurfacing project is not provided with the District's project listing; however, E-mail Gregory Penny, Public Outreach Coordinator for District 8-0, at gpenny@state.pa.us for this information.

Should you have any questions about this information, please do not hesitate to contact me at either (717) 771-9870 or jrebert@ycpc.org.

Sincerely,

Jeph Rebert, York County Planning Commission

Traffic at the Carlisle Gate of the York Fairgrounds can be horrendous. Please be careful. I recommend Gate 6 on Highlander Ave. - the Northwest end of the fairground opposite from the Blue Hall area or from the Blue Hall on past the Orange Hall to the fence). That gate is always open and you can turn left or right easily. (Clem Clement)

Springettsbury Fire Co., 3013 E Market St., York. Contact Barry @ (717) 424-1308 or kingkodak@hotmail.com for tables. Listed at <http://trains.com>

Entrance to these meets is free and not restricted to TCA members.

Locations: The Hotel at the confluence of Route 30 and I-83 is known as the Days Inn (former Billy Budd) When you exit off of I-83 onto Route 30 going east, make a right at the next intersection (Arsenal Road) and the Days Inn is on your left. The train meet is held inside the main meeting room and sometimes outside in the parking lot. Many guests display their trains inside their rooms. From the Days Inn, if you go back West on Route 30, under I-83, you will pass several traffic lights and blocks of stores and restaurants and then come to a traffic light with an Olive Garden Restaurant on the left.

If you make a right turn at that light, you will come to the Best Western Motel within a half a block (1415 Kenneth

Road). This property has a local train show outside in the parking lot (weather permitting). The Holidome can be reached two ways. If you turned right at the Olive Garden to get to the Best Western, you should continue north and turn left at the next light onto Loucks Road. This will take you to the back of the Holidome. You can also reach the Holidome by continuing West on Route 30 and exiting right on Route 74 (Carlisle Rd.), turning right at the second light, and then left onto the Holiday Inn back driveway. The train meet is held in part of the parking lot that surrounds the Holidome and inside in the main banquet room, hall area and adjacent rooms.

The Reliance Fire Hall show is primarily for S gauge folks. The Reliance Fire Hall is at 1341 W. Market Street Ph. (717) 843-6305.) Its location is out the Market Street gate of the Fairgrounds turn right and go a couple of blocks. From there, if you go east thru town you come to Springettsbury Fire Hall, 3013 E Market St., York. (It is east of I-83, so you could also get on Rte. 30E to I-83S to E Market St.)

If you exit the Holidome and turn left on Route 74 and travel towards York a mile or so, crossing under Route 30, you come to the York Fairgrounds on your right. This is where all the action is Thursday afternoon, Friday and Saturday.

Red Lion Area Historical Society & Red Lion Train Station Model Railroaders are holding an Open House at the former Maryland and Penna. Railroad's Authentic and historic Red Lion Train Station. If you have any questions and to confirm please call us at 1-717-637-4717. Directions: From the York Fairgrounds, take Market St. to Carlisle Ave. until you get to Route 30 west. Follow Route 30 west (for approximately 8 miles) until you come to the intersection of Rt.116 & Route 30. Turn left onto Rt.116. From route 116 & 30 you will travel approximately 20 miles where Rt. 116 will become York St. in the town of Hanover. As you enter the town of Hanover, travel approximately 2 miles. The train shop will be on the right side of York St./116. Look for the Railroad Flag hanging from the front of the store.

24. Steam into History in York County

<http://steamintohistory.com/>

Steam into History, Inc. is a 501(c)(3) nonprofit organization that plans to build and operate a steam train to chronicle the role York County, PA., played in Civil War history and to promote the area as a tourist destination. Located at 2 West Main Street New Freedom, PA 17349.

What part does history play in the train operation? The train will feature live re-enactors, musicians, and docents from the Civil War and/or a narrative. The calendar shows you what specials are on that day or if it is a daily excursion.

Note: This train is a faithful replica to the train Abraham Lincoln rode to present the Gettysburg Address and two years later carried his body in a funeral car.

How often does the Steam into History York #17 run? All excursions are round trip. During the summer, the train runs six days a week, Tuesday - Sunday. Please check the calendar for specific dates and times for the

excursions. The week day excursions include the Glen Rock Express run, a one hour excursion. All excursions with the exception of the 10:00 in the summer will run for 2.5 hours. From New Freedom to Hanover Junction.

Steam Into History:

April 26 there will be two runs to Glen Rock at 11 and 1:00. These are one hour runs with a narrator dressed in period attire. The prices for these runs are \$24.00 for adults and \$15 for children. We have a longer 2 ½ run where you will enjoy a murder mystery on board the York #17, Steam Into History. Be part of the production. The excursion leaves the station in New Freedom at 3:00 and will go to Hanover Junction. Prices are \$38 for this fun event.

April 27, there will be two 2 ½ hour runs to Hanover Junction. Ride the rails with Lincoln and Washington on the 11:00 run and with Washington on the 2:30 run. Following the last run of the day, Lincoln will present a benefit concert. Riders on these trains will receive a \$5 discount for the concert Sunday evening. Hanover Junction 2 ½ hour runs are \$28 for adults and \$15 for children.

We will offer the Train Collectors a \$2.00 discount on their ticket price when they use the promo code: TCA.

If you have a large group and would like to set up a week day excursion please contact us at

26. Economic impact [EEI] of the Eastern Division meets on York County.

Hi Clem and Jan,

Thank you for contacting us for the estimated economic impact [EEI] of the Eastern Division meets on York County. We are fortunate that train collectors are almost as passionate about York as they are about their trains.

We conducted primary research in 2009 that yielded a spending figure for those attending meetings and conventions in our town. They spend an average of \$833/trip. With 27,000 train collectors coming to both meets, that is an annual estimated economic impact of \$22,491,000 million!

Hope this data is helpful to Eilene and her presentation to Rotary.

Diane Yocum, our business manager, is a member of the East York Rotary Club and I am a member of the downtown York Rotary Club. Hopefully, one of us will have the pleasure of hearing Eilene.

If we can be of further assistance, please let me know.

Thank you,

YORK PRIMER PART II: LOCAL INFORMATION/ ACCOMODATIONS/York Reviews

Hotels are tough to find space in during the York week. Plan early. Sometimes you can find rooms at the last minute north of Harrisburg. (It has been easier in the last few years to find rooms, but don't wait.)

Contact the York County Convention & Visitors Bureau for Bed & Breakfast referrals or any accommodation issues. Call (888) 858-YORK or <http://www.yorkpa.org/>

For Lancaster County. Dialing (800)-PADUTCH (800-723-8824) will connect to a "Lodging Hotline" or the visitor's Bureau website, www.padutchcountry.com a link called Lodging that will lead people to places to stay.

My favorite York place remains the Round the Clock Diner. 24 hours of good cheap food in huge portions. Best restaurant I know of that has a train meet across the street. (Paul Wassermann MD)

Roosevelt's new ordering concept

We had dinner at Roosevelt's Thursday. A wonderful culinary experience. They reopened after being closed for 6 months in order to change ownership. The dinners were mostly TCAers enjoying the fine food. The wait staff was back and so glad to see us. We met the new owner, Byron Kehr, Jr, chefbvk@comcast.com Roosevelt's is www.roosevlttavern.com He said that we could order ahead a few days for the meals

we wanted that were not on the menu!!! We need to clarify this great option. We were asking about Veal Chesapeake or Mock Turtle soup which the sometimes have on their menu. I believe he said they plan to change menus once a month. What a neat concept if we could email a week out or so and ask for our special choice of food. This idea is a winner!! Food and service were excellent. Clem

An all you can eat place called Aroma opened in East York next to Sam's Club. (The old York Mall) It's Americanized oriental food that's very good.

Comb's in York has a great prime rib and is always full of TCA-ers (Ph. (717) 854-8146).

According to the York Newspapers, the father & son owners of the "Clock" Diner are leased the space to Sheetz for a gas store & also a new restaurant called Cheddars is moving in beside the gas guys. 1340 Toronita St., York. The owners say there should be no competition between the two restaurants, as each has its own "style". Jim Lyle. (Sandy and I had lunch at Cheddars. Seemed very nice. Plenty of wait staff, excellent menu and great decor. It is located across the mud from the Billy Budd. At 1:30 PM there was a large crowd of diners.)

On Market Street just west of the Fairgrounds is Latuca's pizza- excellent and reasonable.

The Left Bank, downtown York, has mighty fine gourmet sandwiches and other goodies (717) 843-8010

10 to 15 minutes North of Rte.30 on Rte.74 is Dover Dinner, a new 24 hr. restaurant and going a bit farther up the road, Three Fountains is under new management. This group has gotten it right, good food at reasonable prices. Ask for their Hag Maw if you wish to sample a local Pennsylvania Dutch gastronomic delight.

At 110 N. George St. The Harp & Fiddle (Now called Maeynyn's) also opened late last year. They're an upscale Irish-American pub and restaurant. (Tina Smith)

"The Desert Division members who attend YORK mostly eat breakfast at the Round the Clock Diner on Route 30. We also

still will go to The Hillside Cafe at Exit 35 off of Interstate 83, near Harrisburg, but really only about 20 minutes north of York (**Closed due to a fire**). They still have the BEST Lump Crab Cakes around, great steaks and a great menu. Biggest problems are getting a seat on Thursday and Friday night and the service has a tendency to be slow at times. If you wish to eat between 5 & 6 PM, there is generally no problem, but call ahead for a reservation. Hope this helps your PRIMER.
Regards, Gordon Wilson

Friday night will take many of us to the Roosevelt Tavern in downtown YORK, at the corner of Roosevelt and Philadelphia (Rte. 462 W) Streets. On Friday night you WILL need a reservation. We also have a favorite breakfast haunt and that is the Around The Clock Diner, catty-cornered across the street from the Days Inn on Route 30. If you are NOT from Philly and have never tasted SCRAPPLE, here is your chance. You haven't lived until you have eaten Scrapple. Then again, you may not live long after it either. Just don't ask about its ingredients (Everything but the squeal. ed by Clem). One member of the Desert Division simply cannot start his YORK experience without first getting his FIX of SCRAPPLE. More power to him. Hope this helps and can be a culinary addition to your Primer. Don't you think that pretty soon you should apply for a copyright on this "bible?" Looking forward to my 59th YORK MEET since joining the TCA in 1976.--Happy Training and Best Regards, Gordon Wilson, "KING" of the Maple Donut Lovers Club

Hi Clem,

I was there in April.

Gotta say, from a kid from Queens, NY with an Italian mother and wife, they have the best Italian food in PA.

Service is good too.

I haven't been there in years, but try the Philly Cafe for great seafood at good prices--if it has survived.

<< YORK CHOW! Before we all forgets, please let me know what discoveries and information you have collected about York eating spots this fall. With the recession some of our favorites ain't no more. I did learn of a nice Italian place near the Holidrome. >>

Sorry Scott, If this is the Philly Cafe on Philadelphia Street, I used to love it too because it had great Philly Cheese Steak Sandwiches. Alas, it has gone the way of the DoDo bird some time now. The NEW best Philly Cheese Steak place is back where Thomas Industries (Trains) started back in the late 1940's & early 1950's - Wenonah, NJ, on the Glassboro-Woodbury Road, just to the north of the Exit off Route 55 South as it goes through Wenonah, NJ. Sorry YORK goes, this is not close to YORK, but if you are from Philly or South Jersey, it is now listed as THE BEST OF PHILLY for CHEESE STEAKS. Sorry, I know this is for Train Talk, but don't train collectors like to eat too? This place is worth a stop - it is called STEAK OUT. Wenonah was made famous by Thomas Industries Trains - they are the ones who more or less forced Lionel, Flyer, and Marx into making the General 4- 4- 0 style locomotives in 1959. Their final resting place was in Shawnee, Oklahoma, site of a devastating Tornado this past spring. Shawnee has an incredible BNSF Depot which looks like an English Medieval Castle. It's just east of OK City and worth a stop if you like trains!!!!

Enjoy,

Gordon Wilson

York Chow.....I have told this story before but seems it should be retold here.....

Brother & I stood in a double line outside registration before opening time in 1980 or so. In the edge of the parking lot, a vending trailer was just opening up. He had the usual breakfast items listed & another sign that said 'Maryland Crab Cakes'. As soon as I saw that I went to negotiate. Not often two misplaced to Ohio guys from Maryland get such a treat!!!! I had to talk the vendor into it but we both got several crab cake sandwiches one after the other.....maybe as many as 4 each.....seems like we spent about \$40 (what were 1980 prices?) or more for our standing-in-line 'breakfast'.... & would gladly do it again. When we came back that way for lunch, he was out of crab cakes....

No matter what you guys did, it could never have been as good as this!

Hi Clem,

Thanks for your e-mail. I look forward to your post-TCA e-mail each year because you share some of the neat things you experienced. ☐

I also appreciate the feedback about the accommodations and wanted to let you know we'll discuss your comments at the November general manager's meeting. If you have any additional examples, please do share.

Kind Regards,

Another wonderful Yorking experience is in the books and our minds. Such a good time we had. And nobody tole lies and faked trains or got wet or nuthin...

York and TCA are really about friends. If you attend just for the tin and plastic, check in the mirror. It is so great to see fellow members every 6 months. Even if it is just for hug and a howdy. Those encounters are so comforting and powerful to us all. We don't say "Goodbye," we say "See ya in 6 months." Whatta great hobby and super group of people!!

So many sincere thanks go to Eastern Division, TCA for shouldering the responsibility to put on such a wonderful event. Having some knowledge of how hard this task is, my extra big congrats on another job well done!!

We all stood so tall and proud as our National Anthem was heard throughout the halls and outside, signifying our love for America and the opening of Spring 2013's edition of Yorking with Eastern Division.

I had a long roof for several years. I brought it to York and learned that it was an original Boucher Blue Comet roof. It is made from sheet copper, as are the car bodies! I did not know this. Sheet copper is very soft and easily bent. It is easy to shape but does not survive rough handling.

In the Orange Hall several big shiny homemade cars, standard or Gauge I cars were spotted. Did anyone see them and could they describe them please? I believe they were on "C" row.

My group had dinner at Roosevelt's as always. With the new chef, the yumminess went up significantly. What a lovely place to have a nice group diner, although a bit pricy.

I found a rusty homey-did passenger car with an option that I have never seen before. All whom I showed it to were pleasantly surprised. The passenger door hinge rods protruded thru the car's roof and were bent over (The roof was not removable). A child could open or close the door by turning the hinge rod lever. What a neat idea. The Lionel sprung doors stay closed, but if a kid gives his marble or frog a ride, the door closes behind the item (Or on his fingers). The car was signed by W. S. Robinson in 1919. It did have a bathroom and seats inside.

The Standard Gauge Module Association (SGMA) met for breakfast on the porch at the Reliance Restaurant. What a fun place. The porch is open to the elements and was nice and bright on that sunny Friday morning. As I got up to give a sterling speech, the beer truck pulled up outside and drowned me out. Happiness is...

During the IVES society meeting I gave a special talk and demo on ringing bell accessories. I had two members hold up a towel and I knelt down behind the towel with my accessories (Several were afraid I was going to flash my IVES undies). Actually I had a transformer and powered up each accessory behind the towel so all the attendees heard was the noise, but could not see the piece. I had several manufacturers' units to use. Funny we think we know our stuff, but by the sound of the ringing bell, it is very hard to identify who made them. Pure fun. I'm thrilled to say the 4 members came up to me afterward and said they

would go home and wire-up their own ringers. Message received.

Doug, that was NOT me you seen dumpster diving. That was my long lost second couzin twice removed (and shoulda been thrice removed Richie.) Plus the boxes were wet and I couldn't use them...

We did get a downpour as the Ice cream social was winding down. And some drizzle off and on during the meet.

For the St Louis National Convention I have agreed to conduct one of the seminars. It will be on train fakes and reproductions. This is another for-sure reason to attend the upcoming convention!!! Register at <http://www.tca59.org/index.html> (ed.: I gave the talk to 50+ of the convention's attendees. I think it went well and I hope I'm asked for the next convention.)

If I promised to do sumthin for somebody please remind me as I already forgots. Who was it he said they had a \$50 dolla Blu Comet for me? I neva got it. Don did bring me a full box of 5 wooden homey-did freight cars. Polished oak in construction. Lovely. Thanks very much Don. Keep 'em coming.

I'm hearing the TCA auction at the Museum Wednesday went very well. Note there are two more auction planned for this spring. Be ready to bid. I understand the dates for the next TCA auctions might change. Stay tuned.

I'm happy to reports that Ron Morris again did not sing at the York. How so lucky can we be??

Three members asked me who sells Restorsit now? Terry Trickel handles the home-made product.

Any information or changes that we should include in Clem's Primer for next fall's Yorkin? Please let me know

trains collectors have invested in trains rather than diamonds. Spouses thrilled at their wizenesses... Film @ 1:31 am yesterday. STOMPER is back home and safe.

As I unpack my new treasures, I find an extra STG motor and blu Comet in my boxes. I hate it when that happens...

Again, thanks all for the wonderful times at York

See you all in the fall at York,

York October 2012

The turnout of TCA members, their families, and guests was greater than in April. Virtually our members bought out all the tables for this meet sponsored by Eastern Division, TCA. Two rows of tables were added in the White Hall to meet the needs of our members. President Kronz reported that there had also been a rise in the number of applicants for membership in TCA this fall.

At the opening of ED's Board meeting Vice President Brian Reilly presented Clem Clement with a professionally printed copy of the 2012 edition of "Clem's Primer," as a memento for his outstanding and dedicated service as President of TCA National and his years of serving as President of Eastern Division. The "primer" was first written and compiled in the 1990's and by the early 2000's had developed into a guide to the York Meet.

Woody Kriner, the representative of the new Upstate New York Chapter, was welcomed to Eastern's Board of Directors. Woody previously served as an at-large ED Board member. Minutes of the Board's April 2012 meeting were approved. The Division's financial situation is reportedly sound as we approach the October Meet and the end of the calendar year.

Two bylaw changes, introduced in April, will be presented for ratification in the November election of officers and board members for 2013-14. President Kronz invited eligible members who were interested in running for an office or the board were welcome to do so by submitting their applications to Sam Geiser, immediate past president. Ballots will be mailed to all Eastern members in November. Oral and written reports by the secretary, treasurer, and committee chairs for registration, meet chairman, and nine other standing committees were approved. There will be no layouts running in the Black Hall for this meet.

Board Member Dan Danielson reported that membership in the WB&A Chapter had reached 285 thus far in 2012 and Chapter finances are in excellent condition as 2012 comes to a close. Meets are scheduled at Kena Temple, in Fairfax, VA, December 8, and the Annapolis, MD, Armory, March 9, 2013. Board Member Woody Kriner reported for our new Upstate New York Chapter. He announced that their membership has reached 210. Woody noted that the Chapter will host a meet in Rochester, NY; early in 2013 and that a couple of mini-meets are planned. Lee Wood, Eastern Division's Treasurer, volunteered to assist the new chapter in "setting up" their treasury.

A motion was made and accepted that the Division's "paid-for services" will be contracted beginning in 2013. ED's Parliamentarian Jim Williams will assist in drafting the appropriate language.

President Kronz announced that Vice President Brian Reilly would be leaving the board in January. He thanked him for his 11 years of service to Eastern Division. Dan Danielson recounted highlights of Brian's service to Eastern and his years working for and with the WB&A Chapter.

Respectfully submitted, Brian Reilly, TCA 75-8427, VTC 85-434

Yorokin

Paul Herr & I crossed the Great Susquehanna River this AM, our intent to view all York had to offer on a Tuesday. Best Western must have been the place to sleep in, two guys were in the process of setting up, not much else going on a 0830. On to Holidome, EASY to park there now, most of the tables in the Banquet Hal were occupied, if not open. On the last aisle, met the McCurdy Crew, both North & South Divisions, they mentioned the Feeding Frenzy that occurred at Reliance the day before in the area known as Jester's. Seems Fred's daughter, Amanda, had brought a trailer load up and it mostly disappeared in a flash. MORE was brought up for today, less of a frenzy, but, lots of activity. ALL kinds of stuff, mostly very reasonable in CASH price. The real fun there will be Thursday & Friday from 0800 to 2000 hours both days Bring Cash. There is an unconfirmed rumor that if & when they actually empty all the places Fred had goodies stashed, Chester may rise another foot above sea level. ONLY time will tell. On to Dilly Dudd (now Days Inn, referred to less than kindly by one train collector resident). Ironically, we found our best deals there, WAIT til you see the pics of the Diesels we bought. You will not believe what we plan to do with them.

Last York Stop was Springettsbury Fire Co hall, presided over by Barry King, American Flyer parts manufacturer, distributor, arranger of the Jester Sale, etc.

On to DALLEE to pick up goodies for Wednesday's NTTM presentation (Wardie Jay goodies were here, obviously). For those of you who have NOT seen the Choo Choo Barn layout, you'll want to view the NetVision pics I'll have tomorrow from the presentation at NTTM, of one portion of the CCB layout.

Once again the genius of Tom Groff using the products designed & made by DALLEE, I've seen them in action; you get to see phenomenal pictures. Paul & I will be at NTTM at 0645 tomorrow setting cones in preparation for our last turn on the Parking Lot.

Paul, Mike Packi & I have been doing this since 2000, my knees are gone, Mike has mobility issues, Paul is the "Energizer Bunny" we're wearing out.

Come on down to NTTM on Wed, join the fun, meet some new people, try the donuts (not bad, BTW) OOOPS, I'm not supposed to know that.

Jim Lyle

Paul Herr & I met on the NTTM lot at 0645 to set cones, etc to prepare for the day. Our days started much earlier to get our trucks loaded with signs, radios etc. we then met the rest of the "crew" at Diener's Rest for breakfast, camaraderie, discussion of the plan, etc.

Onto the lot we went, where we were from 0830 til 1745, with NO rain, NO hail, NO snow, NO gale force winds, ALL of which we have had at one time or another.

The DALLEE & Wardie-Jay presentations went well, brief & to the point, I had some great pics DALLEE took several months ago of the circus tents on the Choo Choo Barn layout that Tom Groff lit using DALLEE LED lighting boards and his skill. Effect is amazing, you HAVE to see it in person to really understand & enjoy it. ALSO had a little DALLEE product that will make installers lives MUCH easier, wait & see.

The Parking Crew did their usual fine job, a GREAT bunch of guys who have volunteered under all sorts of weather, dodged hail & rain, hot & cold, etc. Mike Packi, Paul Herr & I have finished our careers in parking; I am guessing volunteers would be welcomed.

On to York on Thursday, ORANGE HALL, N-11, drop by and say HI, my "crew" or I will be there to greet you, show you the TRACK WACKER & TinPlate Ties and maybe a very special set

of SHS diesels, LONG sought after and LONG out of production.

Jim "leavin' the Keystone Main for York" Lyle

Thursday in YORK, the great Reunion continues. It IS nice to see old friends, make new ones, LOTS of Vets are now wearing affiliation hats, LOVE that one, need to get one. Most people recognized the Flag this time in Orange Hall, anyway. Heard a few singing the Star Spangled Banner.

Maybe a very special set of SHS diesels, LONG sought after and LONG out of production. The diesels ARE on table N-11, they ARE SANTA FE "S" GAUGE A-B-B-A, made by SHS, they are Chrome Plated, in the boxes; I have not removed them since I got them many years ago.

Jim Lyle

Had a great time at York for the third time since I have been a member of TCA!! Met and talked to lots of nice folks, saw some fascinating trains, sold a bunch of stuff and bought even more. Thanks to all the volunteers and to the Eastern Division for inviting their brothers and sisters to join in the fun.

Now for a very serious report. I was walking around the Blue Hall on day 1 when I stumbled upon Clem Clement's table. He was not at the table but his beautiful and patient wife Sandy was in charge in Clem's absence. As I scanned the piles of scrap metal - - - I mean treasures that Clem had hauled to York to foist on the unsuspecting and sightless--what did my eyes land on but STOMPER!!!!!! Stomper was out of his corral and on display at Clem's table. I look down below Stomper and I see a price tag for \$135.12. Not a bad price for a piece of history. So I say to Sandy--"I will take it" and she says that is the price for the bridge it is sitting on--not for STOMPER--Clem would never sell STOMPER!!!!

So I immediately went to the hall captain and asked him if there was a rule against just having an item on your table for show?? After all the meet has a rule for almost everything else--but we could not find one that would force Clem to sell it to me. So STOMPER remains in Clem's possession and can be seen tomorrow at his table in the blue Hall--do not miss it if you are at York. I think everyone has a price. I personally think Clem is holding

out for a higher price so I will now ask him publicly--"Is STOMPER for sale and what would it take to move him (or her) out of your collection and back to the Midwest where he belongs?

Andy Dubill

adubill@aol.com

Oh, Andy, Andy, what a war you have started. STOMPER is so angry Clem is afraid he'll rip apart the bridge he is sitting on and just come right after you for thinking he would ever want to leave Clem. He loves Clem, and you have really made him furious by trying to buy him from Miss Sandy. You had better go make amends before STOMPER destroys the entire fairgrounds and makes it impossible to have another York.

I'm sure glad I'm out here in California so STOMPER won't affect our power grid. Hope you have a flashlight, Andy.
Barb Jones

That must have been why the clouds moved in early and the lightning was flashing this evening. The wrath of Stomper is unfolding!
Katie Elgar

Barb - Don't count on Stomper's rage not affecting your electricity reliability. California gets a lot of its electricity from Arizona which is tied in with the mid-western states and the east. When my lights dim here in Michigan I know Stomper is on a mad tear.
Best regards,
Frank Corley

Just got home from another wonderful York. Saw lots of old friends and made some new ones. Missed a few of the regulars. I heard that Nancy Swann passed away in early September. She was at every York and TCA Nationals right up until this year. The little lady with the red hair and lately a walker. She was an ardent supporter of TCA, TTOS, LOTS as well as other toy train groups. Always a pleasure to talk to and very very knowledgeable on trains. I remember her best for organizing the banquet room at the old Howard Johnson's on Toronita St. as a Barracks, if you will, for guys attending York and left without a room because of a problem (I don't remember what it was) that

reduced the number of rooms available considerably. I will miss her. In regard to the current meet: What's going on with transformers? I never saw more large and medium transformers (ZW, VW, Z, V, KW, TW LW, 1033's) for sale in all my life. Everybody had one for sale. ZW's no longer bring \$275. even the Buck and quarter ones weren't moving. One guy had a box of 10 misfits for \$150 for them all. Two KWs, two TWs, a LW and and a mess of 1033's. O f course all needed some TLC but nothing significant. No one even looked at them. Hmm. Oh yeah lots and lots of 671s with 2671W tenders. I saw one boxed Excellent for \$150. I would think the guy asking \$335 for his probably took it home. The \$9K boxed girls set, reduced to \$7.5K sat out the meet but the \$4800 boxed 1950 773 went out suite at a reduced price. A great meet thanks to the folks at Eastern. Kudos to them all for their hard work.

Les Mathis

Sorry for not reporting Friday evening. Had NO electricity to run the ,puter. Tornado touched down about 1000 linear feet from house, dropped a park pavilion on 15 people (prox) our volunteers got them out quickly, no major injuries reported so far. Lots of property damage in a very long, as in miles, narrow path. At least one of our own (PVMR & occasionally NTTM guy, Jeff Leeking) has major damage to yard & he reportedly had trees on his home. Those of you who saw the circus train on the NTTM "S" layout, it belongs to Jeff, on loan for season.

Will find out more tomorrow.

York continues to be a great reunion, plus new friends to make, stuff to see. Still one of the "younger" ones there at 66. Scary.

Jim Lyle

Andy, I met with serious county officials during York. I'm pleased to announce that for the paltry sum of \$2500, the County will expunge their blotter and commence cleanup in a certain location that was a parking lot before a ruckus visit from a Kansas bunch.

When can we expect the check?

Clem

For those lucky enough to pass by my tables, they saw STOMPER and JUNKS face-to-face on Climbing Bridge. There was great fear that, even with their engines at still, the world would suffer. Climbing bridge is wood, as no metal can hold the pair. I had placed the exostonic non- square

surgo caditonator between the seething locos to maintain control much as Kryptonite does to superman. The only reports from NORAD were that 3 loose rocks from the back side of the moon were sucked into a garbage can near the Orange hall (Since we can't ever see the back side of the moon, this event was considered non-sig.) 3 Higgs-Bosom particles were seen loose in the area without York badges on.

More after The Calming occurs...

Clem

However there was a terrific tornado in Paradise, PA, a short distance from York on Friday night about 8:00 PM.
Chester Zmijewski

That was a tornado? When left York we encountered heavy rains and wind on the bridge over the Susquehanna, (I think that is how it is spelled), river. We were in a pizza place in Strasburg and everything went dark. When we went back to our motel it was eerie to see no lights on at the Strasburg Railroad, Choo-choo Barn, the Penn. state railroad museum, red caboos motel and the toy train museum. Luckily we were staying up on route 30 and there was power at our motel.
Rich Giannino

Another super great Yorkin. So good seeing all. Home safe about 6 pm. Gorgeous colors on the way thru Maryland. Virginia leaves are starting to turn as well. Fall is here on the east coast. Clem

Good to meet with you at York, Clem. Thank you for your advice and for looking at the large metal bridge in the Silver Hall. The majority of the standards committee had questions about its origin, however all felt it was very well engineered, and a nice piece for any layout. I am still uncertain about how it came to be. My purpose was to expose the bridge to knowledgeable people and to not misrepresent the piece. Arno Baars says hello, and I bid you farewell until next Fall... or maybe St. Louis.
Dave Rodgers

I'm working on Clem's Primer for the next meet. Any change you know of/corrections/ improvements/etc.? Please send them to me or post on the ttml. I do my best to keep things current.

Eastern Division presented me with a published copy of Clem's Primer. I'm greatly honored. 2 copies were sent to the TCA Library. ED BOD each has a copy as well. I am greatly honored and was speechless at the presentation ceremony done by Boxcar Reilly. Really all of you who have contributed to this effort deserve credit as well. I continue to get compliments and requests for the Primer. I'm truly happy it is helping folk enjoy Yorking experience better.

I did ask if this meant that I was finished and someone else would take it over, and the answer was not as long as I'm on the green side of the grass. I teared up.

YORKING SPRING 2012

YORKING SPRING 2012

Yorking sure takes a long time acomin and goes so queeekly. And the KEY feature of YORK: is seeing train friends in our extended family. You can always find a \$50 Blue Comet anywhere, but where else can you gather with 13,700+ of your bestest friends in one place other than Heaven??

Ms. Sandy and I arrived about noon on Tuesday at the Holiday Inn. I guess she left the car and went to register: I dunno as I bailed out with the car still rollin' to grab some goodies. I found her a couple hours later chatting with Jane Boyce, Director of

Development for TCA.

First I found a guy with tons of parts he had cleaned and primed. Among the treasures he has a couple of #35/36 roofs. I seem to never have enough and customers always are looking for them. I grabbed a sack full of stuff of invaluable parts. A fellow had a re-moped and customized tender that I spied. As I snatched it off his table, he said "Clem, I knew you would want that." How to folks know I love homey-did projects? This tender had been an IVES President Washington tender. The green paint was still lovely on the bottom. It had ladders attached, some extra shape figuring and a huge weight inside. The coal pile was made of a chunk of cork. The cork had been roughened to look like coal. Done by hand I think. I wonder where a block of cork can be obtained these days. Thanks for saving it for me.

A bud had a standard gauge \$50 dollar blue comet on his table which followed me home. Pat Roland looked at it and wondered out loud about my sanity. Beeeg surprise. Pat, I believe, said not to declare this THE \$50 DOLLA BLUE COMET as then what do we dream for? Thus it is not. This thing had a blue 390 frame with a blue tin Japanese loco body screwed on it. Some wood is involved. The headlight works but the motor is stiff. They even used the tin floor loco's side rods on the piece as well as the tin front wheels. The tender and crummy were New Bright on Lionel 100 series trucks. The feeling is that I lose the 2 cars. Chris Bogus challenged me to build a toy train using tired post war tin floor toys. I accept the challenge. I ain't a gonna argue with Chris! What do we call the

set?

I had asked on the STG net for some Gauge I track. Tony Hay kindly brought a pile of it. As I was on my hands and knees on the floor in the orange Hall in front of his table sorting through the track some rascals came by and were razzing on me for my diggings... A man just gotta do what he has to do!

We had dinner at Roosevelt's Thursday. A wonderful culinary experience. They reopened after being closed for 6 months in order to change ownership. The diners were mostly TCAers enjoying the fine food. The wait staff was back and so glad to see us. The owner, Byron Kehr, Jr, chefbvk@comcast.com> (Roosevelt's is www.roosevlttavern.com>) met us and was glad to see us. He said that we could order ahead a few days for the meals we wanted that were not on the menu!!! We need to clarify this great option. We were asking about Veal Chesapeake or mock turtle soup which the sometimes have on their menu. I believe he said they plan to change menus once a month. What a neat concept if we could email a week out or so and ask for our special choice of food. This idea is a real winner!!

My dear friend who is like a brother to me, Jim Stiles, drove straight thru from Florida to be with us. They arrived at 2am to a sold room. Not good. A couple hours sleep in another hotel and they were Yorking. He had family and friends from several parts of the country meet York. 13 total!! What a great idea. Gather at York to have a reunion and play trains! All had a fine time and are now hooked on trains. I saw them everywhere chasing trains. His

Daughter bought her first train set on her own \$\$.
Golly she was giggly with the thrill of it. York is
the "Happy place" with natural highs!

Tuesday was a warm and wonderful day for the outside
events. Wednesday broke at dawn OK but soon a chilly
mist fell in and stayed most of the day. This pretty
much dampened the day outside. The TCA museum and
library day was another great event. Next fall, ya
just gotta attend. This time we had a food cart
outside. Did I mention that the cart sold ice cream
and sticky buns (Fer you southerners, sticky buns
ain't peecan rolls. Them's is sticky buns...period.
Try 'em... on second thought, don't, so that there is
more for us Northerners. And none for Texans either...
(I'm having one now as I write)

The manufacturer's presentations were excellent. See
the TCA web site for the videos. Mike Wolf announced
the co-winners of MTH's Blue Comet award: The train
club that runs the huge layout in Balboa Park in San
Diego and the National Capital Trackers. So I lets out
a whoop as I am a Tracker. Ms. Sandy counseled me on
my ruckus behavior...

Arno Baars had a wonderful woody tender. This homey
'did piece represents the first known use of a brass
automobile gas line 90-degree fitting to represent a
back up light. I love it! I've glueified a tiny bulb
in the fitting to complete the rouse. Thanks Arno. (Be
sure to see his super fine collection during the TCA
National)

The Upstate NY Chapter of Eastern Division has been

formed. Super news and congrats all.

Sandy and I had lunch at Cheddars. Seemed very nice. Plenty of wait staff, excellent menu and great d'cor. It is located across the mud from the Billy Budd. At 1:30 PM there was a large crowd of diners. I bet it is crowded at night.

YORK SHOW - how was yours?

Tue Apr 24, 2012 3:55 am (PDT)

For me, York is always more about the people than the trains. I view it as the greatest social event in the hobby. All the trains I want can be purchased online easily enough and in a more timely manner, so the things I may find at York are kind of the frosting on the cake. I no longer even take a list of things I might be looking for. Still, I did manage to find some nice things at the meet, and at good prices.

I wasn't able to attend the previous three York Meets, but did attend this most recent one. Regardless of what the registration numbers may show (those reflect

those who registered, not those who actually attend), nobody will ever convince me that the number of participants, both sellers and buyers, is not going down. Having missed a couple of meets or shows really brings this fact home.

Friday definitely was the most busy and active day. Thursday was great for anyone who wanted to freely browse about because the traffic was light in every respect. You might as well sleep in late on Saturday; eat a hearty breakfast; and then take a leisurely drive home because that day--as has long been the case--is absolutely dead. Too bad, too, because having a robust Saturday event would certainly make things easier for those who have to work during the week and/or those who can budget only a night or two of hotel stays.

York Meet

Tue Apr 24, 2012 8:41 am (PDT)**

There were 5 of us that went to the York Meet. We could only be there from Wednesday until Friday so we left late on Tuesday evening. Traveling from Indianapolis is a 10 hour trip. We arrived at the fairgrounds; just to get the lay of the land and then went to the Billy Budd, the Holidome, Days Inn and another one close by Route 30. We ate at the Silver Dinner on Rte. 30 and went back to the fairgrounds. Attended the MTH presentations and had a great time listening to problems and resolutions, future of DCS and new Proto 3 that would be compatible with initial

engines. Back to the Silver Diner and desert and our rooms. We finally got to our rooms in Lancaster and it seems we all were a little tired. But what a first day.

Thursday we went to the PRR Museum in Strasburg...what a place. Lots of pictures and another great time. However, we had to get to the Fairgrounds for the opening of the Meet. Did not get a chance to see the Toy Train Museum nor ride the Strasburg steam & passenger cars. Once we arrived, at York, it was scour the halls, find we came for and the help each other with bargains in the halls. We stayed until the halls closed and found out we had a little problem with the room - too many purchases and "Bargains". On the way back to Lancaster we stopped at Columbia, PA and went to Hinkle's Pharmacy - it was just like to old Woolworth Drug Stores...the food was great -- crab cakes for all...and at a reasonable price. ANOTHER great day at York.

Finally, on Friday we left our rooms for York for our last day. Yes, "all" the halls were visited, bargains were still there and I guess those things we passed the day before were now rising to our "need" list. The initial plan was to leave around 1:00 PM...But we stayed until 4:00 PM so another long ride back home.

What I saw at this York were many collectors looking for their list and finding much more. However, in the years past, 2007/2008, Thursday usually had all of the parking space full or filling until 1:00 PM. So the lots were filled to the outer fences. We were still 4 or 5 rows short.

The traffic within the halls was not crowded as they were in 2007; but there were still a lot of people in the halls.

I attribute this to 2 things -- the economy - it is

still not that great - and those that attend are getting older - but we have yet to realize a growth in our TCA numbers. The leadership of all Divisions and Chapters need to look at ways to make being a TCA member easier or just plain betting the bushes for a younger population. But those are problems we already realize. One thing I heard at the MTH presentation was the use of APPs and other gadgets to bring on the younger crowds -- at least MTH is looking ahead. Why shouldn't National and Div/Chap do the same thing?

Wondering around York

**Posted by: "WJJIM@aol.com" WJJIM@aol.com wjjim2001
Tue Apr 17, 2012 6:51 pm (PDT)**

Tuesday AM found four of the PVMR crew, Paul Herr, Dave Pierce, Rich Glass & myself "Yorkward" bound. We arrived at the "Holidome" around 0830, most of the interior tables were at least set up & covered, not so many in the parking lot anymore. Paul found an MTH car to add to his railroad.

Maybe 100 shoppers in the time we were there, leaving around 0945. Headed to Reliance Fire Hall, the domain of all things "S". Got some A/F parts from Amanda Jester, spent some time with Bobby Persing, he has just released a Post Office Flag in P-Ville repo parts, looks great; most of us dealers will have them soon. Looks like 5 bucks per???? Headed on eastward to the former Billy Budd, crowd about the same as last year, stalwarts to say the least. Dave found two PUTT Birney trollies (before I did, BTW). He was planning to make them DCC on the way back. Moved on east to "Springettsberry Fire Hall", talked to Barry King about the pending sale of Fred Jester's

inventory in October. Rich found a tunnel for a grandkids project, PVMR got another MRC power pack (one made in USA, remember that??). We stopped at DALLEE on the way back to pick up some display items for NTTM Open House tomorrow (DALLEE, WARDIE JAY & a book signer in the museum, Bachmann, Weaver, Mike's & Lionel in the Atrium) OPENS at 10 AM. Our buds from Smokey Roberts will have the vids on YouTube miraculously quickly. PVMR's Glenn Ritter will have pics to post tomorrow evening. I'll send the link.

Paul Herr & I will be on the NTTM lot at 0645 Wednesday "setting cones", apparently in the rain, before our semi-annual planning breakfast with the rest of the Parking Crew and then back to the lot 'til around 1750.

If you are traveling west thru Gap to York, FUEL UP in GAP. Gas in York was 14 cents a gallon, on average, higher today than in Gap. On the way home Saturday, I'd suggest the Ham & Oyster Supper (we're in the country, folks) at the Gap Fire Hall, a block off of Rte. 30. From 2 PM until out of goodies.

Tomorrows report will be from NTTM, hopefully a DRY NTTM.

York Report (Kinda)

**Posted by: "WJJIM@aol.com" WJJIM@aol.com wjjim2001
Fri Apr 20, 2012 4:56 pm (PDT)**

The sun did not shine on Strasburg on Wednesday, not outside anyway. One of those days, IF you didn't like the forecast, you'd change the channel, BUT, ultimately they ALL blew it. The late AM rain arrived at 0600, I understand it poured for a while in York, we had rain or drizzle or spotty showers or "normal

York Wednesday" weather as the Parking Crew has come to know it. Mr. Herr & I "set cones" starting at 0645, wet then, went to breakfast meeting, wetter, off and on all day.

At least three of the "Crew" are standing down after the October meet, all three of us have done this over 20 times in twelve years, Mike Packi and Paul Herr will have 24 & 23 respectively. I will have my 25th. Parking Crew IS Hiring, contact me.

Smaller crowd than "usual" it seemed at NTTM, presenters were good, well prepared, knew their stuff. "Smokey's Crew" will have vids out soonest, great outfit to work with.

Thursday, many dealers reported doing well or better than they expected, heard some buyers talking about something or other they were able to find to enjoy. Classic Toy Trains has ended their long running button program. BEAUTIFUL WEATHER, BTW.

Friday, more of the same. BEAUTIFUL WEATHER, may be changing for Saturday, MORE of the change the channel forecasts. Attended my first Plasticville Collectors Meeting at noon today, another of those groups with a "twenty-four hour man", John Niehaus.

Gas is STILL cheaper in Gap than anywhere west of there, thru York. My South Jersey buddies (Hank Worrell & Tom Burns, Mike Packi left a day earlier due to illness) were hoping to "get across the bridge" today before they had to fill up. Interesting point, those THREE of the six Parking Crew on Wednesday paid for their own rooms, their own gas and their own food to come to Pennsylvania (from Jersey) and park cars for their fellow members, in the rain. PVMR guys Paul Herr & Howard Taylor round out the Crew, obviously they did the same.

Many of you traveling to York may travel close to Scranton, Pennsylvania. Scranton is located in Northeastern Pennsylvania and was the center of the industrial boom during the late nineteenth and early twentieth centuries. The downtown area of the city has been recently revitalized and there are a number of attractions that family members on their trip to York may enjoy.

They include: The Electric City Trolley Station and Museum, the Anthracite Heritage Museum and Lackawanna Coal Mine Tour and the Steamtown National Historic Site. Steamtown is part of the National Park Service and is located on 52 acres of historic rail yard in downtown Scranton. Visitors start in the Visitor center on the main level where railroad artifacts are displayed. The movie "Steel and Steam" lasts 18 minutes and can be viewed every half hour in the movie theatre on the second floor. The movie is very nostalgic and reminds the viewers both of the important role steam trains played in the building of America and how railroading still has a place in the heart of all Americans.

The tour continues into the history museum where the history of railroading unfolds as you walk along. There is a "Life on the Railroad" exhibit where various jobs from the railroading era are explained as well as an exhibit on railroad stations. The tour continues into the Roundhouse where there are a number of exhibits-both static and active maintenance projects unfolding before your eyes. The exhibits detail how the trains operated - both mechanically and service wise. Steamtown has over two dozen steam locomotives and 70 old freight cars. Some are restored, others undergoing restoration and others in line for work. The park has steam train excursions throughout the year. A schedule is available for the "Short Excursion" and "Cab Ride" as well as longer Pennsylvania countryside excursions. The website for general information is www.nps.gov/steam

Located very close to these attractions is The Mall at Steamtown and several restaurants. Kids (and adults) will enjoy a wiener place called The Coney Island Lunch at 515

Lackawanna not far from Steamtown. The restaurant is filled with old baseball and other local memorabilia and is a fun place to eat.

Before we get too deep into our semi-annual discussion about what's right and what's wrong with "York", please permit me to point out nine facts.

1. The Train Collectors Association is not in charge of "York".
2. "York" is the semiannual swap meet of TCA's Eastern Division.
3. TCA's Eastern Division (organized 1954) comprises most of upstate New York; portions of northeastern and south central Pennsylvania; the District of Columbia; the states of Delaware and Maryland; and portions of Virginia and New Jersey.
4. For most of Eastern Division's history that I know about, their swap meets have been held either in Lancaster PA or York PA. It so happens that both of those cities lie within the territory of TCA's Keystone Division, but those places still seem to be convenient for a majority of Eastern's members.
5. Eastern Division swap meets have become very large and very successful. In recent years, they have attracted most of the major toy train manufacturers and publishers, plus lots of smaller manufacturers and lots of dealers. Because of its size and variety, "York" attracts lots of TCA members from all over the United States and indeed from many other countries. "York" has become so well-attended that several other toy train clubs, including LOTS, have been known to hold their business meetings on the York fairgrounds, simply because a majority of their officers attend the Eastern Division meets.
6. Because of Eastern's great success, many people come to York from far outside the boundaries of TCA's Eastern Division. As outlined in (7) below, they're welcome to attend; however, they may end up spending far more for transportation and lodging than do members who reside within Eastern's geographical region. It's a free country;

each person decides for himself whether he can afford a trip to York and whether it's worth the cost. Personally, for me a York trip involves two nights' motel stay and 800+ miles of driving, and I would LOVE to go if my work schedule would permit it.

7. Every TCA division and chapter honors national TCA membership cards. Any TCA member with a valid membership card can be admitted to any division's or chapter's meet.

8. Each division or chapter of TCA is free to set its own policies, including whether attendees can use cameras and cell phones (Eastern says no; but most other divisions don't prohibit), and whether a portion of the meet will be open to the public (again Eastern says no; but some other divisions do allow it).

9. TCA and its Eastern Division enjoy a healthy symbiosis. Without doubt, TCA benefits from "York" because York motivates new members to join the club. Without doubt, Eastern Division benefits from the rest of TCA because so many York participants come from other divisions, and because TCA's national headquarters are only a 35-mile drive from the fairgrounds. Open house at National Toy Train Museum has become a major attraction of "York week".

All TTMLers are welcome to share their experiences and reflections on "York". As you do, please keep in mind that:

- (a) Eastern Division is the host; all others are guests.
- (b) York is Eastern Division's meet, not a TCA national event. Suggestions for improvement should really be directed to ED's president, Sam Geiser.
- (c) This is a hobby, and the men and women who worked hard to make "York" happen were volunteers who did what they did for love of the hobby.

For those who never been to the baseball stadium at York or Lancaster too, I highly recommend it, the ballpark is better than most minor league stadiums, great food, as York is an independent team with many

ex- major leaguers. This is a spring York option.

Also, take a walk on the York Rail Trail, wonderful. Also in New Freedom PA is a wonderful train museum in a RR station run normally by 81 yr old Mr. Neal and his wife. Mr. Neal loves trains; he worked with CSX for 43 years, has HO but really loves AF over Lionel. There is no train layout just a small but nice museum in a train station. New Freedom is south of York, down I-83, as it is on the York Rail Trail. There is no train layout just a small but nice museum in a train station. You can not miss the station as it is so small, the town. Once you cross over some RR tracks, there is public parking and the station is right there. You can not miss it.

here are two cabooses, use to be three, a neat painted mural on a produce canning plant, a very old closed down hotel/restaurant from 1903 or so, and some train cars in ruins.

Have a bike? Bring, as the ride is wonderful on the trail.

<http://www.yorkcountygov.gov/Parks/RailTrail.htm>

The trail has two distinct styles of milepost markers: Large white posts with black lettering are historical markers used by the Northern Central Railroad, and more numerous green posts with white lettering. These posts indicate actual mileage from the origin of the Northern Central Railroad, the Baltimore, MD station. Trail Distances from the Maryland Line. The park is open year round, 8 am until dusk, and is patrolled by York County Parks Rangers. Park regulations are posted at each parking lot. The Museums are open May thru October.

Three additional historic structures are on the trail: Hanover Junction, New Freedom train stations and Howard Tunnel, oldest continuously operated railroad tunnel in nation. The new web address listed above has links to the structures, directions to the various parking lots, maps, and regulations. Please check it out.
