GENERAL JACKSON SHOWBOAT DINNER CRUISE

While "rollin' down the Cumberland River," you'll enjoy stunning views of Nashville skyline, a delicious 3-course meal, and toe-tapping entertainment in the two-story climate controlled Victorian Theater. One of the largest showboats ever built, the grand General Jackson is an elegant triumph of American ingenuity. With its elegant lacy filigree and stately design, the boat is reminiscent of the opulence of the American Victorian era.

The General Jackson Showboat is named after the first steamboat to operate on the Cumberland River in 1817.
