TCA 75-7578

Visit Pennsylvania! Yes, the sun is creeping north and spring is on its way. It is time to start planning our year's travels. So, why do I sound like a travel agent? Mainly because I suspect a large number of TCA members have never been to Strasburg to visit our Museum and Library.

When the headquarters building was proposed many years ago, it was quite controversial. But over time and with many upgrades, expansions, and improvements, it has become not only a fixture in this part of Pennsylvania but for all members. Despite all of our business functions being based out of headquarters, if you have never had the chance to visit, you will have no way of knowing the resources it offers folks interested in toy trains—of all eras and scales.

Why visit Pennsylvania? First, because as a TCA member, you are probably interested in trains!!! And there is probably no greater concentration of real, historic and model train resources in the country than in Pennsylvania. And here are just a few of those I am familiar with!

- Horseshoe Curve
- Allegheny Portage National Railroad Historic Site (Google this, it is absolutely fascinating)
- Altoona Railroaders Memorial Museum
- Roadside America—perhaps the granddaddy of all model railroad exhibits

- Gettysburg station - where Lincoln spoke
- Steamtown and the Electric City Trolley Museum
- Miniature Village in the Carnegie Science Center
- Pennsylvania Trolley Museum
- New Hope and Ivyland Railroad

Then there are those in the York, Lancaster and Strasburg area itself:

- Pennsylvania Railroad Museum
- Strasburg Railroad
- Red Caboose Motel
- ChooChoo Barn model railroad
- Steam into History historic train rides

My point? As you plan this year's travels, look into a Pennsylvania trip. In addition to railroad activities, you will find history and towns dating from before the Revolutionary War. We all should visit Gettysburg. There are the wonderful, hospitable Amish and Mennonite people. And venues where folks come from across the country to browse collectibles.

When you're here, **stop number one** is the National Toy Train Museum and National Toy Train Library. Without actually visiting, it will be hard to imagine what awaits you. The Museum houses not only displays of historic trains and manufacturers, but operating displays from HO to Standard gauge—all running for you. Interested in toy and model train publications? Our Library is simply the world's greatest repository of that type of literature. With a full-time staff to help you, there probably isn't an inquiry you could make that would not be answered.

Whether it is a visit to the Museum in conjunction with a trip to the York train show or a special vacation trip, see Pennsylvania this year—and come visit us in Strasburg!

## READER CONTEST

Here is what you saw in January's photo → **The kid:** No need to guess! **The year:** 1949 (not asked). **The set:** 1948 Lionel #1429WS—2026 loco, 3451 operating log car, 6454 NYC boxcar, 6465 Sunoco tank car, 6357 caboose w/1033 transformer. **The accessories:** 156 platform, 145 or 45 gateman, 76 bell shack (The bell shack came with an orange roof, so it would look different in grayscale than the 45 or 145). And finally: **The structure** is from a bottom-of-the-line Erector set (it is tilted because the set only had two long pieces, so the kid mentioned above used shorter pieces that didn't quite match for the other legs).

And for the winners of our previous contest—drumroll, please—Gordon Wilson (TCA 76-10233) and Ed Bianchi (TCA 90-31903)! Congratulations to both of you! Our thanks also go to the following members for their responses: Richard Fair, Michael Pagliarulo, Dale McClure, Tom Moe, Augie Staebler, W. Floyd Nichols, and Mark Boyd.

*The first quiz was on Marx, then Postwar Lionel—now it's Prewar Trains! ① The above shot was taken around 1997, when Desert Division hosted our first National Convention in Phoenix. Just list the names and numbers of as many accessories as you can identify from the photo! As usual, email your answers to: [mjatonna@gmail.com](mailto:mjatonna@gmail.com)*

# 2019-2020 TCA ANNUAL APPEAL

Greetings TCA Members!

First, we want to sincerely thank everyone who contributed to any of our previous Annual Appeals. Your generosity is much appreciated, especially during the tough economic times many of us have faced in recent years!

In fiscal year 2018-2019, TCA raised over \$35,000 for the Annual Appeal—which came from generous members like you! We are very grateful to each of you who made a donation. With your help, we have been able to accomplish so much this past year!

This is TCA's Twelfth Annual Appeal! You, our members, are challenged this year with a goal of \$30,000 for TCA. This is a yearly opportunity to donate and runs from July 1, 2019 until June 30, 2020. Some of you have already contributed to this year's Appeal, and again, we thank you for your support! The income received from this year's Annual Appeal will be used solely to supplement the General Fund to help defray the cost of member benefits. As we all are experiencing, the TCA's needs continue and the budget grows even tighter. It is the intention of the Association to maintain all the current benefits of membership, and add to them if possible. Your donation will help make this goal a reality.

Please think about why you joined the TCA and what you have personally received from that membership. The TCA is 100% committed to preserving this pastime and sharing this special hobby we all love with future generations, but we need your support. **Every donation** will help us meet the \$30,000 challenge. With your help, we **CAN** do it, and exceed our expectations!

Sincerely,

Peter Atonna

# HELP WANTED

The **National Toy Train Museum (NTTM)** is looking for members who can help with the re-appraisal of their current collection. **So, we need you!** You must be able to complete and return the appraisals no later than **April 30, 2020**.

Please contact Carol McGinnis if you can help! Send your name, email address, and phone number—along with a list of your manufacturers of expertise—to Carol at:

[Carol.McGinnis74@verizon.net](mailto:Carol.McGinnis74@verizon.net)

If you have any questions, you can also email them to Carol, or contact her by phone at 410-336-8522. Thank you for helping our wonderful Museum keep its records up-to-date!

**National Business Office Hours:** 8:30 a.m. – 4:30 p.m., Monday – Friday. When contacting the National Business Office for any reason, please have your TCA number handy for quicker reference in our database.

**Reference Library Hours:** Please call ahead to confirm hours before visiting (717-687-8976, ext. 108). We look forward to hearing from you!

**Current Dues Structure:** \$50 for yearly membership; \$2 for family member cards; \$20 to mail your *National Headquarters News* First Class in an envelope.

**Remember, TCA is one of the Charities you can select when making purchases on Amazon. Every little bit helps!**

## In Memory Of

*In this space, we are honored to pay our respects to TCA members who have recently passed away and are "riding the heavenly rails."*

*If you know of a member's passing that hasn't yet been featured here, please provide the details so we can both update our records and inform their fellow TCA members.*

# Metropolitan Division's 2019 Retirement Party

By Kevin J. Quinn, METCA President, TCA 98-47167

On October 12, 2019, the Metropolitan Division held its very first retirement luncheon. The honorees were Rem Hunnewell, Bob Amling and Larry Laskowski. The venue for this historic occasion was right in the heart of METCA—Grand Central Terminal (GCT). Being that METCA is sort of partial to Italian restaurants, it's only right to have this event at an excellent venue: Cipriani Dolci. The food and service were *molto bene*. The beautiful Grand Central Terminal was a great setting for this historic event—no better way to say "thank you" to three friends who have dedicated themselves to bettering the METCA Division. These excellent "TCAers" have amassed 111 combined years of membership in our great organization and 27 combined years of service as METCA officers. Their dedication to METCA and our great hobby is second to none. I speak for the division when I say how proud we are of them. Their work and accomplishments over the years have helped make METCA one of the finest divisions in TCA.

Larry Laskowski: Larry has 28 years in TCA, and has served as a director since 2009. He has mostly represented our interests on Long Island. Has written many articles and columns, most notably for the Long Island Sounds in our newsletter, *The Waybill*. Larry served other train clubs on Long Island, such as Central Operating Lines, promoting TCA all the while. I thank Larry for his dedication and service to METCA and the hobby.

Bob Amling: Bob has 39 years in TCA. Bob joined METCA in 2007 when we were rebuilding the division. Bob was instrumental in spear-heading our first show in the Five boroughs. He went on to run seven more shows in Brooklyn and Queens. In 2010, Bob became our secretary and was instrumental in computerizing our records, setting up eBay and PayPal accounts, handling our membership database, and making our email and electronic *Waybill* distribution more efficient. Bob also secured several important donations for our kid's club. Without Bob's efforts and dedication to the division, we would not be where we are today. I thank Bob for his service as a METCA officer.

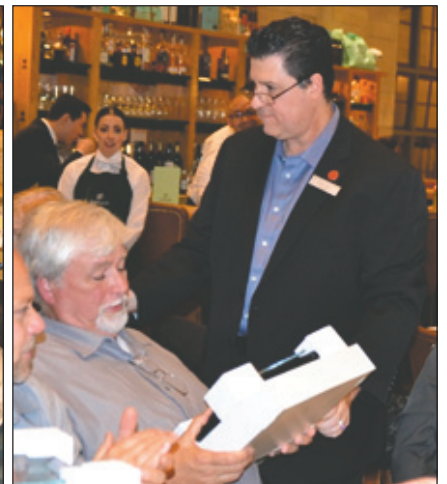

Rem Hunnewell: Rem has 44 years in TCA, and has been a METCA member since 1975. Rem has been around for awhile, and has seen the highs and lows of the division. In the early 2000s, Rem was instrumental in the rebirth of the division. He served as the secretary for a few years before serving as a director. Rem and Bob worked together to improve our computers and membership database. Rem rewrote our bylaws. He was our first Garfield show chairman when we returned there in 2006. Rem served on various committees and ran our pits at the convention in 2015. Rem also received our very first "METCA Member of the Year" award. Rem's dedication to METCA was second to none. I thank Rem for all his years of service and dedication to the division. We would not be here if not for his efforts.

The paragraphs above are just a sampling of what good they did for METCA and the hobby. As we all know, there are many small tasks that need to be done every day in running a division that often go unnoticed. But we at METCA appreciate and recognize them. Though these three men are retired as officers of METCA, that does not mean they will be going away. They are staying as members and will always be available to help us out.

It was an honor to present these three officers with their plaques, photos and certificates at this historic event in GCT. The Metropolitan Division would not be as great as it is without them. Gentlemen—Thank you again for all your years of membership and service to the greatest train organization in the country!

**To the right, the honorees receive their well-deserved kudos from Kevin**

As all of you are aware, the Modern Era is a somewhat neglected area of our collecting. While the Standards that are currently in place cover mainly the physical appearance of our trains, the Modern Era items now have electronics and other unique mechanisms that need to be recognized when grading.

After careful consideration to be certain that we include these aspects, your Standards Committee has developed a set of Operational Standards. They are written so that the sophisticated operation of the current trains can be graded properly, but they are also to be used for all toy trains. Below is a brief description as well as the adopted and approved "Operational Standards."

## OPERATIONAL STANDARDS (OS) FOR MODEL TRAINS

**TESTED:** Has the piece (locomotive, accessory, operating car, switch, etc.) been tested in an environment designed to demonstrate its optimal inherent operability?

**OPERATIONAL:** Does the piece (locomotive, accessory, operating car, switch, etc.) operate or not?

**PERFORMANCE:** Do the operable components of the piece (locomotive, accessory, operating car, switch, etc.) perform as the manufacturer intended or not?

**MAINTENANCE:** Would adjustments, cleaning, lubrication and/or on-going maintenance remedy any sluggishness or intermittent operation of the piece (locomotive, accessory, operating car, switch, etc.)?

**REPLACEMENT:** Would replacing non-operating or compromised components return the piece (locomotive, accessory, operating car, switch, etc.) to a satisfactory functional status?

**JUNK:** Is the piece (locomotive, accessory, operating car, switch, etc.) beyond cost-effective repair?

As used here, the term "operational component" is understood to refer to "an aspect of a piece (locomotive, accessory, operating car, switch, etc.) that produces, provides or causes to happen some measurable operation of that piece." The "aspect of a piece" can be a truck, a coupler, a motor, a set of drive wheels on a locomotive, a forward-and-reverse control, lights or lamps, an E-unit, a chuff-chuff function on a steam locomotive, a whistle/horn/sound system, a smoke unit, a pick-up assembly, an electrical mechanism, a conveyor belt, a hand-turned crank wheel, and so on.

## OPERATIONAL STANDARDS

**FULL OPERABILITY (OS-5):** All operational components of the piece function as described by the manufacturer or as found in available documentation.

**LIMITED OPERABILITY (OS-4):** All operational components of the piece function, but there is a limited, intermittent, or sluggish condition noticeable; adjustment, cleaning, lubrication or maintenance is required to bring the piece to **FULL OPERABILITY**.

**PARTIAL OPERABILITY (OS-3):** One or more than one operational component of the piece do not function; replacement of parts, either mechanical or electrical, is required in order to restore operability; at least one operational component in the piece must be functioning properly to be described as **PARTIAL OPERABILITY**.

**NO OPERABILITY (OS-2):** None of the operational components of the piece function properly; might be relegated to "parts only."

**UNKNOWN OPERABILITY (OS-1):** The operation of the piece is not known; the current owner either has no way in which to test it or is unfamiliar with proper operational characteristics.

## ENDOWMENT FUND:

## HELPING BUILD

## TCA'S FUTURE

During a December meeting of the National Board of Directors, the Board adopted a resolution which amended the TCA Rules and Regulations to establish three levels of Heritage Membership—Silver, Gold, and Platinum.

Under the amendment, the following plans will apply to new members:

### SILVER MEMBERSHIP

60 years of age and older with a \$1,000 contribution, \$500 going into the dues reserve fund and \$500 going into the Endowment Fund

### GOLD MEMBERSHIP

60 years of age and older with a \$2,500 contribution, \$500 going into the dues reserve fund and \$2,000 going into the Endowment Fund

### PLATINUM MEMBERSHIP

60 years of age and older with a \$5,000 contribution, \$500 going into the dues reserve fund and \$4,500 going into the Endowment Fund

The rationale behind this plan is to afford those who wish to make larger gifts to the Endowment Fund to do so. Our hope is that this plan will result in larger contributions to the Endowment Fund, which will enable us to secure the future of the TCA Museum and Library. The new program will be rolled out in April 2020 and will be advertised in the May issue of the *National Headquarters News*. New members to the program will receive membership cards, and the color of the card will reflect their contribution level. Also, there are plans to have special events at conventions and York meets for the Gold and Platinum level members.

Another action taken by the Board was the removal of the requirement of 20 years' continuous membership in the TCA prior to being eligible for membership in the Heritage Membership Program. This requirement is in the National Bylaws and will require a membership vote prior to the removal of the 20-year membership requirement. That vote will be resolved in April, so if the amendment passes, the only requirement will be to be a member in good standing over the age of 60.

Additional information will be disseminated on this membership opportunity after the vote has resolved in April, so stay tuned. In the meantime, keep the Endowment Fund in mind when you are making contributions to the TCA. The Endowment Fund is our place to ensure the continuation of our Museum and our Library, as well as other historical and educational activities.

#### FOR MORE INFORMATION:

For more information on supporting TCA through a planned gift, please contact TCA Headquarters Staff at (717) 687-8623. TCA is a fully qualified 501 (c) (3) charitable organization under IRS regulations. Donations are tax-deductible to the fullest extent provided by law.

### Library Intern

We are pleased to have a new intern working at the National Toy Train Library during the Spring semester, from January to May of 2020. Ann Burt is an undergraduate student from Millersville University. She is pursuing a Bachelor of Arts degree in History, with an anticipated graduation date of May 2021. Ann has previous experience working as a volunteer at the Little Museum in Sterling Run, Pennsylvania, as well as an interest in toy trains. Library interns do research, catalog items, process donations, organize files, create displays, and more. Welcome aboard, Ann!

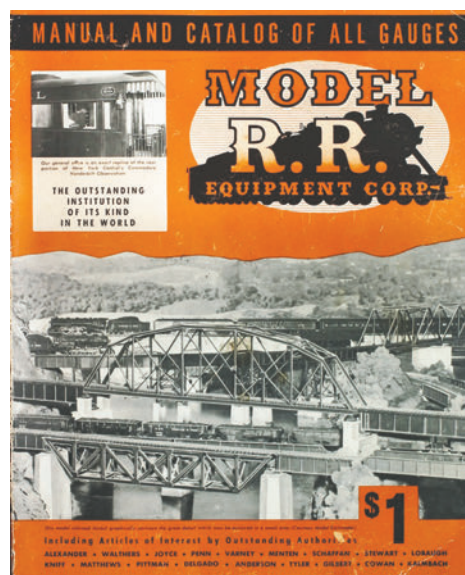

### Mobile Shelving

This past winter, the National Toy Train Library began a major project to enhance its storage capabilities. The seven fixed shelving units located along the back wall,

which housed the periodical collection, are being replaced with eleven mobile units and two stationary shelving units. To prepare for the installation of the new mobile shelves, library staff temporarily packed up and moved over 60 boxes of periodicals. Once installed, the mobile shelving units will nearly double the library's periodical storage capacity. The project is expected to be completed prior to the reopening of the museum on April 4, 2020. Finally, the National Toy Train Library would like to thank the volunteers and TCA members who donated their time and financial resources to make this project a reality. Without your generous support, library improvements would not be possible.

### Carmen Webster and the Model Railroad Equipment Corporation

In honor of Women's History Month, we are highlighting the contributions Carmen Webster made to the world of toy and model trains. A recent addition to our collection is a 1950 manual and catalog published by her company, the Model Railroad Equipment Corporation. She is remembered for her wonderful train store in New York City as well as her tireless promotion of the hobby. To learn more about Carmen Webster, check out Roger Carp's article, "Carmen Webster Knew Model Trains," in the November 2006 issue of *Classic Toy Trains* magazine.

### ⇨ HEY S GAUGE PEOPLE ⇩

I want to hear from you. Based on the sales quantities of our recent S Gauge convention car offerings, it looks like we could do a better job of designing cars that you want. Here's your chance to tell us what you're looking for in an S Gauge convention car. Is there a particular S Gauge manufacturer you prefer? Is there a particular S Gauge body style you prefer? Do multiple road numbers appeal to you? That kind of stuff.

Go ahead, fire off an email to [lionelllc@hotmail.com](mailto:lionelllc@hotmail.com) and let me know what's on your S Gauge mind. Please keep in mind that our hands are tied regarding many aspects of production, but if I get one or two suggestions that we can actually incorporate into production, that will help direct our 2022 convention car offering...or lack thereof!

A quorum was present.

The minutes from September 4, 2019 were approved as submitted.

Motion by Joe Fanara: I move that the Board of Directors approve forwarding to the Membership the following Amendment to the TCA Bylaws Article III, Section 2, Classes of Membership H, to be amended by deleting the following words from the second sentence: "have 20 consecutive years in TCA." Motion passed 22-1.

Motion by Joe Fanara: I move that TCA Rules and Regulations Section 200-4 be amended by substituting the following wording for the current wording: D Heritage Membership shall be divided into three (3) classes having the charges as set forth after the class name: Silver level - \$1000, \$500 of the Silver membership fee going to the TCA Endowment Fund; Gold level - \$2500, \$2000 of the Gold membership fee going to the Endowment Fund; Platinum level - \$5000, \$4500 going to the TCA Endowment Fund. All classes of Heritage Members shall pay no annual dues. Motion passed unanimously.

President Atonna asked for affirmation to appoint Newton Derby (HM 78-12710) Chair of the Special Opportunities Exploration Committee to replace a committee member who has resigned as Chairman. The Board approved this appointment by a vote of 19-4.

Meeting adjourned at 7:44 PM EST.

Respectfully submitted,

## MINUTES – BOARD OF DIRECTORS TELECONFERENCE #2

December 5, 2019

An Emergency Board of Directors Teleconference was held on December 5, 2019, beginning at 7:45 PM EST.

The meeting was called to order by President Peter Atonna.

Guests – Tammy Hersh, National Business Manager; Jay Zschau, Endowment Committee Chair; Wayne Sheriff, Rules and Regulations Committee Chair; John DeSantis, Strategic Planning Committee Chair; Jim Burke, Strategic Planning; Carl Abinanti and George Starz, Fort Pitt Division. A quorum was present.

After review by the Rules and Regulations Committee, a proposed amendment to Rule 1600-2: Business Office Manager (#16 from the June Board Meeting) was made. The proposed amendment contained numerous changes in the wording and structure of Rule 1600-2 of the Rules and Regulations. The Board took three votes on this. First, an amendment to the heading of Item #4 was made to strike out the word “Full-Tie” so the heading reads “Employee Positions”. This passed 22-2. Second, the Board voted to substitute as a whole the new words rather than voting on them one-by-one. This passed 17-6. Third the Board voted to approve the revised amendment to Rule 1600-2. This motion was defeated by a vote of 18 – 6.

The next business was a recommendation from the Executive Committee regarding the website development and rebranding efforts. This recommendation was discussed. Motion by Rupert Campbell: I move that we direct John DeSantis, Jim Burke, and Jay Zschau to continue their work on website development and rebranding, and report to the Board of Directors by mid-April. Motion passed 15-9.

As part of his job as Chair of the Internet Committee, Chris Allen is the Coordinator for Electronic Voting. As he is a candidate for office, he has asked to be relieved of that part of his duties and have Joseph Lechner chair the Voting Part of that Committee from now until voting is completed. Request granted.

As a matter of concern from the June BOD Meeting, Chris Allen announced that he has indeed been reelected as President of the Desert Division, and the Desert Division Bylaws have been amended to change the terms of office to be in compliance with TCA National, with the elected officers serving until June 30, 2021, rather than the calendar year.

Meeting adjourned at 9:49 PM EST.

THIS IS A TRUE AND CORRECT COPY OF THE MINUTES THAT ARE ON FILE IN THE OFFICE OF THE NATIONAL SECRETARY AND THE NATIONAL BUSINESS OFFICE.

by Bruce Greenberg

I was given a wonderful opportunity to compare two excellently preserved examples of Sears Outfit No. 59-79F: Bob Isett's 1940 59-79F—See page 16 of the January 2020 issue of the *National Headquarters News* (NHN)—and Bob Austin's 1939 version, shown here.

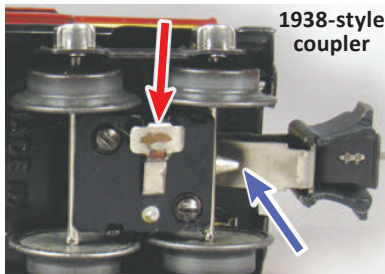

For background, I reviewed the features of Outfit 187W shown in the 1938 Lionel catalogue. The rolling stock included the gunmetal 238E Pennsylvania Torpedo Locomotive and 2225W Tender, green 2653 Coal Car, silver Sunoco 2654 Oil Car, cream 2655 Box Car and red 2657 Caboose. The 1938 freight cars were equipped with aluminum plates, nickel journals, and the new 1938 automatic coupler shown below.

Both the 1939 and 1940 Sears outfits are numbered 187WX and Sears No. 59-79F. The "X" indicates that the outfit differs from the catalogued outfit. How do they compare? Austin's 1939 outfit shares the gunmetal locomotive and tender, green coal car, and cream box car as shown in the 1938 catalogued outfit, including 1938 couplers and nickel journals. This equipment is likely leftover 1938 stock. Two freight cars, the 2654 Oil Car and 2657 Caboose, have 1939 couplers and blackened journals. The cars are shown on the right. As shown on the right, the 2654 is now an orange Shell oil car rather than a silver 2654 oil car.

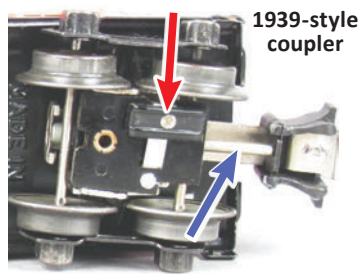

Isett's 1940 outfit has a black-painted 238E locomotive, rubber-stamped lettering, and 1940 solenoid couplers on three of the four cars. For more details, please see the January 2020 NHN.

The 1939 Sears Outfit 187WX No. 238E Locomotive was painted gunmetal (above). In the 1940 Sears outfit, the locomotive was painted black. (See page 16 of the January 2020 NHN.)

1938-style coupler

1939-style coupler

The Sears (Austin) 1939 outfit includes cars with 1938 couplers and 1939 couplers. On the left is the truck of the Sears 1939 2655 Box Car, which came with a 1938 pickup and a visible leaf spring (red arrow). The coupler is opened (tilted up) by the 1938 funnel-shaped electromagnet (blue arrow).

On the right is the truck of the Sears 1939 2657 Caboose with its 1939-style pickup shoe (red arrow) supported by a visible leaf spring riveted to the phenolic base of the solenoid mechanism. The rod of the solenoid mechanism (blue arrow) pushes against a plate at the rear of the coupler tilting the coupler up.

In Sears' 1939 Outfit 187WX, the 2653 Coal Car, 2655 Box Car, 2654 Oil Car, and 2657 Caboose have aluminum identification plates, as did the cars in the 1938 Lionel catalogue Outfit 187W. Two cars in Outfit 187WX, the 2653 Coal Car and 2655 Box Car, have 1938 couplers and nickel journals. Two cars, the 2654 Oil Car and 2657 Caboose, have 1939 couplers and blackened journals. (See cars above and coupler photograph on left.)

In Sears' 1940 Outfit 187WX, the 2653 Coal Car, 2655 Box Car, and 2657 Caboose have rubber-stamped lettering while the 2654 Oil Car (likely leftover 1939 stock) has aluminum plates. (See the January 2020 NHN.)

I'm sure you noticed that this issue of the *National Headquarters News* came in an envelope—and you probably noticed this message written in large, bold letters:

**National election ballots enclosed. Please fill out and mail your vote today!**

Was this message for YOU? The answer is, no matter who or where you are—yes, it was!

Whether you're from the East Coast, the West Coast, the South, the North, America's Heartland, or overseas, we need your VOTE! Whether you joined TCA in 1960 or 2020—we need your VOTE! Whether you're into Modern, Postwar, Prewar, or anything that runs on track—we need your VOTE! Whether you've never been to see us in Strasburg or it's your favorite place to visit—we need your VOTE! Whether you've played with trains all your life or you recently discovered (or re-discovered) them as an adult—we need your VOTE! Whether you're a collector, an operator, a collector/operator, or an operator/collector—we need your VOTE!

Do you get the picture, yet? Whatever demographic groups you represent, please take the time to fulfill your civic duty (or at least your "TCA duty") and help decide the future of our organization.

Please read the candidate biographies and the descriptions of the TCA Bylaws proposals in the election booklet that came in the envelope with this *Newsletter*. Decide who and what you want to vote for. If you have signed up to vote online, you will get an email around March 1 telling you how to place your vote. If you haven't signed up to vote online, fill out the paper ballot inside the election booklet, affix the proper postage, and send it in that way.

We appreciate in advance the time and effort you all spend to help TCA remain a great organization!

## MINUTES—EXECUTIVE COMMITTEE TELECONFERENCE December 10, 2019

An Executive Committee Teleconference was called to order by President Peter Atonna at 5:30 PM EST.

**Attendance:** Peter Atonna, President  
Jim Potts, President-Elect  
Stu Rankin, Vice-President  
Christie Wilson, Secretary

Rick McKenny, Treasurer  
Chris Allen, Desert Division President  
Rick Dunn, Pacific Northwest Division President  
Russ Keil, Atlantic Division President

**Guests:** Jim Williams, Parliamentarian; Rupert Campbell, Immediate Past President; Larry Thomas, President, Rocky Mountain Division; Tammy Hersh, Business Office Manager.

The minutes from November 26, 2019 were accepted as distributed.

Bylaws as submitted by Midwest Division and Rocky Mountain Division were discussed. Motion by Chris Allen: I move to refer Midwest and Rocky Mountain Division Bylaws to the Rules and Regulations Committee for further review and recommendations. Passed unanimously.

Discussion ensued regarding a job description for the Bookkeeper/Accountant for TCA pursuant to Carol Bair's retirement after more than 30 years of service to TCA. Treasurer Rick McKenny and Business Office Manager Tammy Hersh will work out the details of what is needed, including title, job qualifications, and whether the job will be part-time or full-time. They will report back to the Executive Committee at a future date with a proposal.

Meeting adjourned at 6:34 PM EST.

Respectfully submitted,

## MINUTES—EXECUTIVE COMMITTEE TELECONFERENCE January 2, 2020

An Executive Committee Teleconference was called to order by President Peter Atonna at 7:02 PM EST.

**Attendance:** Peter Atonna, President  
Jim Potts, President-Elect  
Stu Rankin, Vice-President  
Rick McKenny, Treasurer

Chris Allen, Desert Division President  
Rick Dunn, Pacific Northwest Division President  
Russ Keil, Atlantic Division President

**Guests:** Rupert Campbell, Immediate Past President; Tammy Hersh, National Business Manager; Wayne Sheriff, Rules and Regulations Chair

President Peter Atonna announced that the Heritage Railroad District rezoning plan will be placed on the January agenda for the Paradise Township Council to vote on.

The minutes from December 10, 2019 were accepted as submitted.

President Atonna turned the floor over to Rules and Regulation Chairman Wayne Sheriff who explained the updated Rocky Mountain Division Bylaws being presented for approval. Several members voiced concerns that some of the language still present in the Division Bylaws is not consistent with National TCA Bylaws.

Motion by Stu Rankin: I move to approve the Rocky Mountain Division Bylaws as submitted. Motion defeated, 0 yea, 6 nay

President Atonna and several Executive Committee members asked Chair Wayne Sheriff to relay to Rocky Mountain Division President Larry Thomas and the Rocky Mountain Board of Directors to address their concerns to clarify and/or remove the language in question. It was also requested that the Division reconsider aligning their election cycle to match TCA Nationals so the President of Rocky Mountain Division would be eligible to be a member of the Executive Committee.

With the pending retirement of current TCA bookkeeper, Carol Bair, President Atonna turned the floor over to Treasurer Rick McKenny and National Business Manager Tammy Hersh. Mr. McKenny reported that the job description was updated to reflect current TCA business needs, the job title changed to Accountant, and proposed starting salary ranges. Ms. Hersh reported on staffing concerns to retain the position as full-time and that the job would be posted on a professional Accountant job search website. Discussion followed.

Motion by Rick Dunn: I move to approve the job description of TCA Accountant. Motion passed, 5 yea – 1 nay  
President Atonna instructed Ms. Hersh to post the job vacancy with the time frame to have the position filled by mid-March so Ms. Bair can transition her replacement. Jim Potts requested the candidate interview team consist of Tammy Hersh, Rick McKenny, and Russ Keil. All agreed.

President Atonna reported that after consulting with Public Relations and Marketing Chair, Jay Zschau, the contract for the Social Media Facebook page was not renewed. The committee is currently reviewing other

options and will present them to the Executive Committee at the April York meeting. President Atonna also reported that the coordination of the TCA Social Media Facebook page has been turned over to the National Business Office. Ms. Hersh stated that neither she nor anyone on her staff had any marketing experience, but that they would do the best they could under the circumstances.

Meeting adjourned at 8:19 PM EST.

Respectfully submitted,

# TCA BRICKS

## Revamped for our Seventeenth Year!

### Same Cost To You—With New Options!

Sometimes, technology gets a bad rap. It's a tool, and like all tools, it can be used well or poorly. But sometimes, it can improve the way we do things. Our new brick manufacturer can produce more durable bricks that have more options, all at the same \$100 cost as before! Below are some of the highlights.

#### MORE SPACE & MORE OPTIONS!

We can now produce train-related images and signage, as well as the TCA logo. And while you could use up to 26 characters on previous bricks, with the new method we can print up to 60 characters on bricks without clip art and up to 30 on bricks with clip art!

#### REPLICA BRICK

For only \$16.95, you can order a 3" x 1.5" replica of any full-sized 4" x 8" brick you purchase to be installed at the Museum. *Cost of replica bricks is not tax-deductible.*

#### PAYMENT IS TAX-DEDUCTIBLE!

Payment must accompany the order form, and can be made by check, money order, or credit card. The TCA is a nonprofit, tax-exempt organization, so each \$100 contribution to our brick program is fully tax-deductible.

# TOYS TRAINS AND OTHER OLD STUFF

VINTAGE TOY SPECIALISTS

## LIVE / ONLINE LIONEL PREWAR AND POSTWAR O GAUGE TRAINS MARCH 6 & 7, 2020 • 10 AM EST • 1951 W Division Rd, Fowler, IN 47944 DOORS OPEN AT 8 AM • INTERNET BIDDING STARTS FEBRUARY 21

The Friday session will consist of many vintage and modern pieces to include brass, plastic and diecast. There are craftsman kits, ready-to-run trains, and brass locomotives that are sound- and DCC-equipped. Many trains and accessories will be sold to the live bidders in-house after the catalogued session is complete.

The Saturday session will consist of an incredible one-owner collection of prewar and postwar Lionel O gauge trains, most with original boxes, primarily higher-grade pieces with many fantastic pieces and factory sets to include 1517W, 1479WS, 2255W, 1407B, 2124W, 1523, 2103W, 2289WS, 2239W, 8101W, 750, 1433, 1520E X, 2247W, 2259W, 2190W, 2257WS, C-503WS and 11500, plus Western Pacific, New York Central and Santa Fe F-3 units with boxes or in sets, a Presidential set and many other sets and individual pieces of rolling stock. A fantastic selection of boxed prewar trains to include a 763E and 2226W tender, semi-scale freight cars in original boxes, 228 semi-scale switcher and tender in original boxes, Blue Comet set, boxed 5224E red top Flying Yankee set, plus much more. This is the finest train collection that we have ever offered at auction to this point and only the second of four or possibly five sessions.

Live bidders shall pay a 10% buyers premium, online bidders shall pay a 15% buyers premium, shipping is then added to the invoice, a 3% convenience fee shall be applied for credit or paypal payments on top of the entire invoice.

We are always accepting consignments for future sales. Even though we have a full schedule ahead of us, don't hesitate to call us with any vintage toys, to include trains, models, action figures, comic books, pre-1980 Barbies, Star Wars, slot cars, diecast, cap guns, play sets or anything else childhood-related that you may have. We can always add more to a scheduled sale or schedule one specifically for you in the future.

*The TCA does not guarantee either the conditions or the authenticity of auction merchandise. The merchandise must be trains, toy trains or train-related items. Any disagreement between any parties will not be adjudicated by the TCA. It is strongly recommended that any potential bidder of items offered at auction personally inspect the material prior to the auction.*

# MAKE TRAX 2020 TCA NATIONAL CONVENTION TO JAX

## JUNE 21 TO JUNE 28, 2020

The TCA's Southern Division and the North Florida Village Collectors Club (a member of the National Council of 56 Clubs) invite you join us in Jacksonville, Florida, for a first-time event—a joint Convention/Gathering of TCA members and Department 56 Collectors! Combine a love of Trains and Dept. 56 with an opportunity to visit Florida's "First Coast," where you can experience a different side of Florida, combining both relaxation and adventure, and you choose just how active you want to be. Enjoy our 22 miles of beaches, extensive park system, world-class fishing, historic neighborhoods, vibrant street arts scene, creative coastal cuisine, delicious craft beer, vibrant nightlife and so much more!

### 2020 National TCA Convention Hotel Hyatt Regency Jacksonville Riverfront

225 East Coastline Drive, Jacksonville, Florida 32202

**(904) 588-1234** TCA RATE: **\$140/NIGHT** + TAXES

To get the TCA rate online, go here: [bit.ly/TCARate](http://bit.ly/TCARate)

The Hyatt Regency is a four-star hotel in the heart of Jacksonville, close to numerous attractions such as the historic Art Deco Florida Theatre, the Museum of Modern Art, the Cummer Museum of Art and Gardens, the Museum of Science and History (MOSH), and the breathtaking Friendship Fountain. It is also near numerous restaurants including Morton's Steakhouse (in the hotel), Cowford Chophouse—a block from the hotel in an elegantly restored historic bank building with a rooftop bar that has spectacular views of the St. Johns River and iconic Main Street bridge, Intuition Ale Works (excellent food and taproom), and many others to cover just about every type of cuisine and taste.

Hotel amenities include a business center and spacious rooms featuring iPod docking stations and flat-screen televisions with cable and a variety of

entertainment options, hairdryers, an in-room safe, and complimentary wireless and wired internet access. Between events, enjoy some of the multitude of tours we have planned or take a swim in the outdoor pool, work out in the fitness center or rent bicycles to explore. If bicycles aren't your thing, the hotel also operates a complimentary shuttle that will take you anywhere within a three-mile radius. For anything beyond that, taxis, Uber and Lyft are widely available as well as the hotel's limo/town car service.

**We need several benefactors to donate high-end items to include in our silent & live auction events. Please contact Fred Gorbell ASAP to arrange your tax-deductible gift: 904-654-5258.**

**Be sure to visit the SD website ([tcasoutherndivision.org](http://tcasoutherndivision.org)) to order your souvenir D56 water tower—While supplies last!**

### How do I get to Jacksonville?

**Arriving by plane?** Jacksonville International Airport (JAX) is just 15 miles (20-30 minutes) from the Hyatt. JAX is a relatively small airport with two terminals but is served by nine major airlines as well as several regional carriers. Taxis, Uber and Lyft are all readily available and an inexpensive way to get to the hotel. East Coast Transportation is the Hyatt Regency Jacksonville Riverfront's exclusive ground transportation provider. Their services include airport shuttles and private cars. For more information, reservations, or group rates, please call 904-722-9494.

**Arriving by train?** Jacksonville's Amtrak Station is about 6 miles (15 minutes) from the Hyatt. Taxis, Uber, and Lyft are all readily available here as well. See above for group transportation options and/or reservations

**Driving?** I-95 runs north and south through downtown Jacksonville and I-10 begins its east/west route in downtown Jacksonville, so no matter what direction you are coming from the Hyatt is easy to find. Less than two miles from I-95 or 5 miles from I-10, the Hyatt is located on the Saint Johns River and is adjacent to a city owned parking garage with plenty of space. Parking for hotel guests is \$15 per day and will be charged to your room. Garage clearance is 6'7" and nearby parking is available for oversized vehicles, trailers, etc. Valet parking is also available.

### What to see and do

Jacksonville is the largest city by land area in the continental United States. With more than 840 square miles within its jurisdiction, Jacksonville has everything from beaches to golf, history, culture, and the largest urban park system in the country. Be sure to check our tour options, particularly two tours we expect to fill up quickly, numbers 32 and 33—the Day in St. Augustine and the ride on the St. Johns River Taxi, followed by dinner at the River Club with its spectacular 35<sup>th</sup> floor, 360-degree view of Jacksonville.

Many additional sights are included in our extensive assortment of tours, or you can visit them on your own. Go to [visitjacksonville.com](http://visitjacksonville.com) for an in-depth look at the options. There's something for everyone! If you feel like you just can't visit Florida without saying "Hi!" to Mickey Mouse, plan to include a pre- or post-convention trek to Walt Disney World—it's just 150 miles (2.5 hours) south of Jacksonville.

### Welcome Party and Silent Auction

Enjoy a view of the St. Johns River and the iconic Main Street Bridge from the Hyatt terrace and then come inside to enjoy a delicious offering of Hyatt specialties as well as a cash bar. There will be a wide variety of trains and D56 items up for bid in our silent auction. All Convention gatherings will include live entertainment from a variety of our multi-talented local musicians—including everything from classical to big band, piano, wind quartets, brass and even ragtime!

### The Marketplace and Public Displays

We expect a wide variety of operating layouts (HO, O, S, Std, G, perhaps even a Lego layout) that will be running in the Hyatt's expansive second-floor lobby over the course of the week. There will also be displays of Department 56 Village vignettes with an accompanying contest you can help judge.

Our Marketplace will set up on Thursday and then open Friday and Saturday. We anticipate over 150 tables, as numerous train and D56 vendors are already signing up. If you want tables, please sign up soon—particularly if you want electricity at your table(s). See Marketplace Chair Mike Setzer's contact information below.

### Kids Club

Kids Club activities are still in the planning stages, but will include a supervised play area and other activities as well as a special "Kids Club Banquet" Saturday evening with pizza and chicken nuggets!

### Bingo Night!

New to regular TCA convention-goers, Bingo Night is a staple of D56 Gatherings. Graciously sponsored by the National Council of 56 Clubs (NCC56), each participant is provided with up to six cards with additional cards available for purchase. Refreshments are available and numerous prizes will be awarded. Join us for a ton-of-fun Friday evening!

### Banquet and Live Auction

The Banquet will begin Saturday evening with cocktails among the operating layouts and D56 displays in the Hyatt lobby. We will then move into the Hyatt's Grand Ballroom for a sumptuous feast and delightful (but short ☺) program followed by a delicious dessert. In addition to the live auction, there will be numerous door prizes and a special prize for one person from each table. Nobody will leave empty-handed! Of course this event will also feature live music!

### Sunday Morning Closing Breakfast

This is another D56 Gathering tradition that will be new to TCA members, but please consider closing out your stay in Jacksonville at a fabulous breakfast with old and new friends. In addition to wonderful food, there will be prizes, drawings, and fun for everyone!

## SUNDAY, JUNE 28

8am–10am Department 56 Annual Breakfast

**PLEASE REPORT TO TOUR ROOMS 20 MINUTES BEFORE DEPARTURE TIME**

**Tour #1—Royal Palm Train, Mt. Dora to Tavares**  
**Sunday June 21 • Start 7:30 AM; Return 6:30 PM**  
**Includes:** Bus transport, train ticket, water/snacks; **Not Included:** Lunch

**\$60**

The Bus will leave the hotel and take you straight to the Tavares Train Station, about a 2.5-hour ride. The Train leaves Tavares at 11:00 AM, goes to Eustis, and returns to Tavares at 12:30. You will then board your buses and go to Mt. Dora to enjoy a late lunch at one of the many restaurants or cafés in town.

Mount Dora is a small town with many historic buildings and a large canopy of oak trees. It is known for a variety of antique and specialty shops, and the gorgeous Lake Dora. Mt. Dora has a flair for the arts and remains a popular tourist destination. The bus will depart Mt. Dora at 3:30 PM to return to the Hyatt, giving you plenty of time to explore Mt. Dora's shops, galleries, and parks.

**Tour #2—Deep Sea Fishing**  
**Sunday June 21 • Start 7:00 AM; Return 5:00 PM**  
**Includes:** Bus transport, boat ticket, bait/tackle, fishing license, box lunch

**\$190**

Nothing says Florida's First Coast like a fun day at sea. Whether you and your friends want to catch the big one through a day of deep-sea fishing, or if you just want to soak up some sun with friends, Captain Scott Reynolds and the crew of the Ship Majesty will make it happen. The Majesty is the most well-appointed and largest charter fishing boat in Jacksonville. The Majesty is 70' in length and 20' in beam, allowing for a smoother ride on the Atlantic. Relax and enjoy your vacation day at sea. Price includes bus transport to/from the ship, rod and reel, bait, and fishing license. A box lunch and drinks will be included for you to take on-board.

Want to enjoy the sun while your family is fishing? It comfortably seats 30 outside and 25 inside, and the top sun deck holds 14. This is a family-oriented fishing experience. Liquor is not allowed on board, but you can bring beer or wine.

**Tour #3—Jacksonville Beach (Sunday)**  
**Start 10:30 AM/1:15 PM; Return 5:30 PM**  
**Includes:** Bus transport; **Not Included:** Lunch, beach accessory rentals

**\$40**

Guests make their own lunch plans, and can either choose to have an early brunch/lunch at the Hotel or downtown, or lunch at the beach cafes. The later departure time is for those who have other plans in the morning before the beach and/or do not wish to spend as much time at the beach.

The tour bus will take you to a central location on Jacksonville Beach, a large white-sand beach with a nice boardwalk filled with shops and cafes

([bit.ly/JaxBeach](http://bit.ly/JaxBeach)). You will need to pack your swimsuits, beach wear, suntan lotion, towels, etc., and bring them with you. You can either change at the hotel (recommended) or make use of the public changing rooms/bathrooms and showers at the beach. People can choose to rent chairs, umbrellas, etc., and go to the beach, or they can simply choose to stroll along the boardwalk, visit shops, sit at cafes, or whatever they please ([www.rentbeachstuff.com](http://www.rentbeachstuff.com)).

There is a very historic all-volunteer lifeguard station that is a highly recommended tour. You do not need to arrange this ahead of time. If a group of you just walk up and knock on the door, they will give you a tour.

**Tour #4—Jacksonville Zoo & Botanical Gardens (Sunday)**  
**Sunday June 21 • Start 8:30 AM/1:15 PM; Return 5:30 PM**  
**Includes:** Bus transport, general admission to Zoo; **Not Included:** Lunch

**\$60**

Guests make their own lunch plans, and can either choose to have an early brunch/lunch at the Hotel or downtown, or a late lunch at the Zoo cafes. The later departure time is for those who want to go to church or do something else in the morning before visiting the zoo and/or do not wish to spend as much time at the zoo.

This is not just a zoo, but beautiful gardens with walking paths, cafes, carousel, and a train ride. The zoo is divided into zones for each continent. The animals and the gardens provide a unique setting for each section: Asia, Africa, South America, etc. The Zoo is also the home to the world's largest Jaguar research center and hosts a special exhibit on Jaguars. And, a trip to Florida would not be complete without alligators, snakes, and other natives all safely separated from the viewing public! It will give you a great experience of Florida swamp, marshes, palms, water, etc. ([www.jacksonvillezoo.org](http://www.jacksonvillezoo.org)).

**Tour #5—North Florida Coast Train Layouts**  
**Monday June 22 • Start 8:00 AM; Return 5:00 PM**  
**Includes:** Bus transport, water/snacks, box lunch

**\$75**

**Tour Stops:**

- St. Augustine: Carl Reusser's Layout—N Scale and 3 rail O scale
- Box Lunch on the bus while we travel north
- First Coast Model Railroad Society—A large HO club layout with many fine scenes
- Fernandina Beach—Steve Lukefhar's 3-rail O custom-built layout and Peter Williams' 13' x 28' Lionel layout

**Tour #6—South Georgia Railfan Trip**  
**Monday June 22 • Start 7:30 AM; Return 6:30 PM**  **\$95**  
**Includes:** Bus transport, 2 museum tickets, train ticket, water/snacks, lunch

This tour is for people who want to see REAL trains, and enjoy the countryside and small towns of South Georgia. We have arranged for your tour guides to be professional railroad men who are passionate about the industry and knowledgeable railroad historians.

We will begin with a visit to Patterson Georgia, where Progress Rail (a Subsidiary of CAT and sister company to EMD) operates a locomotive shop that rebuilds and upgrades locomotives. We will then go to Waycross, Georgia, where CSX has a large hump yard and locomotive shop.

We will stop in Folkston Georgia for lunch at “Whistlin’ Dixie” ([www.whistlin-dixie.com/order-online](http://www.whistlin-dixie.com/order-online)), a down-home southern cafe, and to tour the Folkston Depot railroad museum. We can sit under the train-watching pavilion and watch CSX trains go by. This is one of the premier train-watching spots in the U.S. Our tour group will split into thirds and rotate through these attractions so we don’t bunch up at any of them.

We will end our day in St. Mary’s, Georgia, where we will ride an excursion train on the St. Mary’s Railroad and visit the St. Mary’s Submarine Museum. St. Mary’s is home to Kings Bay Navy Base, which is houses many of America’s nuclear subs.

**Tour #7—Day in Savannah**  
**Monday June 22 • Start 7:30 AM; Return 6:30 PM**  **\$70**  
**Includes:** Bus transport, Hop-on-hop-off Trolley Tour ticket, water/snacks; **Not Included:** Lunch

Savannah is a picture-book city, designed and built around 22 gorgeous squares. Each square is a city block that hosts a park, fountain, sculpture, garden, etc. Surrounding the squares are beautiful southern homes, historic churches, and quaint store fronts. Many of the streets are cobblestone and brick. Savannah was the only city not destroyed by Sherman during the Civil War and is immaculately kept. There is a very nice waterfront area with many shops, cafes, and restaurants.

Our tour bus will take you to the Visitors Center, which co-located with a roundhouse Railroad Museum featuring the history and legacy of the Central of Georgia railroad, the cotton industry, and Savannah history. From the visitors’ center, you can choose how you would like to enjoy your day in Savannah.

Follow a pre-planned walking tour that allows you to see Savannah at your own pace. You can choose which old houses and churches to visit, which restaurants to eat in, and what shops to patronize. You can enjoy as few or as many of the squares as you like.

There is a “hop on/hop off” trolley tour available in case the weather is inclement or you do not want to walk very much. ([www.trolleytours.com/savannah/map](http://www.trolleytours.com/savannah/map))

**Tour #8—Walk / Jog the Bridges, Riverwalk, Treaty Oak (Monday)**  
**Monday June 22 • Start 9:00 AM; Return 10:30 AM** **Price: FREE**

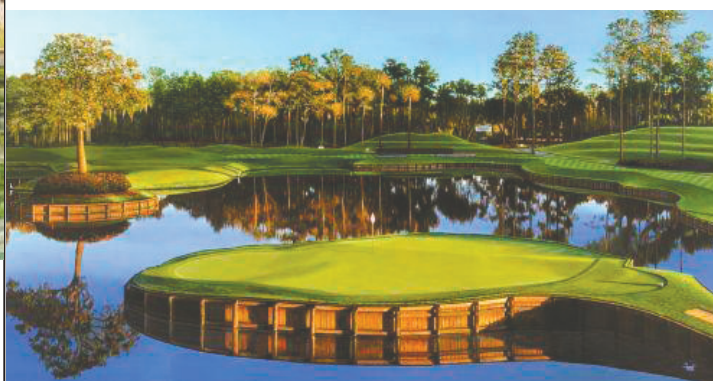

Jacksonville is the City of Seven Bridges. On this tour you will get to walk or jog across two of them. It is a very pleasant route with lots of views of the gorgeous St. John’s river and the scenic River Walk on both banks. You will see the oldest bridge in Florida, the Florida East Coast Railroad Bridge, which connects the FEC to the NS and CSX. 

The first group will jog West along the Northbank Riverwalk, pass by the Landing and the CSX Headquarters building. They will then ascend the Riverwalk spiral ramp and take the pedestrian bridge across the FEC railroad tracks. Continuing West on the Riverwalk as far as the YMCA, the group will stop for a rest break, bathrooms, and water. The group will then jog on the sidewalk East to the Acosta bridge and jog up the ramp, across the St. John’s river, and back down the other side. Turning left, the group will jog to the Treaty Oak and stop for their second rest break. From the Treaty Oak, the group will jog West to the School Board building, and back to the West on the Southbank Riverwalk as far as the Main St. Bridge. The group will then jog up the Main St. Bridge East sidewalk and back down to the North bank and return to the Hotel. (About 4 miles total.)

The second group will walk West along the Northbank Riverwalk, pass by the Landing and then turn North at the CSX Headquarters building. They will then walk East on Water St. and ascend the Acosta bridge ramp on the east sidewalk, cross the St. John’s river, and back down the other side. Turning left, the group will walk to the Treaty Oak and stop for a rest break. From the Treaty Oak, the group will walk to the Main St. Bridge. The group may decide to extend their walk with a detour along the Southbank Riverwalk. Public Bathrooms and water fountains are available on the Riverwalk. The group will then walk up the Main St. Bridge East sidewalk and back down to the North bank and return to the Hotel. (About 2 miles total.)

**Tour #9—Golf TPC Sawgrass**  
**Monday June 22 • Start 6:30 AM; Return 12:30 PM**  **\$300**  
**Includes:** Limo to/from hotel, green fees, golf cart; **Not Included:** Club rental

**(Tour #9 description; Continued from previous page)** Just 12 miles from Jacksonville, TPC Sawgrass offers championship golf courses that are open for the public to enjoy—THE PLAYERS Stadium Course, Home of THE PLAYERS Championship, and Dye's Valley Course. The Stadium Course is not open in the summer season, so you will be playing the Dye's Valley Course.

Ranked as #1 on Golf Advisor's 2017 "Top 10 Golf Courses in the US," they have been honored as a top-10 ranked resort golf course in the United States and the top-ranked golf course in Florida, by Golfweek magazine. The Stadium Course is most recognizable thanks to the intimidating par-3 17th hole that features the famed island green ([tpc.com/sawgrass](http://tpc.com/sawgrass)).

**Tour #10—Shopping St. John's Town Center**  
**Monday June 22 • Start 1:00 PM; Return 5:00 PM**  **\$40**  
**Includes:** Bus transport, water/snacks; **Not Included:** Lunch

This outdoor lifestyle mall is home to over 150 of the biggest brand name stores, many exclusive in the market, including Dillard's, Apple, Pottery Barn and Ann Taylor as well as shops in the palm-lined streets of the Luxury Collection such as Louis Vuitton, Tiffany & Co., and Mayors.

Enjoy a late lunch, afternoon tea, and/or a cocktail at one of the many restaurants or cafes in town center. Relax among the Florida sunshine at the Park Green's turtle pond, life-sized chess board, or dog park.

**Tour #11—Jacksonville Beach (Monday)**  
**Monday June 22 • Start 10:30 AM/1:00 PM; Return 5:00 PM** **\$40**  
**Includes:** Bus transport, water/snacks   
**Not Included:** Lunch, beach accessory rentals

Guests make their own lunch plans, and can either choose to have an early brunch/lunch at the Hotel or downtown, or lunch at the beach cafes. The later departure times is for those who do not wish to spend as much time at the beach.

The tour bus will take you to a central location on Jacksonville Beach, a large white-sand beach with a nice boardwalk filled with shops and cafes.

You will need to pack your swimsuits, beach wear, suntan lotion, towels, etc., and bring them with you. You can change at the hotel or there are public changing rooms/bathrooms, and showers at the beach. People can choose

to rent chairs, umbrellas, etc. ([www.rentbeachstuff.com/home.html](http://www.rentbeachstuff.com/home.html)), and go to the beach, or they can simply choose to stroll along the boardwalk, visit shops, sit at cafes, etc.

There is a very historic all-volunteer lifeguard station that is a highly recommend tour. You do not need to arrange this ahead of time. If a group of you just walk up and knock on the door, they will give you a tour.

**Tour #12—South Jacksonville Train Layouts**  
**Tuesday June 23 • Start 8:00 AM; Return 6:00 PM**  **\$75**  
**Includes:** Bus transport, water/snacks, box lunch

**Larry Shughart** • The 65' x 35' Northern Florida Railway is one of the largest S Gauge layouts in the country. Featured in Classic Toy Trains, the display includes a huge collection of both vintage and current S Gauge trains. Larry specializes in structures from all manufactures and eras with over 500 buildings on the layout. You will enjoy Florida-themed scenes such as St. Augustine Lighthouse, South Beach Miami, Disney World, Sarasota Circus Grounds, and much more.

Larry's house also features a 10' x 16' 3-rail O Gauge layout operating five trains around 100 buildings. There is a 12' x 14' Lego layout with three trains, and a large Garden Gauge outdoor railroad welcomes you at the front porch. Inside his house, Larry promises to have a "Christmas in June" display featuring some vintage pre-war trains and an extensive collection of glitter houses. Coffee and bagels in the morning and Happy Hour drinks and snacks in the afternoon.

**Jacksonville Terminal Railroad Club** • This HO Gauge layout includes dozens of scenes that are custom models of places around the Northern Florida Region. The main passenger terminal is modeled after downtown Jacksonville in the heyday of train travel. All of the supporting express tracks, dining car servicing, locomotive servicing facilities, and the surrounding buildings and highways are historically accurate. This stunning layout operates on two levels and features vintage trains from the FEC, SAL, Louthorn, ACL, FGE, and other fallen flags that used to frequent Jacksonville. Many of the club members are retired professional railroad men and bring a personal passion to this club.

**Lloyd Lippert** • One of the premier collectors and operators of Gilbert American Flyer S Gauge trains, you will enjoy this vintage themed layout featuring pristine quality Gilbert trains operating on traditional track. The layout is tastefully landscaped with vintage Plasticville and Ertl buildings to represent Lloyd's hometown in South Dakota. The walls display Lloyd's museum-quality collection. This is a must-see for CNW fans.

**John Grisnik** • Located in a separate building in Jacksonville's historic Avondale district, this all pre-war layout features classic Lionel and American Flyer trains and accessories. Tastefully displayed around the rooms are many historic toys and antiques, with a ceiling layout to boot.

**Tour #13—Amtrak Trip to Winter Park / Orlando & Return**  
**Tuesday June 23 • Start 6:15 AM; Return 5:30 PM** **\$80**  
**Includes:** Bus to/from station, Amtrak ticket;   
**Not Included:** Lunch, museums, SunRail

*This tour will be subject to Amtrak on-time performance, and we will adjust the itinerary based on Amtrak's performance that day. We will have a chase bus and may need to substitute our tour bus for one or both legs of the trip if Amtrak is far off schedule.*

**Schedule:** Depart JAX 7:00 AM on the Southbound Silver Star; Coffee/Breakfast in Snack Car • **Arrive:** Winter Park, 9:43 AM • Depart Winter Park: 1:52 PM, Northbound Silver Meteor • **Arrive:** JAX 4:47 PM

Once you arrive in Winter Park, you may choose one of three options:

- ① Walk around and have lunch in Winter Park ([bit.ly/WinterParkFood](http://bit.ly/WinterParkFood)).
- ② Ride the 'Sun Rail' commuter service ([bit.ly/SunRailTCA](http://bit.ly/SunRailTCA)) to and from Church Street Station, which has many lunch options ([bit.ly/ChurchStreetFood](http://bit.ly/ChurchStreetFood)).
- ③ Visit the Morse Museum ([www.morsemuseum.org](http://www.morsemuseum.org)), home to the world's most comprehensive collection of works by Louis Comfort Tiffany (1848–1933). See his chapel interior from Chicago's 1893 World's Columbian Expo, art and architectural objects from his Laurenton Hall estate. Exhibitions also include American art pottery, late-19th- and early-20th-century American painting, graphics, decorative art, jewelry, art glass, and windows.

**Tour #14—Day at Amelia Island & Fernandina Beach Town** **\$80**  
**Tuesday June 23 • Start 8:00 AM; Return 6:30 PM**  
**Includes:** Bus transport, harbor boat tour, water/snacks; **Not Included:** Lunch

Just North of Jacksonville is a piece of Florida Paradise known as Amelia Island. This stunning island features old-growth oak trees, beach-front vistas, and peaceful salt marshes. Visit the quaint fishing village of Fernandina Beach ([bit.ly/FernandinaBch](http://bit.ly/FernandinaBch)), famous as a center for commercial shrimp boats and as a historical hide-out for Pirate ships.

On the way to Amelia Island, you will stop at Kingsley Plantation National Park ([bit.ly/KingsleyPlantation](http://bit.ly/KingsleyPlantation)). This historic site is much more typical of most Southern Plantations, as most were big family farms instead of giant plantations like "Tara" from *Gone with the Wind*. Because the slave quarters at Kingsley were constructed of Coquina (a cement made from sea-shells) this is the only extant slave village known to still be in existence. It is quite powerful and sobering to walk in the footsteps of the slaves and the plantation owners.

Upon arrival in downtown Fernandina Beach, you will enjoy the shops, historic churches, the Pirates Saloon (with its famous Pirates Punch), fresh seafood restaurants (we recommend Timoti's Seafood Shak, Joe's 2nd Street Bistro, and The Salty Pelican), and local artists' works at the Art Co-op.

A 1.5-hour historical boat tour around the harbor is included. You will see shrimp boats, waterfront homes, and hear about Florida history.

We will end the day at the Ritz Carlton Hotel to enjoy an afternoon tea or a cocktail from the veranda, overlooking the white sand and the ocean breakers ([bit.ly/OceanBarGrill](http://bit.ly/OceanBarGrill)). Your ticket includes a drink here.

**Tour #15—Riverside Avondale Historic Homes** **\$30**  
**Tuesday June 23 • Start 8:00 AM; Return 11:30 AM**  
**Includes:** Bus transport, professional tour guide, water/snacks;  
**Not Included:** Lunch

Riverside and Avondale are Jacksonville neighborhoods with many historic homes, street shops, and tree-lined boulevards. The incredibly diverse architectural treasures were created after the great fire of 1901 that decimated downtown Jacksonville. Soon after some of the most innovated architects of their time came to Jacksonville to experiment with Mediterranean, Georgian Revival, Tudor, Prairie, and bungalow-style homes.

Many of Frank Lloyd Wright's students came to Jacksonville to practice their skills, resulting in the largest collection of Prairie-style architecture outside of Chicago.

On this tour, you will see a wide variety of beautiful homes, ranging from quaint to ostentatious and everything in-between. You will visit the inside of one of the Prairie style homes that is an active residence and very indicative of the Prairie style. You will enjoy Riverside and Avondale's many parks and

Gardens, including a visit to Memorial Park. The beautiful sculpture along the St. John's River is Florida's only shrine dedicated to remembering World War I.

**Tour #16—World Golf Village / St. Augustine Outlet Malls** **\$35**  
**Tuesday June 23 • Start 9:00 AM; Return 2:15 PM**  
**Includes:** Bus transport, water/snacks; **Not Included:** Lunch

This tour is ideal for a couple who are interested in simultaneous golf and shopping. Bus will depart the Hotel and go directly to the St. Augustine Outlet Malls and drop off anyone who wants to shop and not visit the World Golf Village Hall of Fame Museum. Stores open at 10 AM ([www.staugoutlets.com](http://www.staugoutlets.com)).

The bus will then take folks who want to visit the Golf Hall of Fame to that museum. The World Golf Hall of Fame and Museum provides an extensive look at the game of golf through stories, artifacts, videos, art and photography of its members within 75,000 square foot exhibition space. Guests have the opportunity to enhance their visit with an audio tour guide that tells "behind the scenes" stories from Hall of Fame members themselves. Admission includes two-day access to the museum, a round on the 18-hole natural putting course, and a shot on the Challenge Hole. The Museum opens at 10:00 AM, and tickets cost \$21 at the door ([www.worldgolfhalloffame.org](http://www.worldgolfhalloffame.org)).

**Noon** Bus departs Hall of Fame and returns to the outlet Malls to meet the Shoppers. There is time for lunch at the Food Court if you wish.

**1:30 PM** Bus Departs Outlet Mall to return to Jacksonville Hotel

**2:15 PM** Bus Arrives Hotel; You still have time to tour the Cummer Art Museum and Gardens

**Tour #17—Cummer Museum of Art & Gardens, Lunch & Tour** **\$50**  
**Tuesday June 23 • Start 12:00 PM; Return 4:00 PM / 5:00 PM**  
**Includes:** Bus transport, Lunch at the Museum, Docent-Guided  
 Tour of Museum ([www.cummermuseum.org](http://www.cummermuseum.org))

The Cummer Museum holds one of the finest art collections in the Southeast, with more than 5,000 objects in its Permanent Collection. You will see world-class art spanning from 2100 B.C. through the 21st century, with diverse special exhibits, and is home to the Wark Collection of Early Meissen Porcelain.

The Museum's 2.5 acres of historic gardens are unique examples of early 20th century garden design, featuring reflecting pools, fountains, arbors, antique ornaments, and sculptures. The majestic Cummer Oak has a canopy of more than 150 feet and is one of the oldest trees in Jacksonville.

The bus will depart Museum at 3:45 PM and 4:45 PM to return to the hotel.

**Tour #19—Deland / Daytona Beach (Train Tour)**  
**Wednesday June 24 • Start 7:30 AM; Return 7:00 PM**  
**Includes:** Bus transport, water/snacks, lunch, Raceway Museum ticket

**\$90**

This tour complements Deland/Daytona Beach Regional Tour (#21). Tours #19 and #21 will meet in Daytona Beach to mingle, and will travel back to the hotel together on either bus.

**Clark and Ilene Vegazo's Home—Deland** • Visit the home of Clark and Ilene Vegazo, who for over 30 years have collected primarily Postwar, but also Prewar Lionel, with a dabbling of Flyer, Marx, HO, etc. Over 300 SETS on display, with hundreds more still in their set boxes. Lots of accessories like an operating original Lionel D-224 Display layout, along with unusual items like the 1965 styrofoam Lionel boat. While Clark has a large separate building for his trains, Ilene's HO to Prewar Lionel trains are displayed in every room in the house! The Vegazos have arranged for a vintage Ice Cream Truck to provide special treats!

**Dr. Richard Delany Layout** • Located in Ormond Beach, just north of Daytona Beach, this home features a large 3-rail O-gauge layout and an HO layout.

**Round House South Train Shop** • Tony Rotunda's shop holds frequent seminars for area model railroaders, and caters to families with their first train to the most sophisticated operators and collectors. The Rotundas have been involved in TCA for decades and Tony is carrying on his father's legacy. Come see this very large train store featuring an operating display layout.

→ **Lunch at Aunt Catfish Restaurant next to the Train Shop** ←

**Daytona Raceway Tour and Museum** • Featuring history of the race, vintage movies and photos, old cars and memorabilia. Even if you don't like NASCAR, this is a piece of Americana and a professionally curated museum where everyone can find something to enjoy. All Access Tour.

**Take a walk on the Boardwalk** • Daytona Beach is "The World's Most Famous Beach." We will drive through the down-town area, home of "Bike Week," then park in a central location to enjoy a walk on the sand, stroll the boardwalk, and visit one of the restaurants, shops, or bars.

**Tour #20—Jacksonville Railfan Tour (Wednesday)**  
**Wednesday June 24 • Start 8:00 AM; Return 7:00 PM**  
**Includes:** Bus transport, water/snacks, box lunch, museum tickets

**\$80**

Jacksonville is served by many railroads, including CSX, FEC, Genesee & Wyoming, and Norfolk Southern. Your tour guides will be professional railroaders and knowledgeable railroad historians.

Your first stop will be a large TTX repair facility. An officer from TTX will board the bus and give you an overview of the operation. After a visit to Florida's Official Steam Locomotive, USRA Pacific ACL 1504, we will go to NS Simpson Yard where you will be able to view switching operations and the locomotive servicing facility from the safety of a public access road.

The Port of Jacksonville is a huge facility with its own railroad. We will

get an overview of the operations from Port Management and see the trains serving the docks. Florida East Coast Railway Bowden Yard is the main hub of activity in Jacksonville. We will arrange for a presentation by FEC and you will see their newest Natural Gas power locomotives.

Next, we will enjoy a box lunch on the bus as we travel to Green Cove Springs, Florida, to the North Florida Railway Museum, which preserves, restores, and displays the region's railroad history. Volunteer guides will explain the significance of the rolling stock, provide insights on the challenges of restoring and maintain vintage rolling stock, and answer questions. While at Green Cove Springs, we will tour the History Museum while waiting for the Amtrak Silver Meteor "photo run by."

We will end our day at the former Orange Park railroad station and the historic business car, Georgia 300, which has carried several U.S. Presidents. We have made special arrangements with the car owner for you to visit this magnificent piece of railroad history. The station also houses an upscale gift shop with numerous mementos, gourmet food items, and teas. We will photograph the Northbound Auto Train—the longest passenger train in the world at over 40 cars—and then head back to the Hyatt.

**Tour #21—Deland / Daytona Beach (Regional Tour)**  
**Wednesday June 24 • Start 8:00 AM; Return 7:00 PM**  
**Includes:** Bus transport, water/snacks, buffet lunch, Stetson Mansion ticket

**\$90**

This tour is designed to complement the Deland/Daytona Train Tour. Both tour groups will meet in Daytona Beach to mingle and travel back to the hotel together on either bus.

**Jane Lysinger's House** • Jane and her late husband Bill have long been stalwart members of the North Florida Village Collectors Club. Visit this home in Palm Coast that has an entire room dedicated to presenting their D56 Snow Village collection. This ceramic city has an operating train and a custom-painted mural to embellish both the realism and fantasy. Coffee and Snacks.

**Stetson University** • located in Deland, Florida, this small liberal arts college has a history of success in music, art, literature, and sports. We will drive through campus on our way to lunch.

Price includes lunch at **Cook's Buffet** • Excellent home style cooking with your choice of 1 meat from 4 different meat options, plus all you can eat salad bar, dessert bar, and many side dishes ([cooksbuffetdeland.com](http://cooksbuffetdeland.com)).

**Stetson Mansion** • The estate of Florida's first "snow bird" and famous

hat maker. Built in 1886, this winter retreat is a richly detailed mansion in unusual "High Victorian" architectural design. It includes interior carvings, 16 patterns of rare parquet wood floors, and 10,000 panes of original leaded-glass windows. The Stetson brand set the 19th century benchmark for quality and it followed that his mansion was

once the most exciting address in Florida. Thomas Edison, a personal friend, installed power as one of the first homes in the world built with electricity.

**Daytona Beach** • "The World's Most Famous Beach." We will drive through the downtown area, home of "Bike Week," then park in a central location to enjoy a walk on the sand, stroll the boardwalk, and visit one of the restaurants, shops, or bars.

**Tour #22—Mayport Navy • Wednesday June 24**  
**Start 8:00 AM; Return 12:00 PM • Includes:** Bus transport, water, snacks • **All tour guests must be U.S. Citizens/Green Card holders and have a valid Driver's License, Federal ID, or Passport**

**\$25**

Take a 20-mile ride to the east of downtown to the Atlantic Ocean to visit Naval Station Mayport, the second largest Naval Base on the east coast

after Norfolk, Virginia. Mayport is the home of over 30 of the Navy's newest and most advanced fighting ships. Of particular note is the *USS New York*, which was built in part from salvaged metal from the World Trade Center buildings in New York City. This base is home to the Navy's newest Littoral Combat Ships. Which ships we will see depends on ships' schedules.

Helicopter squadrons and other aircraft make their home along the runway. Mayport is also the Navy Firefighting school. We may see black smoke billowing up from a concrete building across from the ship basin, as sailors sharpen their firefighting skills. Your tour guide will be a local TCA member, retired Navy veteran, and knowledgeable historian.

**Includes:** Bus transport, water/snacks, guided kayak tour, all equipment, training ([www.kayakamelia.com/kayak\\_guided.htm](http://www.kayakamelia.com/kayak_guided.htm))

Simpson Creek, a tidal stream that runs between Big Talbot and Little Talbot Island State Parks, is part of the greater Timucuan Preserve Estuary. You will paddle through Fort George estuary, a series of tributaries that wind through the marsh. The water twists and turns creating intimate canals for the resident wading birds, fishing osprey, and provides protection for newly hatched fingerlings. This land echoes the tales of the Timucuan Indians and French Huguenots that once inhabited this landscape.

**Tour #25—Jacksonville Train Layouts / North & Beach** **\$75**  
**Thursday June 25 • Start 8:00 AM; Return 6:00 PM**  
**Includes:** Bus transport, water/snacks, box lunch

**Ron Fisher** • Since there are no basements in Jacksonville, Ron Fisher bought a 3-car garage with a house out front. This O Gauge layout is 18' x 18' and showcases a fascinating two-level operation with trains disappearing and automatically reversing. Ron is the embodiment of "I love Toy Trains" with a fun and joyful display. Don't miss his Life Saver Factory, Mt. Rushmore, operating carnival, and an airport stretching across the back of his display. Coffee and Snacks provided.

**Jacksonville Beaches Museum & History Park** • Travel back to the past and get to know the people and events that shaped our area. The museum has an historic train station, a section foreman's house, a chapel, and other buildings on site. Go inside and tour these buildings, as well as see a vintage steam locomotive that has been lovingly restored and under cover.

**Cypress Village Train Layout** • An upscale retirement home that sports a very nice HO club layout. Enjoy a box lunch on the bus as you travel to the Gorbell house.

**Fred Gorbell** • Over the years, Fred has been in and out of collecting and operating Standard Gauge, Postwar Lionel, Prewar Lionel, and Modern era Lionel. He has now returned to his roots, as his first loves were Gilbert and Plasticville. Fred's combination S Gauge layout showcases vintage Gilbert trains. Masterfully produced scenery makes the Plasticville buildings and Gilbert trains look like a catalog cover. You will also enjoy Fred's massive Department 56 collection, which he displays year-round, set up in many vignettes along with Marx trains. Snacks provided.

**Alan Marshall** • All pre-war Standard Gauge trains and accessories, displayed and played with like they were meant...on the floor! This unique layout is in a spare bedroom with the wall removed from the next room. You stand in one room and view the trains in the other. The trains are set in vintage buildings, accessories, and scenery; a true tinplate world. Alan also collects and will display a very large collection of vintage toy trucks. Snacks provided.

**Ray Gabler** • Retired CSX executive and originally off the Chessie System, Ray is a leader in the Jacksonville model railroad community. He organizes weekly get-togethers every Monday evening, often at his own house or others, to play with trains, build layouts, and/or maintain rolling stock. Ray's layout is 2 rail O scale on two different levels, housed inside a large garage. Since Ray grew up in Chambersburg, Pennsylvania, along the original Cumberland Valley Railway, you will see a lot of PRR trains and buildings—even though you are in the deep South! Happy Hour drinks and snacks provided.

**Tour #26—Jacksonville Railfan Tour (Repeat of Tour #20)** **\$80**  
**Thursday June 25 • Start 8:00 AM; Return 7:00 PM**

the Hyatt on how he customizes D56 buildings to create a winter wonderland of white, gold, and silver. Coffee and Snacks provided.

**Larry Shughart** • A charter member of the North Florida Village Collectors Club, Larry's first love is American Flyer toy trains and the buildings that go with them. He was only going to get one, maybe two, D56 buildings for his train layout—but that plan quickly faded. Larry's 35' x 65' train layout features over 500 buildings, of which less than 30 of them are D56 (mostly from Christmas in the City Village and New England Village). You will enjoy seeing the history of Christmas villages and vintage houses from dozens of different manufactures represented over the last 100 years.

A Lionel layout also has one corner dedicated to D56 with a number of Season's Bay buildings that fit nicely with the overall theme of the New York suburbs. And while you are there, do not miss the Lego™ room, a complete village with three operating trains and over 50 buildings, castles, and Lego pieces from every year since 1968.

Larry will also have a special Christmas village display of Glitter houses, with vintage trains and bottle-brush trees to complete the old-fashioned style putz.

**Don & Janet Isaac** • Don't be scared, but this house is full of bats, spiders, skeletons, ghosts, goblins, and monsters of all sorts. Janet is a retired kindergarten teacher, and Halloween was her favorite holiday to celebrate with the children. Like all good teachers, she would decorate her classroom for the season and added a little something each year, including many D56 pieces. You will be amazed at the level of detail and the sheer volume of scenes and houses and vignettes that Janet and Don can squeeze into many different rooms of their home. They normally set up and tear-down Halloween decorations every year. They have graciously agreed to start early in 2020 so you can experience one of the top D56 Halloween collections in the country.

**Larry & Nancy Horton** • Enjoy the Christmas decorations that make this house look like pages from a design magazine! Larry and Nancy have many collections and vignettes scattered around their home, including a life-size nativity creche and Department 56 villages that are presented in different displays.

**Fred & Angie Gorbell** • A massive Department 56 collection of Original Snow Village and Christmas in the City is masterfully presented on three walls, stretching from floor to ceiling. This year-round display places the buildings in different vignettes, and mixes along some toy trains, LeMax, and other vintage collectibles to keep it interesting. Fred and Angie met in Hong Kong when Fred was in the Navy. Don't miss their version of D56 China Town. In addition to the D56 collection, you will enjoy seeing Fred and Angie's beautiful home, Fred's toy train layouts, and Angie's collection of Chinese art and dolls. Happy Hour snacks and drinks provided.

**Tour #31—JAX Micro Brew Bus Tour**  **\$40**  
Thursday June 25 • Start 12:00 PM; Return 5:00 PM

Jacksonville is now home to over a dozen micro-breweries. On this tour, you will visit three of the most popular ones, and get to see a bit of the city as you drive between them. The Price includes 10–15 beer tastings at 3 different local breweries. Good food will be available for purchase at the first stop, with bar snacks available at all stops.

**Tour #32—Day in St. Augustine**  
**Friday June 26 • Start 8:00 AM; Return 6:00 PM**  
**Includes:** Bus transport, water/snacks, Hop-on-hop-off Trolley Tour ticket

\$70

Once the tour bus drops you off at the Visitor's Center, you are on your own for the day. While your tour price includes a ticket for the Hop-on/Hop-off Trolley, you should also plan on lots of walking as this is very much a pedestrian city. St. Augustine is the oldest city in the U.S. It is also the former Headquarters of the Florida East Coast Railway and the Flagler Hotel empire. There are many historic sights related to Henry Flagler, founder of the railroad and the key person who opened Florida up for development and tourism. There is so much to do in St. Augustine, one day is not enough. Attractions include:

- The Spanish Fort, Castillo de San Marco, is a National Park
- The Lighthouse and Keepers Home tour is a MUST SEE
- The oldest school house, jail, and apothecary
- Tourists often skip the Flagler College tour (former Flagler Hotel), but it is very good, especially for rail historians who want to see Henry Flagler's work
- Many shops, art galleries, crafts, antiques, restaurants, and cafes
- Historical churches
- Fountain of Youth
- Ripley's Believe it or not Museum is in an old stone castle, well worth seeing, and a great option to cool off in the middle of a hot day
- Alligator Farm
- Lightner Art Museum
- Horse-drawn carriage rides

You are on your own for lunch. There are many very fine restaurants in all price ranges.

**Tour #33—Sweet Pete's Candy Store and Make-your-own-candy workshop • Friday June 26 • Start 9:00 AM; Return 12:00 PM**  
**Includes:** Bus transport, water/snacks, candy-making class, 1 scoop of ice cream

\$40

Peter Behringer, owner of Sweet Pete's, was raised in the chocolate industry. In 1985, when he was eleven, his mother opened a family chocolate business in Jacksonville, Florida, which grew to 32 locations and a large production facility. After college, Pete decided to strike out on his own and opened Sweet Pete's Candy Shop, featuring his own hand-made confections.

In 2014, Sweet Pete's was featured on the TV show *The Profit* ([bit.ly/SweetPetesOnTV](http://bit.ly/SweetPetesOnTV)). Sweet Pete's opened a new Jacksonville location in the historic Seminole Club, a 1903 building that hosted visitors such as Presidents Teddy Roosevelt, Dwight Eisenhower and John F. Kennedy. At 23,000 sq. ft., it is one of the largest candy shops in the United States. Sweet Pete's March 2020

**Tour #34—Naval Air Station, Jacksonville • Friday June 26**  
**Start 7:30 AM; Return 11:30 AM • Includes:** Bus transport, water, snacks • **All tour guests must be U.S. Citizens/Green Card holders and have a valid Driver's License, Federal ID, or Passport**

\$25

Just 8 miles south of downtown is NAS JAX, home of the United States Navy's Maritime Patrol and Helicopter squadrons. Commissioned as NAS Jacksonville in 1940, the base is home to the P3C Orion and P8A Poseidon aircraft on the east coast, and the training command for those squadrons. It is also the home of the sea-based helicopter squadrons and their training command. NAS JAX was the original home of the Navy's Blue Angels.

Your tour guide is a local TCA member, retired Navy veteran, and knowledgeable historian. We will spend an hour in the Heritage Garden, which displays retired examples of each of the aircraft types that have served at NAS JAX. We will walk and talk about each and its role in Naval Aviation history. We will visit Patrol Squadron 30, the training command for the P3C and P8A aircraft. Operational conditions permitting, we will get a static tour of both aircraft.

We then take a short bus ride to the main water towers for the base. These towers are the replacements for the older water tower, which was the prototype model for the TCA/D56 convention commemorative piece. The old water tower sported the DEWEY DUCK graphic designed by Walt Disney and given to NAS JAX for their use as their official mascot. We will view the current version of the mascot graphic before leaving the base.

**Tour #35—Jaguar Stadium Tour**  
**Friday June 26 • Start 1:00 PM; Return 4:30 PM**  
**Includes:** Bus transport, water/snacks, guided stadium tour

\$50

We will leave the hotel at 1:00 p.m., drive around all of the Jacksonville sports venues, and arrive at the home of the Jaguars. The tour begins at 2:00 p.m. and lasts 90 minutes. We will give you extra time for souvenir shopping and will return to the Hyatt when everyone is ready.

Experience TIAA Bank Field with a guided, behind-the-scenes tour of the crown jewel in Jacksonville's downtown sports and entertainment complex. Learn the history and obscure facts about this one-of-a-kind venue, the first NFL stadium ever to have an open-air amphitheater and an indoor practice facility attached. Hear the stories and explore areas normally off-limits to the public. Get up close and personal with two of the world's largest video boards and the unique swimming pools in the north end zone.

Nat'l Headquarters News 53

**Tour #36—Jacksonville Zoo & Botanical Gardens (Friday repeat of Tour #4) • Friday June 26 • Start 12:30 PM; Return 5:30 PM**  
**Includes:** Bus transport, A “Total Experience” Zoo ticket • **Not Included:** Lunch  **\$60**

*This is a repeat of Tour #4. For details, see the description of Tour #4 several pages earlier!*

**Tour #37—Budweiser Brewery Tour**  
**Saturday June 27 • Start 9:00 AM; Return 12:00 PM**  **\$60**  
**Includes:** Bus transport, water/snacks, tour ticket

The Jacksonville Budweiser Brewery experience is unique. Not currently offered to the public, this will be a special tour for our group. From the historic architecture to the use of the latest brewing technology, the center has a captivating story to tell.

As you walk through the halls of the brewery, all of your senses will be engaged while you discover what it takes to brew some of America’s most popular beers. You will also learn about Budweiser’s signature “7-Step Brewing Process” that was created and perfected more than 100 years ago to brew the most consistent, high-quality beer.

**Tour #38—Take me out to the Ball Game! Jumbo Shrimp Baseball**  
**Monday June 22 • Start 6:00 PM; Return 10:00 PM**  
**Includes:** Bus transport, Game ticket **\$35**  
**Not Included:** Dinner at park, concessions

The Jacksonville Jumbo Shrimp is the Florida Marlins Double A minor league baseball team. The Baseball Grounds of Jacksonville is a traditional-styled ballpark that is very well appointed with many food stands, clean restrooms, covered seating, and close up seating for the game.

Buy your own food and beverages at the game. All options available, including pizza, chicken, BBQ, shrimp, Italian sausages, bratwurst, hamburgers, hot dogs, and lots of beverage choices.

**Tour #39—St. John’s River Boat Ride, Dinner at the River Club**  
**Thursday June 25 • Start 5:00 PM; Return at your leisure** **\$125**  
**Includes:** Boat ticket/food; **Not Included:** Cash bar (beer/wine) 

Limited to 300 passengers on four boats. First-signed-up, first-served. This event will sell out!

Join us for a boat ride on the famous Saint Johns River, which is one of those rare rivers that flows from South to North. Each boat will include a guide that will talk about the river and give a brief history of Jacksonville. The Saint Johns River is a beautiful, ecologically significant river that flows through the heart of downtown Jacksonville. Our ride on the River Taxi will be about an hour long. Restroom facilities are **NOT** available on the boat but small.

The boats will pick us up about two blocks from the hotel and return to the same dock. After arriving back at the dock, walk one block to join us at The River Club, a beautiful venue on the 34th and 35th floors of the Wells Fargo Tower. The River Club provides a cash bar, followed by a sumptuous buffet dinner—all while enjoying an unrivalled 360-degree view of Jacksonville and the Saint Johns River.

**Do-it-Yourself-Tours as You Travel to and from Jacksonville, Before and After the Convention**

*These tours were just too far for us to make a day trip from Jacksonville as part of the convention. However, we highly recommend you visit the websites and consider visiting these attractions either before or after the Convention dates.*

**SAM Shortline Railroad**

Located in Americus, Georgia, this train ride will take you through the Heart of Georgia to Plains, Georgia, where you can get off the train and tour the quaint, small town made famous by President Jimmy Carter. Browse the original train depot which has been restored as it appeared in 1975 when it served as President Carter’s campaign headquarters. Buy a bag of peanuts from local merchants. Visit the Plain Peanuts to try their famous PEANUT BUTTER ICE CREAM. See Billy Carter’s service station, the Carter farm where he grew up without indoor plumbing, and the current Carter house and church. ([samshortline.com/routes-depots](http://samshortline.com/routes-depots))

**Disney World Behind-the-Scenes Train Tour**

Many people do not know that you can pay an extra \$54 and show up at 7:30 AM to visit the railroad shops and see the back-lot support for the Disneyland Railroad and Monorail system. As part of the tour, you get to ride the train on its first trip from the shops to the park, and take the test run around the park before the gates are open to the public. This is a very informative and special tour. You must call early to make reservations as it often sells out. ([bit.ly/TCADisney](http://bit.ly/TCADisney))

**Clark and Ilene Vegazo’s Home**

Located in Deland, just west of Daytona Beach, Clark and Ilene are included on one of the layout tours. However, they also are welcoming travelers to/from the convention who might not be able to make the planned tour to stop in for a visit. Please call for an appointment: (954) 290 3890.

# The Train Room Auction Part III

## March 21, 2020 • West Middlesex, PA

Charles Mozingo (TCA 88-27265), owner of The Train Room, has built one of the largest collections of rare and unusual items, as featured in the October 2001 issue of *O Gauge Railroading*—from Lionel Prewar, Postwar and Modern Era, Marx, American Flyer S Gauge, MTH, K-Line, Weaver, Atlas O, and more. Much of the collection pre-dates World War II.

The Train Room Museum housed one of the largest O gauge model railroad displays on the east coast, with all the sights and sounds of the real thing...and tons of memorabilia.

YOU WILL ALSO SEE A LARGE SELECTION OF OTHER PRODUCTS, INCLUDING LIONEL CLASSICS, LIONEL RACEWAY, GEIGER COUNTERS, LIONEL HO, AIREX FISHING & SPORTS EQUIPMENT, PLASTICVILLE, CIRCUS LAYOUT ITEMS, LEAD FIGURES, MILITARY AND HUNDREDS OF OTHER TRAIN, TOY AND MEMORABILIA ITEMS.

Please plan to attend part III of this outstanding sale or visit our website at [www.stoutauctions.com](http://www.stoutauctions.com) for online catalog. For more information please call 724-528-1500 or email [katy@stoutauctions.com](mailto:katy@stoutauctions.com).

The Train Collectors Association (TCA) neither guarantees the condition nor the authenticity of the auction merchandise. The merchandise is from the collection of TCA members. Any disagreement between any parties will not be adjudicated by the TCA. It is strongly recommended that the bidder inspects the items prior to the auctions.

The Pacific Northwest Division of the TCA, along with Chapters in Seattle, Washington, Portland, Oregon, and Boise, Idaho, has a proud heritage of TCA membership since 1958. We believe in legacies. Because of this, we will be donating 10% of each sale to the TCA National Endowment Fund. This Endowment Fund needs to attain a million dollars before it can be used by National for items outside of budgeted costs. We want to see that the perpetuity of our wonderful club continues well beyond our personal involvement. Thank you, in advance, for helping us and the National Train Collectors Association attain this goal.

# “I Have Been Selling My Trains To TRAINZ For Over A Decade.”

I find their buying service is honest with fair price offers when I had trains to sell.” ~ David

## Remember when you completed your first train collection?

You were filled with a sense of achievement, knowing that your hard work finally paid off.

After countless hours of searching for the perfect additions to your set, making any necessary repairs, and adding those special details that made everything come together; you sat back with pride as you watched your gleaming locomotive, cars, and caboose whiz around the tracks, gliding as smooth as silk on your carefully designed layout.

**Parting with such a great train collection is never easy, but at TRAINZ, we know how to give it the special attention it deserves.**

Trainz.com has 30 years experience in buying and selling thousands of train collections. We've handled every gauge, scale, and manufacturer, including everything from Lionel, MTH, K-Line, Williams, and Weaver to AF, Atlas, Marx, Plasticville, Industrial Rail, Gargraves, KMT, 3rd Rail, and many, many more!

**TRAINZ**  
QUALITY, QUANTITY,  
VARIETY & SERVICE

Trainz.com Chief Engineer Scott Griggs started working on his own collection in his parents' basement at age 15 and has been in the business ever since.

## Handled With Care

TRAINZ knows how important your collection is to you and will treat it with respect. Every collection has great stories and we want to leave yours intact.

Expect to be treated fairly, professionally, and confidentially. No collection is too large or diverse.

## Free Advice, 5 Days A Week

There's a lot to consider when selling your trains, and we want to make the process simple. We've worked with thousands of collection seller over the years and can help you make the best decision for you and your family.

We can buy your collection outright, auction it for you, or you can list everything yourself on [TrainzAuctions.com](http://TrainzAuctions.com)

## See For Yourself, Call TRAINZ.com Today

We travel throughout the U.S. for collections on a regular basis. We can be where you need us to be when you need us to be there. Buying and selling trains and collectibles is the only thing we do.

Why not join David and Edward and see for yourself? Give us a call today. You'll be glad you did!

“I have used Trainz over the years for both buying & selling trains and have found their people to be knowledgeable and easy to work with. The process Trainz has in place to buy back trains is both quick and easy. They will give you a fair price on your entire list of trains, rather than selling and shipping them one at a time. Trainz is a great one-stop shop for both buying & selling trains.”

- Edward

# It's a GREAT time to be a KID in TCA!

We have worked diligently to breathe new life into our **Kids Club!** New activity booklets, stickers, and a new scavenger hunt at the National Toy Train Museum are the start to a fun club for all kids under the age of 18. Sign up a train-loving child in your life now—use

the form below, or do it online:

[www.traincollectors.org](http://www.traincollectors.org)

Don't forget that you can parlay a **Kids Club Membership** into a half-price **Junior Membership**—so you can get the same publications and online access that our "adult" members enjoy!

We have two separate clubs—one for up to age 12 and one for ages 13-18. Each age group has its own quarterly electronic newsletter with activities and interesting articles!

# Collectors Insurance Program

## Is Your Collection Insurance on the Right Track?

J.A. Bash and Company

An important benefit of your membership in the TCA is the ability to get on board with an insurance program designed especially with Peerless Insurance. This program is on track to meet your needs as a collector. Whether you choose to insure your locomotive, your caboose, or everything in between, there's a coverage plan for you.

**Coverage:** All risk type basis; major coverages include fire, theft, vandalism, lightning, windstorm, flood, earthquake and accidental breakage. Your collection is covered at any location in the United States and Canada with a \$15,000 limitation while in transit. Each loss is subject to a \$250 deductible.

### THREE PLANS TO CHOOSE FROM

**The Inventory Plan** covers only the items you wish to insure. A written inventory is required. Inventory forms may be obtained from J.A. Bash & Co. or the TCA business office. Many other types of inventories also accepted. Newly acquired items up to 25% of your policy or \$2,500 (whichever the lesser) are automatically covered for 30 days.

**The Blanket Plan** covers collections of \$200,000 or less. A written inventory is not required, however individual items valued in excess of \$5,000 must be scheduled.

**The Layout Plan** covers your layout such as track, electronics, scenery, buildings and related items on a blanket basis.

It's easy to apply. Just complete the application below and send it to J.A. Bash & Co. with premium payment and inventory (if on the Inventory Plan). Coverage is effective upon receipt of application, premium payment and verification of values by the program evaluator. For more detailed information, please call us at 1-800-654-2256.

## APPLICATION FOR INSURANCE

Please print all information. Make checks payable to J.A. Bash & Company and mail with this completed application to: J.A. Bash & Co., 300 Mt. Lebanon Blvd., Suite 225, Pittsburgh, PA 15234

## WHERE'S MY FORM?

In the coming months, some "tried and true" TCA items (forms, sheets, etc.) that you have grown accustomed to seeing appear in these pages may be missing. What happened? Did we forget? Did our dog eat them?

No, this is simply part of TCA's ongoing attempt to save you, our members, a few dollars—by not always printing things that don't get used every day.

If you need one of the forms that have "gone missing," let us know, and we can mail or email it to you. And forms that are truly useful may still appear here every once in a while, just not in every issue.

We want you to have what you need, and you'll get it, but who likes to spend money when they don't have to?

# MARCH 2020 INTERCHANGE SECTION

## REMINDER FOR MEMBERS WHO ENTER THEIR ADS ONLINE

*When one of your items sells, please remove any ads mentioning the item, which reduces member frustration at finding out-of-date ad listings. Our deadlines make that tricky—if you delete an ad from the online system on February 3, the ad would still appear in March's printed Interchange—but please make an effort. Thank you!*

## Helpful tips for Entering Interchange Ads

*Whether you're entering your own interchange items online or sending them in for us to enter (because you don't have computer access), it never hurts to have a few pointers!*

- In the "Box" column, please use our paper grading standards found on the inside back cover, and do NOT use "Y" or "N"—that tells members whether there is a box, but not what shape it's in!
- We only allow 50 total characters per "item description"—that's letters, numbers, punctuation and spaces. So be creative, abbreviate if it makes sense, and don't repeat words from the item number.
- If sending in items for TCA to enter, remember your \$5 pays for the whole sheet—so you can enter up to 12 numeric items and one miscellaneous item for the same \$5 payment.
- Also to folks sending in forms—Please write legibly! If we can't read it, we may not list it correctly.
- The "price" field only allows full dollar amounts, so please round up or down—\$99.95 won't work!
- Entering your own items online is **free**, because it saves us the labor costs of entering them here.
- Keep renewing your ads to make sure they: (1) Stay visible/searchable online, and (2) Keep printing in each issue of the **News**. Ads expire after 30, 60, or 90 days (depending what you choose), so you will need to renew your ad(s) at least four or five times per year to keep them current! When your ads expire, they're gone forever, and you don't want to have to take the time to enter them again!

# HOW TO USE THE INTERCHANGE POINT

The Dos and Don'ts of submitting—or entering—items for the x-change

**We publish the Interchange Point in every issue of the *National Headquarters News* (5x per year). It allows members to contact each other to make transactions of toy-train-related items.**

TCA Members may submit a **12-item numeric listing (40-50 characters per item) AND a miscellaneous ad (up to 50 words)** describing toy-train-related items they wish to sell, buy or trade. **This submission costs \$5, payable by check or credit card.**

**PLEASE NOTE:** If you have an email address and internet access, you should not use the Interchange forms in this *Newsletter* to submit ads for print. Instead, you should contact the Publications Editor (717-687-8623 or [hqeditor@traincollectors.org](mailto:hqeditor@traincollectors.org)) to learn how to enter your ads on the **TCA x-change website**, or visit the website ([www.tcabuysell.org](http://www.tcabuysell.org)) and click on the “How to Use” link at the top of the page.

**Remember:** Items entered online at [tcabuysell.org](http://tcabuysell.org) can appear in the printed *National Headquarters News* just like items you used to mail or fax to the business office! In fact, when you mail or fax items to TCA, we enter them into the same website the same way you do. You just need to make sure you have an expiration date that covers the next time we pull the items from the online system—For example, have your items present on **December 1** to be listed in the **January issue**. See schedule below:

<i>Newsletter Issue</i>	<i>Last approximate date to mail or fax items in for that issue</i>	<i>Last date to enter online items to be printed in that issue</i>
<b>January</b>	<b>November 19</b>	<b>December 1</b>
<b>March</b>	<b>January 19</b>	<b>February 1</b>
<b>May</b>	<b>March 19</b>	<b>April 1</b>
<b>September</b>	<b>July 19</b>	<b>August 1</b>
<b>November</b>	<b>September 19</b>	<b>October 1</b>

**The Numeric Listing** is organized by manufacturer number, then by catalog number. Each manufacturer section is separated further into “for sale,” “for trade” and “wanted” ads. A description of each item follows its catalog number. These descriptions are being standardized but variations and additional information will always be included. A member number follows each description, which can be referenced in the Membership Listing section.

**The Miscellaneous Listing** lists both ads that do not fit the Numeric Listing Form and specific item-for-item trades.

**The Member Listing** is the directory of members advertising in each issue, and includes names, addresses, phone numbers, emails, calling times and shipping instructions, if any.

**Notice:** Should the manufacturer of any of the preceding advertised products fail to deliver either the item or a refund for whatever reason, the Train Collectors Association™ cannot aid you in recovery, being limited by its Bylaws in such actions. In effect, you are risking your deposit or payment and you are hereby notified that the Train Collectors Association specifically disclaims any responsibility for such matters. It offers neither an express nor implied warranty as to financial solvency, performance or quality of goods furnished by its advertisers, nor is it in any way liable for financial losses arising from these transactions.

To place an advertisement by mail or fax, complete a Numeric Listing Form **and/or** a Miscellaneous Form **and include a \$5 payment via check or credit card.** Be sure to complete all applicable columns using correct codes as listed below. **REMEMBER:** If you have an email address and internet access, you should enter your printed items online ([tcabuysell.org](http://tcabuysell.org)). **We will not accept paper forms submitted by members with their own TCA x-change accounts.**

1. All items advertised in the Interchange Point must be a tinsplate train, accessory, train-related item or tinsplate-related toy (suitable for a toy train layout).
2. Members using the Interchange Point shall adhere to the grading standards, the rules and regulations regarding restored and refinished trains and the identification of reproductions and replacement parts, as published on or near the inside back cover of each *National Headquarters News*.
3. To submit Interchange ads, **you may use any Interchange Point form**, whether it is taken from any recent issue or downloaded from the TCA website.
4. Only one ad of **each** type will be printed per member per issue—a 50-word Miscellaneous Form and/or a 12-item Numeric Listing Form.
5. All ads **must be postmarked by the close of business on the deadline dates** or they will be held over for publication in the following issue. Please consider heavy fax machine volume close to the deadline and plan accordingly.
6. The ad must be either printed or typewritten; **illegible ads will not be published.** Remember to proofread your ad; the person that types your ad for print may be unfamiliar with the items you are listing and thus may prove unable to catch any errors you make.
7. The **member's signature** must appear on the ad form; unsigned ads will not be published.
8. Ads must include a **phone number**, preferably specifying calling times, or a phone number must be on file at National Headquarters.
9. Types of ads that are prohibited include: 1) Silent and/or mail auctions; 2) "Best Offer" type ads, whether or not an asking price is indicated; 3) Ads that solicit membership in other organizations; and 4) Dealer new announcements.
10. The Editor of the *National Headquarters News* reserves the right to omit any items which do not comply with these guidelines.

## USING THE INTERCHANGE POINT FORMS

# TCA GRADING STANDARDS

## CONDITION/GRADING STANDARDS

The following Condition and Grading Standards apply to **all** toy train and related accessory items. The items that are being evaluated may or may not include the original box. Boxes and other paper are subject to a separate set of grading and condition standards. Standards for all toy train and related accessory items apply to the visual appearance of the item and do not consider the operating functionality of the equipment.

The Standards have been expanded with the introduction of a separate designation for restored/refinished items. Restored/refinished items must continue to be marked as such using the pressure sensitive labels (Ident Tags) available from the TCA. The Association provides these labels through members of the Standards Committee or the National Business Office.

Condition and Grading Standards are subjective, at best, and are intended to act as a guide. It is important and logical that wishful thinking not be allowed to influence the choice of grade.

**C-10 Mint—Brand New:** all original; unused and unblemished.

**C-9 Factory New—Brand New:** all original; unused; may evidence factory rubs and the slightest evidence of handling, shipping and having been test run at the factory.

**C-8 Like New—Complete all original:** no rust, no missing parts; may show effects of being on display and/or age; may have been run.

**C-7 Excellent—all original:** minute scratches and paint nicks; no rust and no missing parts; no distortion of component parts.

**C-6 Very Good:** Minor scratches and paint nicks, minor spots of surface rust, free of dents. May have minor parts replaced.

**C-5 Good—Sign of play wear:** scratches and minor paint loss. Small dents, minor surface rust. Evidence of heavy use.

**C-4 Fair:** Scratched, moderate paint loss, dented missing parts, surface rust. Evidence of heavy use.

**C-3 Poor—Requires major body repair:** Heavily scratched, major rust and missing parts. Restoration candidate.

**C-2 Restoration required.**

**C-1 Junk—parts value only.**

## RESTORED/REFINISHED ITEMS STANDARDS

Restored/refinished toy train and related accessory items must continue to be marked as such using pressure-sensitive labels available from TCA. All replacement parts considered “major component parts” such as an engine frame, boiler or cab that have been used in the restoration of an item must include the required identification marks of the manufacturer.

**R-5 Professional Grade—Restored in all aspects of finish and detail as when manufactured:** Finished in correct type of paint, color, texture and gloss. All wiring exactly matches the original. All trim in correct finish or plating. Virtually identical to the original. No surface imperfections in the metal work. No wear or evidence of use present. Authentic in all aspects.

**R-4 Very Good—Restored to a general high standard:** However, noticeable differences exist particularly with respect to the color, finish, and texture of paint when compared to an original piece.

**R-3 Good—A restored piece that has signs of play wear with minor dents and scratches.**

**R-2 Fair—A non-professional restoration:** Color, texture and finish clearly different from the original. Other items, such as non-authentic wiring are also evident.

**R-1 Poor—A poorly constructed restoration in all respects:** May be a candidate for restoration. Includes dents or rust pitting under the finish.

## PAPER/BOX GRADING STANDARDS—REVISED 1/2/09

**P-10 MINT—BRAND NEW** Complete and all original as manufactured and unused.

**P-9 STORE NEW** Complete and all original and unused. May have merchant additions such as store stamps, price tags et al. Boxes must have inner liner/s, if appropriate.

**P-8 LIKE NEW** Complete and all original. Evidence of light use and aging, additional notations since leaving publisher or manufacturer. Contents of box may be missing.

**P-7 EXCELLENT** Complete and all original. Handling indentations, minute edge wear, small creases.

**P-6 VERY GOOD** Complete and all original. Minor abrasions, creases and/or folds. Small tears, slight color changes, minor soiling. Box may have inner liner/s missing.

**NOTE:** Any paper or box that has been repaired can be graded no higher than P-5.

**P-5 GOOD** Items show substantial wear. Moderate abrasions, creases and/or folds; moderate tears and losses. Moderate color changes, staples may be rusty or replaced. May have been repaired with archival tissue and adhesive.\*

**P-4 FAIR** Heavy damage but generally legible. May or may not have been repaired. Paper may be brittle. Boxes may have inner flaps missing.

**P-3 POOR** Incomplete, may be very brittle, significant deterioration. Extensive amateur repairs. (Scotch Tape ® or equivalent).

*\*Archival tissues are Japanese tissue papers used for paper conservation. Archival adhesives include starch pastes, methyl cellulose pastes and archival heat-set tissues such as Crompton coated tissues. Pressure sensitive ‘archival’ tapes have been shown to be problematic in conservation testing, therefore take this into account should you consider using it.*
