LIFE MEMBERSHIPS

There was a decided spurt in the sale of Life Memberships during the 1973 dues collection period. At the present time, over 300 are new ones. Did you get yours????

MEMBERSHIP REPORT

The net membership at the end of 1971 was 1561. During 1972 806 applications were received, 20 deaths recorded, 8 resignations, 16 dropped from rollover, 82 dropped for non-payment of 1972 dues. The net membership at the end of 1972 was 4327. At the end of 1972, a special reconciliation was made. Address errors etc. membership roll books. The result of this effort showed that 16 members were being carried on the books as active, when actually they were not.

PRESIDENT'S MESSAGE

In my last President's Message, I referred to some of the benefits TCA offers and the need for volunteers to help maintain and expand those benefits. Thinking further on that, I was drawn to our mission statement, which spells out TCA's overall objectives. Sometimes we lose sight of the big picture by focusing on a few specific mission items, but focusing on the word "growth" may be key in the pursuit of our larger goals. TCA's mission statement, as posted on our website, reads as follows:

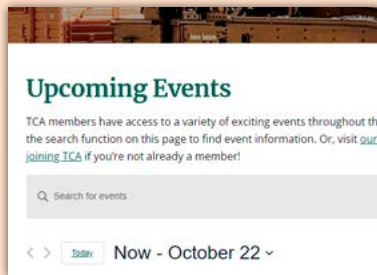

To develop an appreciation of and to preserve an important segment of history—Tinplate Toy Trains—through research, education, community outreach, fellowship, establishment of collecting standards, and to promote the growth and enjoyment of collecting and operating toy, model and scale trains.

That last portion of the Mission Statement—"to promote the *growth*"—should attract much of our focus. In many ways, growth enables us to accomplish the other aspects of the mission statement. So how do we promote the growth of TCA? One of the ways is to ensure we understand and can explain all the varied benefits becoming a TCA member brings to someone who is considering coming aboard.

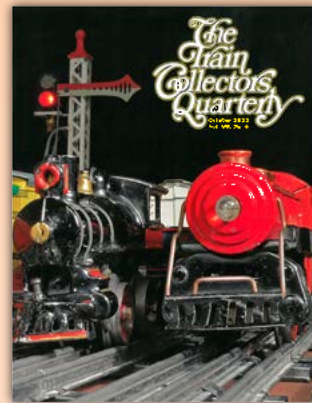

Just to review, there is a long list of tangible benefits for TCA members. The first two that come to mind are the National Toy Train Museum in Strasburg, Pennsylvania, and the National Toy Train Library in the same building. Both have free admission for TCA members. Member access to these two treasures continues to increase by virtue of the ongoing improvements during Phase II of TCA's website development. TCA members can log in at TCAtrains.org to explore the toy train and paper research materials housed in the Museum and Library.

Perhaps the greatest of the additional benefits of TCA membership is the camaraderie and fellowship with other model train enthusiasts. While the best-known in-person gathering may be the York meet, there are many other division and chapter train meets throughout the year around the country. There is the annual convention, sponsored each year by a TCA division, along with over 150 additional train meets throughout the country. Each meet gives the members another opportunity to buy, sell, or trade trains, and the *National Headquarters News* (and [online Events tab](#)) provides the time, date, and location for each event.

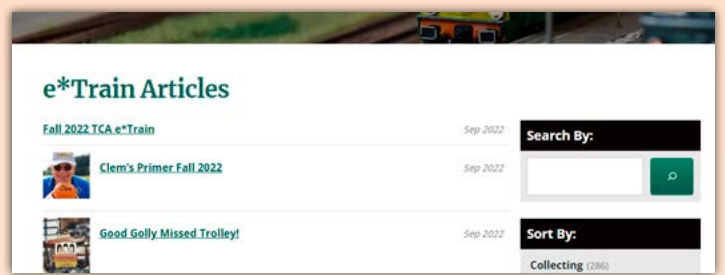

trade. The *Newsletter* also features ads listing division and chapter car sales, train dealers, and member-owned businesses.

Then, of course, there is the *Train Collectors Quarterly*, which is full of articles focusing on the history of model trains, the firms who manufactured them, and the member experiences in collecting and operating them. It is unquestionably the premier model trains publication.

In addition, we have our online *TCA e*Train Magazine*, which contains a wide variety of articles on subjects related to the hobby. One of these articles is "Clem's Primer," which outlines, in depth, the many aspects of the York experience.

Some of the numerous additional benefits of TCA membership include special discounts and research material, access to the National Toy Train Library, full access to the Grading Standards as updated by the TCA Standards Committee, TCA special events, special Toy Train car purchases, access to discontinued and duplicate items from the Museum, the Annual Convention, the Library book sale, special rates on Collection Insurance coverage, and much more.

I mention all of this because we so often forget to mention them to our friends and relatives who might be prospective members. At Chapter and Division train shows, there are many opportunities to recruit new members, by virtue of the fact that many unaffiliated model train enthusiasts are in attendance. Many Chapters and divisions

(CONTINUED ON FOLLOWING PAGE)

(CONTINUED FROM PREVIOUS PAGE)

have areas set aside with membership material, for example: membership applications, brochures and giveaway items such as TCA pens, note pads, and the like. Some set up a drawing for a train car or some other article of interest regarding our hobby then give tickets to those who visit and for those who take information, they hold a drawing where the person has an opportunity to win a prize.

TCA's National Marketing Committee has a moveable display booth containing information on membership that can be taken to non-TCA train shows and events to recruit new members. If you are in an area where there are such shows and events, you should contact Kirk Lindvig, who is our Public Relations and Marketing Committee Chair. If we can locate someone in a local division or chapter to be in charge of the display booth, as well as volunteers to man the booth, it can be transported to the location. Of course, there will have to be a volunteer to ship it back to TCA National headquarters.

So, bringing new members to TCA can be among the greatest gifts you can bring to TCA and to the new members. All it takes is a membership application and the willingness to act. I'm sure there are many other ideas out there as to how we can increase our membership—please feel free to share them with us.

You are a member of the world's greatest association of people in the world's greatest hobby. Let's keep it strong and help it grow so that we as well as others can enjoy it in the years to come!

LIBRARY NEWS

NEW NEW HOURS

TCA has not yet hired a new Librarian, so the National Toy Train Library still has reduced hours. If you plan to visit the library, please call ahead to make an appointment. Library Committee volunteers will be glad to serve you in this time of transition. Thank you in advance for your patience!

The National Toy Train Library offers limited copying or scanning of library materials for private study, scholarship, or research. Library staff cannot copy or scan entire works including, but not limited to, books, handbooks, catalogs, manuals, or periodicals. This institution reserves the right to refuse a copy order if, in its judgment, fulfillment of the order would involve violation of copyright law, or if copying would jeopardize the condition or stability of the item. Library patrons cannot photograph or scan library materials with a personal camera or other electronic device.

Where's My Form?

Don't Worry—You can still get them in a variety of ways!

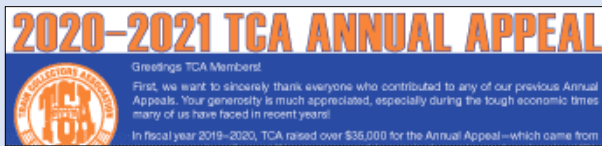

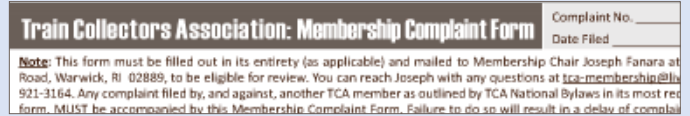

Many of these forms were printed—without change, mostly!—in every *Newsletter* for years. As part of TCA's ongoing efforts to trim our fiscal waistline, some of these forms will now be available (mainly) by request.

1. TCA Bricks Our updated brick forms have been included with the renewal notices we mail to the membership—so most members already receive this two-page (one page front-and-back) form. If you need one, we can email or fax you a version—Just contact Maria at mpenry@traincollectors.org or 717-687-8623, ext. 113. Remember, we now have new brick options that weren't previously available—including more space for your message, the ability to choose from a number of clipart options, and the opportunity to purchase a smaller replica brick commemorating your brick purchase.

2. Membership Complaint Form

Thankfully, we don't use this much! Most conflicts are resolved between the disputants, but the membership complaint process can help if members reach an impasse. Complaints must be filed in writing—so if you do need to submit a case, this form is a must. To receive a copy of this form, contact Maria at 717-687-8623, x113, or email her at membership@traincollectors.org.

3. Annual Appeal Donation Form

TCA has challenged its members with an Annual Appeal in each year since 2007, and in those 13 years, our generous members have donated hundreds of thousands of dollars. In 2020-2021, the Annual Appeal will go directly to the general fund to offset the cost of member benefits. To read the Annual Appeal letter, you can request this form from us—See below for the contact information to use when requesting donation forms.

4. Multi-Purpose Donation Form

Our philanthropic-minded members who want additional choices for where to apply their donations can use the All-Purpose form we created a few years back. This allows you to donate to the Annual Appeal, TCA's Endowment Fund, the National Toy Train Library, or the National Toy Train Museum—all in one form! To have this form mailed or faxed to you, email Maria at membership@traincollectors.org or call her at 717-687-8623 x113.

6. How to Use the Interchange

This "how to" helps members who are trying to submit interchange forms to publish online (tcabuysell.org) and in the Interchange section that prints near the back of the *National Headquarters News*. If you need these forms to help walk you through the x-change ad creation process, please contact Editor Tim Stier at tstier@traincollectors.org or call him at 717-687-8623, ext. 102.

5. Kids Club Application

Our Kids Club is a great way to get youngins involved in the hobby—it's free, and it hopefully helps them develop a lifelong affinity for trains. Contact Maria at 717-687-8623, ext. 113, or email her at membership@traincollectors.org. We can email or fax you this form or answer any questions you may have. Get your kids, grandkids, or neighbors' kids signed up today!

7. TCA Condition/Grading Standards

Our Condition and Grading Standards have been assisting members who are buying and selling trains for years. It provides a common shorthand that helps standardize discussions about the condition, appearance, box, and operability of your trains and train-related items. To receive this form, please contact Tim at tstier@traincollectors.org or call him at 717-687-8623, ext. 102.

8. TCA Application

This standard application to join the TCA will still print in many issues. If you do need a copy, please email Maria at membership@traincollectors.org or call her at 717-687-8623, ext. 113. Invite your friend, your neighbor, your co-worker, or your golfing buddy—trains are for everyone!

Train Collectors Association: Membership Complaint Form

Complaint No. _____

Date Filed _____

Note: This form must be filled out in its entirety (as applicable) and mailed to Membership Chair Andy Hibell at 114 Howard Ave, Edison, NJ 08837-3057, to be eligible for review. You can reach Andy with any questions at andyemtj@aol.com or 908-917-9033. Any complaint filed by, and against, another TCA member as outlined by TCA National Bylaws in its most recently updated form, **MUST** be accompanied by this Membership Complaint Form. Failure to do so will result in a delay of complaint review, and could affect any outcome. For complaints involving eBay or other online transactions, complainants must submit documentation supporting evidence of efforts to resolve the dispute with mediation offered by those online institutions prior to this filing.

TCA/Museum/Library Schedule

The **National Business Office** will be open during its regular hours (8:30–4:30, Mon–Fri) for the foreseeable future, but please call ahead to confirm before planning a visit. The **National Toy Train Library** will have limited hours due to a staffing shortage. Please read the “Library News” section on page four for additional information. The **National Toy Train Museum** is operating under its weekends-only schedule, though it is open during York Week (plus additional exceptions). For our full Museum schedule, please check: TCAtains.org/Museum

TCA is one of the charities you are able to select when making purchases via AmazonSmile. Every little bit helps!

NEW(ish) MEMBER DUES OPTIONS: These options are now listed and described on all dues renewals.

STANDARD PAPER MEMBERSHIP

1 YEAR: \$50
 3 YEARS: \$145 **\$5 OFF**
 5 YEARS: \$240 **\$10 OFF**

PAPER-FREE MEMBERSHIP

1 YEAR: \$40
 3 YEARS: \$115 **\$5 OFF**
 5 YEARS: \$190 **\$10 OFF**

Family memberships are now \$5 per family member; these memberships coincide with the regular member’s dues cycle. Members paying for 5 years dues only need to pay a one-time fee of \$5 per card for the entire 5 year period—a \$20 savings.

“Paper-free” members receive no mailings. They must go online to access publications, renew dues, print/access their membership card, and vote in TCA elections. When available, all TCA transactions must be processed without the use of paper.

In Memory Of

The TCA is honored to pay our respects to members who have recently passed and now "ride the heavenly rails."

If you know of any members who have passed on but haven't yet been featured here, please inform us so we can update our records and inform their fellow TCA members. Thank you.

John Newbraugh • April 19, 1948–April 1, 2022

I had been in touch with John (TCA #73-5611) and his wife Kathy (former TCA #09-64164) this past year.

John wrote the "Who Done It?" feature for almost 40 years in the *Train Collectors Quarterly (TCQ)*. During this period, he worked with only two editors, Bruce Manson and Mark Boyd. John started writing articles for the *TCQ* prior to 1982. His "Who Done It?" series started at Part #1 in Vol. 28 No. 4, July 1982, and finishes with Part #153 in Vol. 68 No. 3, July 2022.

On page 4 of the July 2022 *TCQ* is a tribute to John and Kathy and their dedication to TCA. John shared with me that he wrote for the *TCQ*, the *TTOS Bulletin*, and the Virginia Train Collectors' *The Observation*, plus other train club publications.

"Who Done It?" is the longest running series in TCA History, and it will take quite a feat to surpass this! (It took two and a half years for John to reach the Part #10 installment.) The header in the July 2022 *TCQ* about John outlines the seven commanding questions that the series strove to answer for the entire content of the series. Not only "Who," but "Where," "Owner," "Years," "Other items," "Catalog and Paper," and "What caused the cease of production?" These are all questions that you and I have about each and every train and accessory in our own personal collections!

Thanks, John and Kathy, for sharing your passion and building on the knowledge of toy trains.

By the way, did you notice the resemblance between John and the Sherlock Holmes caricature used in some of his articles?

Carol McGinnis
*e*Train* Editor & TCA Past President

Chuck Little (TCA #16-71722) helps us remember a cherished TCA friend:

Larry Campbell (TCA #92-36443) personified all that is good in a person. He was even-handed, respected by everyone, and thoroughly knowledgeable on all things American Flyer. Because of Larry, his wife, and their wonderful hospitality, Indiana has an enthusiastic group of Flyer operators and collectors. We all miss you, good friend.

Who Knows the New News on Toy Trains?

Earlier this year, I was reading [an article](#) on legends in the music business who also happen to be dyed-in-the-wool model railroaders. As I read, I wondered what other recent appearances of toy trains in popular culture I might have missed.

There is so much media to consume that we can't possibly take it all in. Print, digital, broadcast, streaming, podcasts—there are only so many hours in a day! If we can't keep up-to-date on our own, what about together? Perhaps the best way to keep an eye (or an ear) out for trains in modern culture is to *crowd source!* Know of anything you've seen that might be worth checking out? Let us know by sending a message to hqeditor@traincollectors.org. Thanks!

I've been selling my trains to
Trainz for over a decade!"

"I find their buying service is honest with fair price offers." -David

"Trainz is a great one-stop shop for both buying and selling trains." -Edward

It's taken you decades to build the perfect collection full of rare gems. You've brought model railroading to perfection and your empire is the envy of all who see it.

Nothing is permanent though, not even the gleaming treasure in your basement, and it's time to downsize to the rarest of the rare and let the rest move on to another collector.

With over 45 years of experience, **Trainz** makes it easy to sell your collection. Save yourself the time and frustration of photographing, listing, and shipping your trains piece by piece by letting **Trainz** handle it

for you. Don't want to pack up your collection and mail it in? We'll come to you. Don't trust your living history with just anyone.

Chief Engineer Scott Griggs has been collecting since 1975, and knows how important our shared hobby is. **Trainz** has worked with thousands of collectors over the years and we'll do our best to help shepherd your collection to new owners.

Join David, Edward, and thousands of others by asking **Trainz** to help sell your collection.

TOYS TRAINS AND OTHER OLD STUFF

**ONLINE AND LIVE AUCTION WITH IN-HOUSE BIDDING
VINTAGE AND MODERN HO SCALE TRAINS**

**SATURDAY, NOVEMBER 29, 2022 10 AM EDT
THANKSGIVING WEEKEND**

1951 W DIVISION RD, FOWLER, IN 47944

Toystrainsandotheroldstuff LLC is happy to offer a fantastic collection of vintage and modern HO scale trains from many different manufacturers. The vast majority is new old stock to include craftsman kits for cars and structures, HO and HOn3 brass steam locomotives and other small oddities, lots of plastic from Walthers, Spectrum, Broadway Limited, Athearn, ATT, Lionel and many other obscure manufacturers plus a nice selection of brass steam and diesel locomotives from United / PFM, Sunset, Oriental Limited and others with a good portion of these having DCC and sound installed. Don't miss this auction, mark your calendars for a great group of trains!!

All online bidders shall pay a 15% buyers premium, in-house bidders pay a 10% buyers premium, a 3.5% convenience fee shall be applied for credit payments or 5% for paypal payments on top of the entire invoice. Shipping is handled in-house but billed on a separate invoice through Shipping Saint, a website that we use to get the best rates.

We are always accepting good consignments for future sales, single items or entire collections, vintage toys, all scales / gauges and all manufacturers of toy or model trains, vintage model kits, action figures, comic books, Star Wars items, slot cars, die cast cars such as Corgi, Matchbox, Hot Wheels and Dinky, Marx play sets, vintage and modern luxury fountain pens and more. We have well over 45 years of experience on our staff in dealing with vintage toys, collectibles and valuable items.

MAKE IT A VACATION WEEK!

TCA BRICKS

BETTER THAN EVER for our TWENTIETH Year!

Same Cost To You—With New Options!

You may be buying a brick for your grandfather, but these ain't your grandfather's bricks! Our new manufacturer uses technology that produces very durable bricks (meaning you're leaving a loooong legacy!) that have a ton of options, all for only \$100! Below are some of the highlights.

MORE SPACE & MORE OPTIONS!

We can now produce train-related images and signage, as well as the TCA logo. And while you could use up to 26 characters on previous bricks, with the new method we can print up to 60 characters on bricks without clip art and up to 30 on bricks with clip art!

REPLICA BRICK

For only \$16.95, you can order a 3" x 1.5" replica of any full-sized 4" x 8" brick you purchase to be installed at the Museum. (Cost of replica bricks is not tax-deductible.)

PAYMENT IS TAX-DEDUCTIBLE!

Payment must accompany the order form, and can be made by check, money order, or credit card. The TCA is a nonprofit, tax-exempt organization, so each \$100 contribution to our brick program is fully tax-deductible.

The Pacific Northwest Division of the TCA, along with Chapters in Seattle, Washington, Portland, Oregon, and Boise, Idaho, has a proud heritage of TCA membership since 1958. We believe in legacies. Because of this, we will be donating 10% of each sale to the TCA National Endowment Fund. This Endowment Fund needs to attain a million dollars before it can be used by National for items outside of budgeted costs. We want to see that the perpetuity of our wonderful club continues well beyond our personal involvement. Thank you, in advance, for helping us and the National Train Collectors Association attain this goal.

An important benefit of your membership in the TCA is the ability to get on board with an insurance program designed especially with Peerless Insurance. This program is on track to meet your needs as a collector. Whether you choose to insure your locomotive, your caboose, or everything in between, there's a coverage plan for you.

Coverage: All risk type basis - major coverages include fire, theft, vandalism, lightning, windstorm, flood, earthquake and accidental breakage. Your collection is covered at any location in the United States and Canada with a \$15,000 limitation while in transit. Each loss is subject to a \$250 deductible.

THREE PLANS TO CHOOSE FROM

The Inventory Plan covers only the items you wish to insure. A written inventory is required. Inventory forms may be obtained from J.A. Bash & Co. or the TCA business office. Many other types of inventories also accepted. Newly acquired items up to 25% of your policy or \$2,500 (whichever the lesser) are automatically covered for 30 days.

The Blanket Plan covers collections of \$200,000 or less. A written inventory is not required, however individual items valued in excess of \$5,000 must be scheduled.

The Layout Plan covers your layout such as track, electronics, scenery, buildings and related items on a blanket basis.

It's easy to apply. Just complete the application below and send it to J.A. Bash & Co. with premium payment and inventory (if on the Inventory Plan). Coverage is effective upon receipt of application, premium payment and verification of values by the program evaluator. For more detailed information, please call us at 1-800-654-2256.

APPLICATION FOR INSURANCE

Please print all information. Make checks payable to J.A. Bash & Company and mail with this completed application to: J.A. Bash & Co., 300 Mt. Lebanon Blvd., Suite 225, Pittsburgh, PA 15234

HELPFUL TIPS FOR ENTERING INTERCHANGE ADS

Whether you enter your interchange items online or send them to us (because you don't have a computer), here are a few pointers to help you achieve the best results!

- In the “Box” column, please use our paper grading standards found on the inside back cover, and do NOT use “Y” or “N”—that tells members whether there is a box, but not what shape it’s in!
- We only allow 50 total characters per “item description”—that’s letters, numbers, punctuation and spaces. So be creative, abbreviate if it makes sense, and don’t repeat words from the item number.
- If sending in items for TCA to enter, remember your \$5 pays for the whole sheet—so you can enter up to 12 numeric items and one miscellaneous item for the same \$5 payment.
- Also to folks sending in forms—Please write legibly! If we can’t read it, we may not list it correctly.
- The “price” field only allows full dollar amounts, so please round up or down—\$99.95 doesn’t work!
- Entering your own items online is **free**, because it saves us the labor costs & time of entering them here.
- Keep renewing your ads to make sure they: (1) Stay visible/searchable online, and (2) Keep printing in each issue of the **National Headquarters News**. Ads expire after 30, 60, or 90 days (depending what you choose when creating your ad), so you will need to renew your ad(s) at least four or five times per year to keep them current! Unfortunately, when your ads expire, they’re gone forever (☹). Most people don’t want to take the time to enter them again, so remember to renew!
- **NEW TIP:** If the edit period for your ad has expired, just extend it for another 30, 60, or 90 days. This tells the system it’s a “new ad”—so you will again be able to edit all the categories!

HOW TO USE THE INTERCHANGE

THE DOS & DON'TS OF SUBMITTING—OR ENTERING—X-CHANGE ADS

and include a \$5 payment via check or credit card. Be sure to complete all applicable columns using the codes as listed below. **REMEMBER:** Members with email & internet access should enter their own items via our online x-change system (at tcabuysell.org). For instructions, contact the Publications Editor: 717-687-8623 or hqeditor@traincollectors.org

The Interchange Point allows members to buy and sell toy-train-related items from other members. It is published in every issue of the *National Headquarters News*. To place an advertisement by mail or fax, submit a Numeric Listing Form **and/or** a Miscellaneous Form

- Any Interchange item advertised must be a toy train, train-related item, accessory, or other toy suitable for toy train layouts.
- Members must adhere to rules & regulations regarding restored/refinished trains and must identify reproductions and replacement parts as described in TCA Grading Standards. **Original Grading Standards:** C-10 to C-1 | **Paper/Box Grading:** P-10 to P-3 | **Restored/Refinished Grading:** R-5 to R-1 | **Operational Standards:** O-5 to O-1 (*Full Grading Standards on inside back cover*)
- Prices must be in **whole dollars only**; with a maximum of five (5) digits. Prices are optional.
- You **do not** need to use the most recent Interchange Point forms to submit your ads; any recent printed or digital form will suffice.
- We print one form of **each type** per issue: A 50-word Miscellaneous form + a 12-ad Numeric Listing Form (≤50 characters/ad).
- Ads **must be postmarked by the close of business on the deadline date** or they may be held over to publish in the following issue.
- Ad must be either printed or typed; we are not responsible for the accuracy of illegible. Please **proofread** your ad; the person who enters your ad may be unfamiliar with the items you are listing and thus may prove unable to correct any errors you make.
- Form require both **member's signature** and phone number, preferably with calling hours. Unsigned ads will not be published.
- Prohibited ad types include: 1) Silent and/or mail auctions; 2) "Best Offer" type ads, whether or not an asking price is indicated; 3) Ads that solicit membership in other organizations; and 4) Dealer new announcements.
- The Editor of the *National Headquarters News* reserves the right to omit any items which do not comply with these guidelines.

Numeric Listings are organized by manufacturer number, then by item number. Each manufacturer is separated into "for sale," "for trade" & "wanted." The item's description follows its catalog number. Descriptions are **NOT** standardized; please include any distinctive info regarding your item. The member number is listed on the right, which can be referenced in the **Member Listing** section.

Miscellaneous Listings have more space, and include ads that do not fit the Numeric Listing Form and specific item-for-item trades.

The Member Listing includes the contact info (and shipping info/calling hours, if any) of all members who list Interchange items.

NOTICE < Should the manufacturer of any of the preceding advertised products fail to deliver either the item or a refund for whatever reason, the Train Collectors Association™ cannot aid you in recovery, being limited by its Bylaws in such actions. In effect, you are risking your deposit or payment and you are hereby notified that the Train Collectors Association specifically disclaims any responsibility for such matters. It offers neither an express nor implied warranty as to financial solvency, performance or quality of goods furnished by its advertisers, nor is it in any way liable for financial losses arising from these transactions.

TCA GRADING STANDARDS

Our Grading Standards have expanded over the years—first adding “Restored/Refinished” items, then adding “Paper/Box” items, and finally adding “Operational Standards” in 2020. Condition and Grading Standards are subjective, at best, and are intended to act as a guide. It is important and logical that wishful thinking not be allowed to influence the choice of grade.

ORIGINAL CONDITION / GRADING STANDARDS

- C-10 Mint—Brand New:** all original; unused and unblemished.
- C-9 Factory New—Brand New:** all original; unused; may evidence factory rubs and the slightest evidence of handling, shipping and having been test run at the factory.
- C-8 Like New—Complete all original:** no rust, no missing parts; may show effects of being on display and/or age; may have been run.
- C-7 Excellent—all original:** minute scratches and paint nicks; no rust and no missing parts; no distortion of component parts.

- C-6 Very Good:** Minor scratches and paint nicks, minor spots of surface rust, free of dents. May have minor parts replaced.
- C-5 Good—Sign of play wear:** scratches and minor paint loss. Small dents, minor surface rust. Evidence of heavy use.
- C-4 Fair:** Scratched, moderate paint loss, dented missing parts, surface rust. Evidence of heavy use.
- C-3 Poor—Requires major body repair:** Heavily scratched, major rust and missing parts. Restoration candidate.
- C-2 Restoration required.**
- C-1 Junk—parts value only.**

RESTORED / REFINISHED ITEMS STANDARDS

Restored or refinished toy train and related accessory items must continue to be marked as such using pressure-sensitive labels (Ident Tags) available from TCA. The Association provides these labels through members of the Standards Committee or through the National Business Office. All replacement parts considered “major component parts” (such as an engine frame, boiler or cab) that have been used in the restoration of an item must include the required identification marks of the manufacturer.

- R-5 Professional Grade—Restored in all aspects of finish and detail as when manufactured:** Finished in correct type of paint, color, texture and gloss. All wiring exactly matches the original. All trim in correct finish or plating. Virtually identical to the original. No surface imperfections in the metal work. No wear or evidence of use present. Authentic in all aspects.
- R-4 Very Good—Restored to a general high standard:** However, noticeable differences exist particularly with respect to the color, finish,

- (*R-4, cont'd*) and texture of paint when compared to an original piece.
- R-3 Good—A restored piece that has signs of play wear with minor dents and scratches.**
- R-2 Fair—A non-professional restoration:** Color, texture and finish clearly different from the original. Other items, such as non-authentic wiring are also evident.
- R-1 Poor—A poorly constructed restoration in all respects:** May be a candidate for restoration. Includes dents or rust pitting under the finish.

PAPER / BOX GRADING STANDARDS

REVISED
1/2/09

- P-10 MINT—BRAND NEW:** Complete and all original as manufactured and unused.
- P-9 STORE NEW:** Complete and all original and unused. May have merchant additions such as store stamps, price tags et al. Boxes must have inner liner/s, if appropriate.
- P-8 LIKE NEW:** Complete and all original. Evidence of light use and aging, additional notations since leaving publisher or manufacturer. Contents of box may be missing.
- P-7 EXCELLENT:** Complete and all original. Handling indentations, minute edge wear, small creases.
- P-6 VERY GOOD:** Complete and all original. Minor abrasions, creases and/or folds. Small tears, slight color

- (*P-6, cont'd*) changes, minor soiling. Box may have inner liner/s missing.
- NOTE:** Any paper or box that has been repaired can be graded no higher than P-5.
- P-5 GOOD:** Items show substantial wear. Moderate abrasions, creases and/or folds; moderate tears and losses. Moderate color changes, staples may be rusty or replaced. May have been repaired with archival tissue and adhesive.*
- P-4 FAIR:** Heavy damage but generally legible. May or may not have been repaired. Paper may be brittle. Boxes may have inner flaps missing.
- P-3 POOR:** Incomplete, may be very brittle, significant deterioration. Extensive amateur repairs. (Scotch Tape® or equivalent).

*Archival tissues are Japanese tissue papers used for paper conservation. Archival adhesives include starch pastes, methyl cellulose pastes and archival heat-set tissues such as Crompton-coated tissues. Pressure-sensitive ‘archival’ tapes have been shown to be problematic in conservation testing, therefore take this into account should you consider using it.

OPERATIONAL STANDARDS

NEW IN
2020

Modern Era items now have electronics and other unique mechanisms that may have been neglected in previous TCA Grading Standards. After careful consideration, your Standards Committee developed a set of Operational Standards that cover the sophisticated operation of current trains but can also be used for all toy trains. As used here, the term “operational component” is understood to refer to “an aspect of a piece (locomotive, accessory, operating car, switch, etc.) that produces, provides or causes to happen some measurable operation of that piece.” The “aspect of a piece” can be a truck, a coupler, a motor, a set of drive wheels on a locomotive, a forward-and-reverse control, lights or lamps, an E-unit, a chuff-chuff function on a steam locomotive, a whistle/horn/sound system, a smoke unit, a pick-up assembly, an electrical mechanism, a conveyor belt, a hand-turned crank wheel, and so on.

- O-5 FULL OPERABILITY:** All operational components of the piece function as described by the manufacturer or as found in available documentation.
- O-4 LIMITED OPERABILITY:** All operational components of the piece function, but there is a limited, intermittent, or sluggish condition noticeable; adjustment, cleaning, lubrication or maintenance is required to bring the piece to **FULL OPERABILITY**.
- O-3 PARTIAL OPERABILITY:** One or more than one operational component of the piece do not function; replacement of parts,

- (*O-3, cont'd*) either mechanical or electrical, is required in order to restore operability; at least one operational component in the piece must be functioning properly to be described as **PARTIAL OPERABILITY**.
- O-2 NO OPERABILITY:** None of the operational components of the piece function properly; might be relegated to “parts only.”
- O-1 UNKNOWN OPERABILITY:** The operation of the piece is not known; the current owner either has no way in which to test it or is unfamiliar with proper operational characteristics.
