ON THE COVER

The time to register is finally here! See pages 35–47 of this *National Headquarters News* to peruse the many possibilities available at the 2024 National Convention. We offer tours to see small trains and tours to ride on large trains. We present unique slices of history in an area that has played an important part in the development of our nation. Military buffs of the past and present, lovers of art or old cars—we have something for everyone! You'll see natural beauty, a bevy of museums covering a wide range of topics, and quite a bit of good, old-fashioned fun (you don't get much more old-fashioned than the Amish way of life!). Do your part in celebrating 70 years of TCA!

JUNE 15–23, 2024

PRESIDENT'S MESSAGE

First, in these early months of 2024, let me wish everyone a very Happy and prosperous New Year. Secondly, I would like to call your attention to the upcoming National Convention in Lancaster, Pennsylvania, scheduled for June 15–23. You may want to start planning to attend now, which you can do by using the Convention registration information in the middle of this *National Headquarters News*. The Convention Committee, under the leadership of Bob Keller and Division Presidents Bob Buehler and Jim Potts, has been working hard to plan a truly exciting Convention.

The Committee has developed a great list of tours, from layout tours to attractions and venues that will interest any train enthusiast. The 2024 Convention opens with a day-long tour in Jim Thorpe, Pennsylvania, featuring the Lehigh Scenic Railroad. You will have a great opportunity to visit our National Headquarters, the National Toy Train Library, and the National Toy Train Museum in Strasburg, Pennsylvania, which is close to the Convention

Hotel: The Lancaster Marriott at Penn Square. Another highlight is a tour to Hershey and the AACA Auto Museum, which includes a ride on the Hershey Trolley and a visit to Hershey's Chocolate World.

A visit to Pottsville and the world famous Yuengling Brewery will be a popular attraction. I'm sure samples will be available! There is also a museum and store with Yuengling classic cars and collectables.

We can all look forward to a visit to the East Broad Top Railroad and the Rockhill Trolley Museum. East Broad Top was the last common carrier narrow gauge railroad operating east of the Mississippi. The last train ran on April 15, 1956. The locomotives and cars were stored away, and the railroad's shop remained in place and is in use today. Having personally taken the ride several times, I can tell you that this will be an excellent tour. It includes lunch and a ride on the Rockhill Trolley Museum's operating equipment. Don't miss this one!

There will also be a guided tour of the United States Naval Academy with lunch at the Officer's Club. This will be followed by a cruise of the Annapolis Harbor. Capping off all of our tour options, we have a visit to the Gettysburg Battlefield. It consists of a visit to the Eisenhower Home plus a tour of the National Military Park and visitor center. Also included is a buffet dinner. There are a number of other great opportunities and sights to see in the Lancaster/Strasburg area. Read all about your options on pages 35–47 of this *Newsletter*. Please don't miss this Convention—it will be an outstanding one.

Chris DiCianna, Chair of the Standards Committee, recently promulgated the Committee's goals for 2024, including a planned Breakout Meeting at the National Convention. The committee will increase its presence on TCA's website (TCAtrains.org) and Social Media such as Facebook. They seek to enhance the educational opportunities TCA offers by expanding information on the TCA website with live and on-line seminars.

Additional Standards Committee plans include efforts to help identify early reproductions, including 2 7/8-inch Gauge models, Sirius/Varney reproductions, Lionel Hudson Reproductions, and Parts identification; Lionel 6464 Postwar boxcar body and graphic style standardization; Revision and updates to the Standards Committee *Postwar Lionel Reproduction Handbook Guide*; and Box and paper identifications similar those featured in the *Reproduction Handbook*,

with an emphasis on how to identify fakes and forgeries.

The Standards Committee plans to continue the Eastern Division York meeting. The committee will attempt to ensure that a Standards Committee Member can be present at each Division and Chapter train show. The 2024 Committee goals are ambitious but would be very useful to all TCA members. All of these Goals will, as implemented, be excellent undertakings for TCA's largest Committee.

I am saddened to report the passing of one of our stalwart TCA members. Wayne Sheriff, who served as a National President, Division President, Division Treasurer, Convention Chair, and chair of many major committees, passed away on December 10. He was TCA's leading expert on Bylaws and Rules and Regulations. Most recently, Wayne served as Chair of the Bylaws Committee. To all his undertakings, he brought the vast knowledge and expertise he had accumulated during his lifetime.

As many know, Wayne had a long and successful career in a leadership position of an aerospace company in California. In that capacity, he contributed to the development of the space shuttle program. He also served on active duty with the U.S. Coast Guard.

His service to TCA was truly outstanding. He worked with and mentored many national and division officers. He was instrumental in establishing the Endowment Fund, and he regularly reviewed and recommended changes to Division and National Bylaws. He will be greatly missed. Personally, he was a mentor to me, as well as to our officers and committee chairs. He was always ready to help and will be remembered for his love of trains and our Train Collectors Association.

Many of you may remember that Wayne always ended his articles for the *National Headquarters News* and *Train Collectors Quarterly* with the words "Keep Trainin'." He gave me permission to use those words when I ended my articles.

So, to all on Wayne's behalf, I say, "Keep Trainin'!"

ALL-PURPOSE DONATION FORM

We Appreciate Your Generosity!

Check to donate to TCA's Annual Appeal

Appeal donations supplement TCA's General Fund, which in turn helps defray the cost of member benefits.

Check to donate to TCA's Endowment Fund

Donations to the Endowment Fund build up a reserve whose revenues can be used to support National operations and projects without having to be paid for by member's dues.

Check to donate to the National Toy Train Library

Donations to the National Toy Train Library help further the Library's Mission—To acquire, conserve, and preserve ephemera relating to toy trains, and to guarantee its current and future use.

Check to donate to the National Toy Train Museum

Donations to the National Toy Train Museum assist in furthering the Museum's Mission—To collect, preserve, and exhibit toy trains and accessories to provide education about this segment of history.

Please check the appropriate box to specify where you want to direct your donation. **Questions?** Contact Membership Coordinator **Maria Penry: 717-687-8623 x101; membership@traincollectors.org**

TCA/MUSEUM/LIBRARY SCHEDULE

TCA's National Business Office is open during regular hours (8:30–4:30, Mon–Fri) for the foreseeable future.

The National Toy Train Library is usually open during “regular” business hours, but please call ahead before your visit to ensure you don't make a wasted trip (717-687-8976, x108).

The National Toy Train Museum is CLOSED (as usual) in January, February, and March. We will reopen on weekends starting April 6! Check the full Museum schedule, including our special events, at: TCAtrains.org/Museum

TCA's Strasburg Spotlight

NEW(ish) MEMBER DUES OPTIONS

These options are now listed and described on all dues renewals—check out your options during your next renewal!

STANDARD PAPER MEMBERSHIP

1 YEAR: \$50
3 YEARS: \$145 **OFF \$5**
5 YEARS: \$240 **OFF \$10**

Family memberships are now \$5 per family member; these memberships coincide with the regular member's dues cycle. Members paying for 5 years dues only need to pay a one-time fee of \$5 per card for the entire 5 year period—a \$20 savings.

PAPER-FREE MEMBERSHIP

1 YEAR: \$40
3 YEARS: \$115 **OFF \$5**
5 YEARS: \$190 **OFF \$10**

“Paper-free” members receive **nothing** in the mail. They must go online to access publications, renew dues, print/access their membership card, and vote in TCA elections. When available, all TCA transactions must be processed without the use of paper.

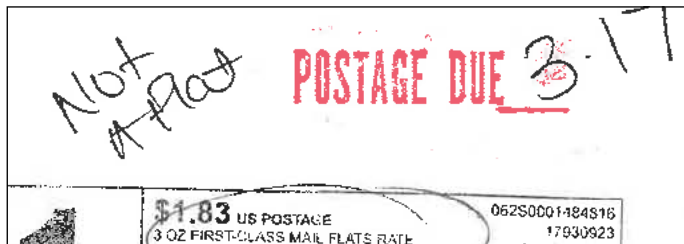

Tips & Tricks for MAILING DUES

TCA's Business Office shares wisdom we've gleaned over the years from the issues some loyal members have encountered when mailing their dues payments!

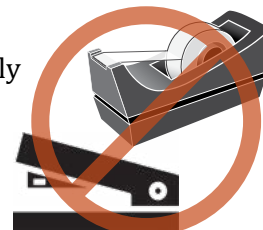

- **Beware Postage increases!** After the January 2024 rate hike, 1st Class stamps now cost \$0.68. The USPS has raised this cost 5 times since August 2021, so keep an eye out for the next jump!

Note two recent "Postage Due" deliveries we received from the USPS—please remember to check the First Class Stamp cost (and carefully research package costs) before you mail!

-  Origami is a great hobby, but please don't use it on your dues notice. It will fit snugly inside the #9 envelope included in the mailing—no additional folding necessary!
- Please don't tape, glue, staple, or otherwise affix your check to your invoice or envelope. It doesn't increase the envelope's security, but it does make it a bit harder to process!

During the winter months here at the library, it gets a bit slow. I don't get to see any of your smiling faces, nor do I get many donations during this time. It's a good time to remind members about our policies regarding library donations. If you would like to donate anything, please contact the Librarian first either by phone or email (*see contact info below*). Second, see below for a list of what we ARE looking for and what we are NOT looking for.

WHAT THE LIBRARY IS LOOKING FOR

Reference books on toy and model trains, handbooks on model railroading, photographs of toy trains or model train layouts, price guides, consumer and dealer catalogs up to 1990, price lists, order forms, sales flyers, advertisements featuring toy and model trains, instruction sheets, specific issues of magazines, toy and model train company records, company annual reports, hobby shop catalogs, patents, toy and model train auction catalogs, etc.

I also have found several manufacturers missing from our Library collection that I would love to add. If you or anyone you know have these items and are willing to donate, please let me know:

Deses: Mexico, O gauge trains

Espewe Modelle: East Germany/Germany, HO scale vehicles

British Marx: UK, Dudley then Swansea, postwar trains

Harold Mehlhose: Germany, HO scale vehicles

DreiKa Modellbau: Germany, HO scale vehicles

Oxford Diecast: UK, Swansea, diecast vehicles and trains in a variety of scales

Mohawk Toy Company: Samuel Hoffman, later ran J. Chein & Company

WHAT THE LIBRARY IS NOT LOOKING FOR

Books on real railroads and railroading, large quantities of modern-era catalogs (1990-present), large quantities of magazines, miscellaneous paper related to real railroads, printouts of toy and model train websites or online auction websites, inventories of personal collections (spreadsheets), conditional donations, items which cannot be preserved under the conditions of the library, etc.

I still have around 250 MPC/Modern Era Lionel Technical Drawings from 1973 to the mid-1980s available for sale. I also have some old films the library no longer needs, consisting of old toy train movies and some advertisements. If anyone is interested, please contact me for details. Thanks!

The National Toy Train Library offers limited copying or scanning of library materials for private study, scholarship, or research. Library staff cannot copy or scan entire works including, but not limited to, books, handbooks, catalogs, manuals, or periodicals. This institution reserves the right to refuse a copy order if, in its judgment, fulfillment of the order would involve violation of copyright law, or if copying would jeopardize the condition or stability of the item. Library patrons cannot photograph or scan library materials with a personal camera or other electronic device.

No. 792 Combine Car—Cast front (black arrow) has a scale coupler to connect to tender

No. 794 Observation—The observation end is supported by an attached truck (blue arrow)

Lionel offered its No. 700E locomotive with passenger cars in a handsome outfit called “The Rail Chief.” Although the No. 700E is a scale model of the New York Central Hudson locomotive, surprisingly, its cars are not scale models of actual New York Central passenger cars. Possibly Lionel did not have time to produce scale models of the passenger cars that came with the Hudson, or the scale length of the 80 foot passenger cars—at 20”+ in O Gauge—presented operating problems.

cars that came with the No. 752E M-10000 and No. 250E Hiawatha locomotives, with shared vestibules and attached trucks on the end cars. See *Greenberg’s Guide to Lionel Trains, Volume 2, 1929-1936*, pages 212, 220, 266, and 270. The Rail Chief car bodies are painted in an attractive red and maroon livery, and are supported by shared vestibules and attached trucks on the end cars. The No. 782 Hiawatha combine attached to the tender with a draw bar. J. Kinder notes that some late No. 794 observations had a scale coupler mounted on the end to couple with the new No. 701 Scale Switcher.

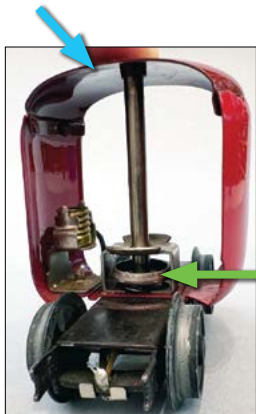

For the Rail Chief No. 709W outfit, Lionel reused the

CONVENTION CAR COMMITTEE

HANG ON: HELP IS ON THE WAY!

“HELP”—it’s probably the *best* four-letter word you can use. I’m human, and like most people, I’m hesitant to ask for HELP. I think I’m a superman who can do it all myself, but I’m NOT. So, I need HELP. TCA needs you to HELP us.

There are two requests that the Convention Car Committee receives frequently. First, can you make XYZ product (that might be the subject of another column)? Second, can you put a list of all prior TCA exclusive products, such as convention cars and other member-exclusive offerings, on the TCA website? It is this second type of request where we need your HELP.

TCA has all the info necessary to put a fairly comprehensive list (with images) together for the website, at least for recent offerings. However, our info is scattered in different places and different formats. What we need HELP with is finding someone who can do some research and compile the information into one cohesive list/format. We need someone who knows Word, Excel, and WordPress for website implementation. We have actually started working on this, but our staff got

diverted to more important day-to-day job requirements. That’s why we’re looking for someone to HELP take ownership of this project.

The schedule is flexible, allowing you to work at your leisure. And the pay is incredible; you won’t be able to count all the money we’ll give you—seriously, you WON’T be able to count it. LOL. OK, for those who don’t get my sense of humor, you can’t count something that isn’t there.

If you’re interested in volunteering to be the point person responsible (and accountable) for this project, please get in touch with me. If you’re one of our members anxious to see this information on our website; hang on, HELP is on the way!

As always, you can check out our online store to see the full complement of TCA car offerings that are currently available: TCAtrains.org/shop

Our last column primarily discussed social media. TCA Divisions and Chapters need to use free and easily available social media options to promote local train events instead of relying on expensive and hard-to-maintain websites. The advantage of social media promotion is that you can reach a wider audience, but you must furnish those pages with a steady stream

of new information to keep your audience engaged. Luckily, TCA's Internet & Technology Committee (I&T Committee) does just that for you every day.

TCA has half a dozen Facebook pages and will begin sending out Instagram posts this spring to coincide with the opening of the Toy Train Museum in early April. If you want the latest news, reports from train shows, or maybe information about a show in your area, it is literally at your fingertips.

Your fingertips can also access the TCA Member Directory via your computer, smartphone, or tablet. You can now safely order TCA-exclusive member offerings and convention cars online with a credit card instead of putting a check in the mail. You can even purchase duplicate copies of books and manuals the National Toy Train Library has received as donations.

Speaking of our Library, thanks to the hard work of the Library Committee and volunteers, you can go online to view hundreds of photographs from the Library collection. In December, the I&T Committee assisted the Library by posting several dozen holiday-related photographs from the collection on social media. These photos proved very popular among TCA members and the public.

This free online archive service should be easy to use for our members. Start by simply visiting the TCA website at tcatrains.org. From there, hover your cursor over the "Library" tab and select "Digital Archives." Click "Search the Online Catalog," and on the next page, you will have several options. These include browsing "Random Images," performing a "Keyword Search," or using "Advanced Search" for more detailed searches.

If you have never done any online searching, doing a more detailed, precise search may benefit you. A Keyword Search for **American Flyer** results in over 9,500 hits! Why? Because it is listing every search result that contains "American," "Flyer," or both. To clean up our search, put "American Flyer" in quotes, and we get down to a more workable 1700+ items. If you select the small box marked "Items with images only" and click "Search" again, you will have about 1400 items related to American Flyer that also feature at least one image.

Of course, you can just do a "Random Images" search and discover all kinds of artifacts in the archives. What a great way to broaden and educate yourself about this wonderful hobby, and it's available to you FREE with your TCA membership. Happy searching!

E*TRAIN EDITOR WANTED

Have a hankerin' to become an important part of TCA's editorial journey? Need a creative outlet? Have too much time on your hands? Wanna be on the inside track and be the first to see the fascinating articles your fellow TCA members come up with for our *TCA e*Train*?

Carol McGinnis (HE95-41066) will step down as editor of the *TCA e*Train* after the April edition, so we need someone new to take the helm! Carol is also stepping out of the role as author for Clem's York Primer.

Perhaps you could be the *e*Train* editor? The job responsibilities are to gather articles, review and edit, insert pictures provided by the authors, and then upload them into an online program through a link provided by TCA's web provider. The process has recently been refined and is much easier than in previous years.

TCA's web provider will provide training. Let us know if you're interested. Carol wants us to know it has been a fun ride, and TCA greatly appreciates her years of service to TCA (in many roles)!

Interested? Call the office at 717-687-8623 or email hqeditor@traincollectors.org

An important benefit of your membership in the TCA is the ability to get on board with an insurance program designed especially with Peerless Insurance. This program is on track to meet your needs as a collector. Whether you choose to insure your locomotive, your caboose, or everything in between, there's a coverage plan for you.

Coverage: All risk type basis - major coverages include fire, theft, vandalism, lightning, windstorm, flood, earthquake and accidental breakage. Your collection is covered at any location in the United States and Canada with a \$15,000 limitation while in transit. Each loss is subject to a \$250 deductible.

THREE PLANS TO CHOOSE FROM

The Inventory Plan covers only the items you wish to insure. A written inventory is required. Inventory forms may be obtained from J.A. Bash & Co. or the TCA business office. Many other types of inventories also accepted. Newly acquired items up to 25% of your policy or \$2,500 (whichever the lesser) are automatically covered for 30 days.

The Blanket Plan covers collections of \$200,000 or less. A written inventory is not required, however individual items valued in excess of \$5,000 must be scheduled.

The Layout Plan covers your layout such as track, electronics, scenery, buildings and related items on a blanket basis.

It's easy to apply. Just complete the application below and send it to J.A. Bash & Co. with premium payment and inventory (if on the Inventory Plan). Coverage is effective upon receipt of application, premium payment and verification of values by the program evaluator. For more detailed information, please call us at 1-800-654-2256.

APPLICATION FOR INSURANCE

Please print all information. Make checks payable to J.A. Bash & Company and mail with this completed application to: J.A. Bash & Co., 300 Mt. Lebanon Blvd., Suite 225, Pittsburgh, PA 15234

Where's My Form?

Don't Worry—You can still get them in a variety of ways!

These forms were printed—without change, mostly!—in every *Newsletter* issue for years. As part of TCA's ongoing efforts to trim our fiscal waistline, some of these forms will now be available (mainly) by request.

Legacy Bricks produced for Our Modern World
Same Cost To You—With New Options

TCA Bricky Our updated brick forms have been included with the renewal notices we mail to the membership—so most members already receive this two-page (one page front-and-back) form. If you need one, we can email or fax you a version—Just contact Maria at mpenry@traincollectors.org or 717-687-8623, ext. 113. Remember, we now have new brick options that weren't previously available—including more space for your message, the ability to choose from a number of clipart options, and the opportunity to purchase a smaller replica brick commemorating your brick purchase.

Membership Complaint Form

Thankfully, we don't use this much! Most conflicts are resolved between the disputants, but the membership complaint process can help if members reach an impasse. Complaints must be filed in writing—so if you do need to submit a case, this form is a must. To receive a copy of this form, contact Maria at 717-687-8623, x113, or email her at membership@traincollectors.org.

Note: This form must be filled out in its entirety (as applicable) and mailed to Membership Chair Joseph Fanara at Road, Warwick, RI 02889, to be eligible for review. You can reach Joseph with any questions at tca-membership@tca.org 921-3164. Any complaint filed by, and against, another TCA member as outlined by TCA National Bylaws in its most recent form, **MUST** be accompanied by this Membership Complaint Form. Failure to do so will result in a delay of complaint.

2020-2021 TCA ANNUAL APPEAL

Greetings TCA Member!

First, we want to sincerely thank everyone who contributed to any of our previous Annual Appeals. Your generosity is much appreciated, especially during the tough economic times many of us have faced in recent years!

In fiscal year 2019-2020, TCA raised over \$36,000 for the Annual Appeal—which came from

Annual Appeal Donation Form

TCA has challenged its members with an Annual Appeal in each year since 2007, and in those 13 years, our generous members have donated hundreds of thousands of dollars. In 2020-2021, the Annual Appeal will go directly to the general fund to offset the cost of member benefits. To read the Annual Appeal letter, you can request this form from us—See below for the contact information to use when requesting donation forms.

Multi-Purpose Donation Form

Our philanthropic-minded members who want additional choices for where to apply their donations can use the All-Purpose form we created a few years back. This allows you to donate to the Annual Appeal, TCA's Endowment Fund, the National Toy Train Library, or the National Toy Train Museum—all in one form! To have this form mailed or faxed to you, email Maria at membership@traincollectors.org or call her at 717-687-8623 x113.

ALL-PURPOSE DONATION FORM
We Appreciate Your Generosity!

THE DOS & DON'TS OF SUBMITTING—OR ENTERING—X-CHANGE ADS

How to Use the Interchange

This "how to" helps members who are trying to submit interchange forms to publish online (tcabuysell.org) and in the Interchange section that prints near the back of the *National Headquarters News*. If you need these forms to help walk you through the x-change ad creation process, please contact Editor Tim Stier at tstier@traincollectors.org or call him at 717-687-8623, ext. 102.

Kids Club Application

Our Kids Club is a great way to get youngins involved in the hobby—it's free, and it hopefully helps them develop a lifelong affinity for trains. Contact Maria at 717-687-8623, ext. 113, or email her at membership@traincollectors.org. We can email or fax you this form or answer any questions you may have. Get your kids, grandkids, or neighbors' kids signed up today!

TCA KIDS CLUB
It's a **GREAT** time to be a **KID** in **TCA!**
We have worked diligently to breathe new life into our Kids Club!

TCA GRADING STANDARDS

Our Grading Standards have expanded over the years—first adding "Restored/Refinished" items, then adding "PaperBox" items, and finally adding "Operational Standards" in 2020. Condition and Grading Standards are subjective, at best, and are intended to set us a guide. It is important and logical that helpful thinking not be allowed to influence the choice of grade.

C-4 Very Good: Minor scratches and paint nicks, minor spots of surface rust, free of dirt. May have minor parts replaced.

TCA Condition/Grading Standards

Our Condition and Grading Standards have been assisting members who are buying and selling trains for years. It provides a common shorthand that helps standardize discussions about the condition, appearance, box, and operability of your trains and train-related items. To receive this form, please contact Tim at tstier@traincollectors.org or call him at 717-687-8623, ext. 102.

TCA Application

This standard application to join the TCA will still print in many issues. If you do need a copy, please email Maria at membership@traincollectors.org or call her at 717-687-8623, ext. 113. Invite your friend, your neighbor, your co-worker, or your golfing buddy—trains are for everyone!

TCA GOALS

Looking for alternate sources of income to help with our budget is especially important. I would continue to support and look for ways to streamline the organization and eliminate bureaucratic red tape that slows our organization down. Due to our drop in membership, it is imperative that we find programs for alternate sources. I will continue to support activities and programs that keep TCA relevant in the hobby and support activities that keep members in the TCA. TCA has two sides of this incredible hobby: the business side, and the hobby side. As much as the national level is more business, I believe it still must support divisions to promote TCA in the hobby. I look forward to continuing to serve TCA as a national officer. Thank you.

TCA Division Experience

- METCA Division Treasurer, 2019–Present
- Member since 2017
- METCA Division Board of Directors, 2018

BACKGROUND

During my 30+ year career, I’ve been devoted to accounting and financial management and truly love what I do. For the past 15 years, I’ve been a vice president of financial control with a national specialty insurer and run a small business bookkeeping service as a “side hustle.” I have a Master of Business Administration from Cornell University and am a Certified Management Accountant. I’ve worked in large national and international corporations in banking, insurance, and consumer products. I’m also the vice president of the Cocker Spaniel Club of New Jersey.

As treasurer of METCA for the last five years, I’ve kept a keen eye on spending but worked hand-in-hand with our board of directors to support opportunities to enhance the experience of our members. With active support of our programs, METCA membership continues to grow. I’ve also increased our investments by more than half, finding the best investment opportunities for growth to ensure the long-term success of our division.

TCA GOALS

What a great hobby we have! We draw on so many regions of our brains to develop our technical and aesthetic skills while making lifelong friends as we do it, and I want to ensure we continue to build our membership and overall participation in our hobby. As I see it, my first and foremost role as treasurer would be to safeguard TCA’s assets that YOU have contributed to the organization through membership fees and donations and to ensure that they continue to grow to support the membership for years to come. Much like my work with METCA, I intend to work with the TCA board of directors and investment committee to maintain tight control on expenses and ensure a robust club car program while continuing to invest our assets well and find the highest returns at the lowest risk.

I’m so excited to join our national leadership, and I hope to hear from as many of you as possible with your ideas on how to make the TCA even greater!

TCA National Experience

- National Secretary, 2020–Present
- National President, 2014–2015
- National President-Elect, 2013–2014
- National Vice President, 2012–2013
- Member, Standards Committee, 2006–2013
- Member, Executive Committee, 2012–2015; 2020–Present
- Member, Finance Committee, 2020–Present
- Member, Strategic Planning Committee, 2018–Present
- National BOD, 2006–2016; 2020–Present

TCA Division Experience

- President, Desert Division, 2006–2009
- Vice President, Desert Division, 2002–2005
- Director, Desert Division, 2000–2001

Background

Education: AA in Business, Erie Community College, 1972
 BS in Business Education, Buffalo State College, 1974
 MA in Human Resources & Development, Ottawa University, 1995

Civic Involvement: Elected School Board member, 1994–1997; Volunteered with American Red Cross, 2001–2017; Committee chair for All Arizona School Retirees Association (AASRA), 2000–Present; State Treasurer, AASRA, 2019–Present; Unit Treasurer, AASRA, 2012–Present

Career: In my 27-plus-year teaching career in both Western New York and in Arizona, I have been a Business and Secretarial Science teacher and a Mathematics teacher. I owned and operated my own business for five years. I have worked as a medical and legal secretary for three businesses, and served as the secretary for my local Department 56 Club for years.

TCA Goals

The position of secretary requires that one be efficient, an accurate recorder, confidential, and cognizant of deadlines involved. I will honor this position and fulfill the requirements of the job. I will promote the toy train hobby as well as the TCA Mission Statement.

I appreciate your time and effort to review my qualifications and would certainly appreciate your vote.

Share 70 years of fun and fellowship based on "These Little Trains That Bring Us Together" at the Lancaster Marriott, a dynamic modern host hotel innovatively integrated with the Convention Center. From Penn Square, the convention complex expands southward down Queen Street to Vine Street, covering two blocks. Vehicle access to the Penn Square hotel lobby or Parking Garage is straightforward from US-222 using Lancaster's efficient grid of one-way streets.

Easy luggage cart access to the inspiring Hotel Lobby on Penn Square also occurs from versatile parking (6'8" clearance) in a connected garage. Convenient public elevators provide cart

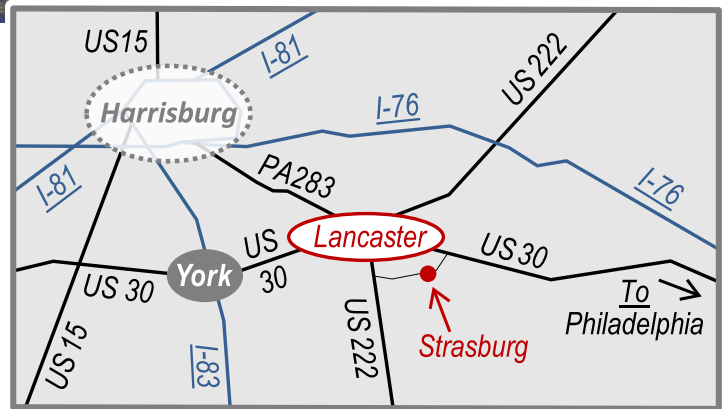

(Continued on following page)

access to the brightly carpeted Train Marketplace in the Freedom Hall and the TCA convention office in the Vine Street Lobby.

The Lancaster Marriott is a stately building with a modern interior in an upscale area of historic attractions, restaurants, and markets, only 10 miles from the heart of railroading in Strasburg and “Amish Country.” Its amenities include three restaurants, a rooftop bar, an indoor pool, a whirlpool tub, a gym, a spa, and a business center. Refined rooms have flat-screen TVs, Wi-Fi (for a fee), desks, minifridges, and coffeemakers; some rooms contain pull-out sofas and/or feature city views. Free Wi-Fi is available in the lobby.

Encounter outstanding trains in multiple gauges—“art that moves”—via tours, seminars, the Kids Club, the Welcome Party, the Banquet, auctions, layouts, and unique national-level Marketplace items. Access for layouts and selected Marketplace multi-table groups may be scheduled through the loading dock. Selected trailer parking will be available in the Vine Street auxiliary lot.

Expand your railroad vacation experience by using one of seven AMTRAK trains that arrive daily at the Lancaster Station (LNC) just a few miles from the Convention Center. Locally, by tour or car, the Strasburg Railroad offers a variety of steam train ride experiences. The neighboring Railroad Museum of Pennsylvania displays 100 locomotives and cars from the mid-19th to the 20th centuries, including the priceless PRR Historical Collection.

Other individual extended vacation experiences within a several-hour drive include Ed Alexander’s barn site in Yardley, Pennsylvania (where it all began for TCA), the Reading Railroad Heritage Museum in Hamburg, Pennsylvania, and the Steamtown National Historic Site in Scranton, Pennsylvania.

TOUR #1: JIM THORPE & LEHIGH SCENIC RAILROAD

Sunday, June 16 • 7:30am–6pm

Cost: \$136

Travel by motor coach to the outer station in Reading, Pennsylvania. Then, ride the Reading & Northern Railroad to the beautiful town of Jim Thorpe, founded in 1818 and known initially as “Mauch Chunk.” Jim Thorpe prospered as a railroad and coal shipping center.

The unique circumstances of its location—in a deep gorge along the Lehigh River—and curving streets that cling to the side of the gorge give the town a European flare. Well-built 19th-century masonry structures have allowed this town to survive intact.

Browse the downtown area and enjoy lunch on your own in one of the local venues. Take a ride out on the Lehigh Gorge Scenic Railroad. Travel back to the hotel by motor coach.

Note: There is plenty of level ground in the Jim Thorpe train station area, Visitor's Center, and nearby restaurants, but much of the town requires walking on sloping sidewalks.

Tour accompanied by a professional tour director.

TOUR #2: HARRIS TOWER, HARRISBURG STATION & CIVIL WAR MUSEUM

Monday, June 17
8am–4pm • Cost: \$99

Travel to Harrisburg, PA, by motor coach. Arrive at the beautiful 1887 historic landmark station. This red brick structure is one of the few in
38 Nat'l Headquarters News

the nation to retain its soaring steel-and-glass train shed installed over the tracks.

Next door, visit the preserved 1930 Harris Tower. This switch tower is owned by the Harrisburg Chapter of the NRHS, which offers visitors a computerized and interactive operational model board and interlock machine. (Lunch on your own at the Capital City Diner.)

Next, visit the National Civil War Museum. This large and remarkable museum presents a comprehensive and even-handed overview of America's greatest tragedy.

Note: Due to its historic nature, the upstairs level of Harris Tower is not ADA/handicap accessible.

Tour accompanied by a professional tour director.

TOUR #3: HERSHEY'S & AACA AUTO MUSEUM

Monday, June 17 • 8am–5pm

Cost: \$139

Register ONLINE! Click National Convention Bar on TCAtains.org

February 2024

Visit the widely known Hershey, Pennsylvania. Founded in 1903 as a factory town for the Hershey Chocolate Company, it has grown into a tourist and entertainment destination. A trolley tour will highlight the many attractions, and a visit to Chocolate World will illustrate the making of the famous Hershey's Chocolate Bars. There will be an option to take Chocolate World's indoor ride. (You will receive a meal voucher for use at Chocolate World.)

Next, travel to the AACA Automobile Museum, considered one of the nation's largest and best motor vehicle museums. From the ordinary to the exotic, all kinds and types of vintage and classic motor vehicles are on display. Don't miss the restored motorcycles, the display of rare Tucker Autos and artifacts, and the operating model train layout.

Tour accompanied by a professional tour director.

TOUR #4: COLUMBIA/SUSQUEH. MODEL RR, LOWER SUSQ. VLY. MODULAR RAILROADERS, & MASONIC VILLAGE & E-TOWN MODEL RR

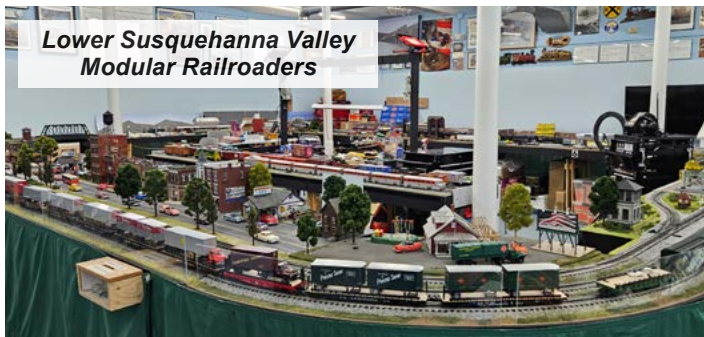

Monday, June 17 • 4pm–10:30pm

Cost: \$119

Columbia & Susqueh. Model Railroad

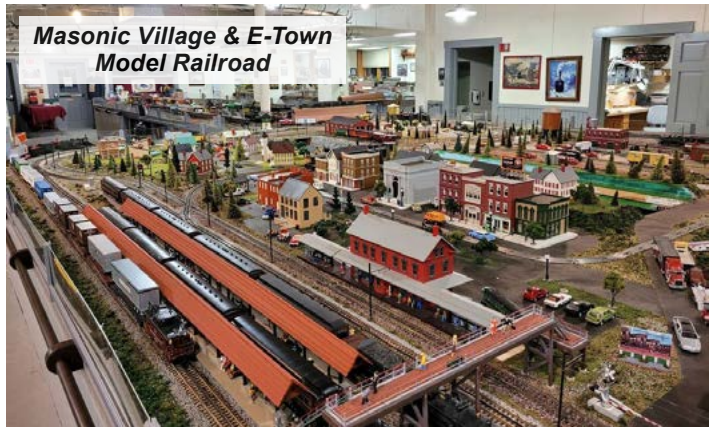

Spend the evening visiting model railroad club layouts! But first, enjoy a fine dinner at the historic Bully's Restaurant & Pub in Columbia, Pennsylvania.

Lower Susquehanna Valley Modular Railroaders

In a church dating back to 1850, visit the Columbia & Susquehanna HO Model Railroad (C&SMRR) and the Lower Susquehanna Valley Modular Railroaders. The C&SMRR is an expansive H0 operating layout featuring impressive landscaping, many tracks, and long

trains. The Susquehanna High-Railers control a sizable modular layout on which the latest modern-era 3-rail 0 gauge trains operate.

Masonic Village & E-Town Model Railroad

Travel to the Masonic Village in Elizabethtown, Pennsylvania, to visit the great setup run by the MV&E Model Railroad Club. This fantastic group of seven layouts features all popular gauges of model trains from Z to G. There is something for everyone to admire in this huge display.

Dinner selections: Roast chicken, Beef Brisket, Broiled Crab Cake

TOUR #5: COLUMBIA/SUSQ. MODEL RR, LOWER SUSQ. VLY. MODULAR RRDERS, NAT'L WATCH & CLOCK MUSEUM & FIRST NAT'L BANK MUS.

Tuesday, June 18 • 8:15am–4pm

Cost: \$135

(See tour #4 description for details and images of the Columbia & Susquehanna Model Railroad, Susqueh. High-Railers, & lunch)

After these stops, we'll visit the beautiful National Watch & Clock Museum. In the same manner as TCA's National Toy Train Museum, this museum is owned and operated by the National Watch and Clock Collectors. It has become a significant institution in its field due to a substantial collection of horological artifacts. Most are clocks and watches, but there are also related tools, machinery, and ephemera.

First National Bank Museum

Then, visit the gorgeous old First National Bank Museum, noted as one of the oldest intact banks in the nation. This remarkably well-preserved structure displays outstanding original solid walnut teller stations and woodwork. Step back in time to view the various offices with original features and check out the massive walk-in vault.

Meal Selections: Smoked Turkey Wrap, Roast Beef Sandwich & Salad with Grilled Chicken

Tour accompanied by a professional tour director.

TOUR #6: YUENGLING BREWERY & JERRY'S CLASSIC CARS & COLLECTIBLES

Tuesday, June 18 • 7am–5pm

Cost: \$125

Tour the historic Yuengling Brewery. Founded in 1829, this is the nation's oldest brewery, still owned and operated by the Yuengling family. Experience traditional beer brewing and what it takes to meet 21st-century demands while maintaining the highest quality. Visit the Brewery Museum to view original 19th-century underground cellars and artifacts. *(Enjoy an included lunch at Roma Pizzeria.)*

Experience a trip to another great downtown Pottsville, PA, location, Jerry's Classic Cars and Collectibles. This museum displays Classic automobiles from the fifties and sixties, along with thousands of memorabilia and collectibles from mostly the same era.

Please note: Completely closed shoes are REQUIRED; sneakers are recommended. The Brewery tour is not wheelchair accessible. Be prepared to navigate approximately 50 stairs. Jerry's second floor also requires walking up a flight of stairs.

Tour accompanied by a professional tour director.

TOUR #7: STRASBURG RAIL ROAD, PA RAILRD. MUSEUM, & NATIONAL TOY TRAIN MUSEUM

Tuesday, June 18 • 9:15am–4pm

Cost: \$152

Start the day with a tour of the Strasburg Rail Road's repair and rebuild shops and take a ride on one of their fine engines. Although

of the shortline variety, this well-known operation is the country's oldest continuously operated standard gauge railroad. All steam trains consist of original vintage equipment. Explore in and around the station complex to experience plenty of other historic items.

Next, enjoy a box lunch and visit the Pennsylvania Railroad Museum. The history of the Pennsylvania Railroad (PRR) is brought to life with original PRR engines and passenger equipment on display inside the enormous main hall. For example, walk up to and alongside a famous GG1 Locomotive to sense these extraordinary engines' overwhelming power and beauty.

Finally, visit our TCA National Toy Train Museum. All scales and types of toy and model trains are on display. Each year, the Museum undergoes an updating and improving process, which results in the layouts and displays becoming more impressive than ever.

New exhibits and new lighting systems have given the Museum a fresh appearance.

Tour accompanied by a professional tour director.

TOUR #8: GUIDED TOUR OF HISTORIC LANCASTER, PENNSYLVANIA

Tuesday, June 18 • 9:30am–12 Noon

Price: \$66

Fulton Opera House

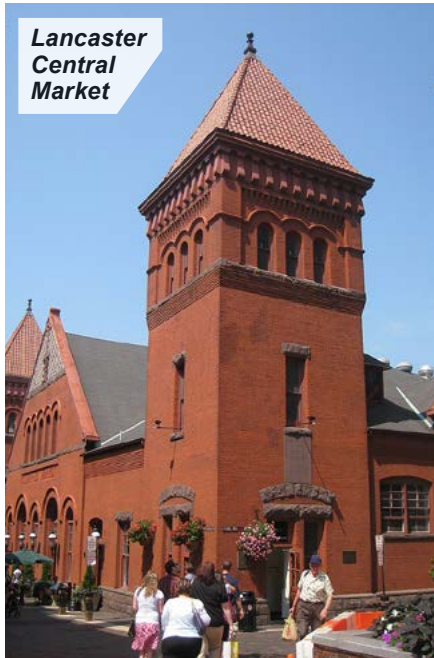

Take a guided bus tour of the significant historical sites in and around Lancaster, Pennsylvania. Lancaster was first settled in the

17th century and expanded in the 18th and 19th centuries. A number of the early buildings, churches, and homes have survived. A major highlight is the Fulton Opera House, the oldest continuously operated theater in the United States.

The tour ends with a return right across the center square from the Convention Hotel at the beautiful and historic Central Market. Probably the oldest farm market in the nation, it will be open for browsing and purchasing lunch & local farm fare.

Lancaster Central Market

TOUR #9: EAST BROAD TOP RAILROAD (EBT) & ROCKHILL TROLLEY MUSEUM

Wednesday, June 19 • 8:30am–5pm

Cost: \$169

INCLUDED IN PRICE: A ride on an original EBT steam train AND a trolley ride!

Located in the small town of Rockhill Furnace, Pennsylvania, the EBT is one of the best-preserved 3-foot-gauge railroads in the nation. Founded in 1871, it is unusual due to being a complete, original railroad rather than a collection of pieces from various

locations. All six of the 3-ft narrow-gauge steam locomotives that operated on the railroad in its last years as a coal hauler are still on site. The railroad's headquarters, shops, roundhouse, and main station are also original, possessing a "frozen in time" ambiance. The visit includes an immersive tour of the extensive shop complex that still houses much of its original equipment and tools.

The Rockhill Trolley Museum is located next door and uses a former branch line of the EBT as its operating trolley line. Founded in 1960, the museum operates, collects, and restores trolleys, interurbans, and transit cars—especially equipment with Pennsylvania ties.

(A box lunch will be provided.)

Tour accompanied by a professional tour director.

TOUR #10: AMISH EXPERIENCE & BARRY'S CAR BARN

Wednesday, June 19 • 8:30am–3pm

Cost: \$172

Enjoy a guided tour through the Lancaster County Amish countryside. Take a ride in a horse-drawn carriage. Visit an Amish home and sit down to an authentic Amish lunch prepared and served by members of the Amish family.

Conveniently located in the heart of the Amish community, the tour will next visit Barry's Car Barn. His "barn" is really an attractive modern museum building. It features vehicles dating to the 1930s while emphasizing classic cars from the fifties and sixties. Barry has put together a very impressive collection—including a fine display of classic Std. Gauge toy trains!

Tour accompanied by a professional tour director.

Nat'l Headquarters News 41

TOUR #11: HISTORIC LITITZ, PENNSYLVANIA

Wednesday, June 19 • 9am–4:30pm

Cost: \$122

Spend the day in Historic Lititz, Pennsylvania. This charming small town offers a variety of attractions. First, visit Elva's Barnyard art studio. Experience the artist creating a beautiful chalk drawing while she entertains with her storytelling about the subject matter. Enjoy a stop in Lititz Spring Park for a box lunch under the pavilion.

The tour continues nearby at the Wilbur Chocolate Retail Store and kitchen. Wilbur chocolates, such as their famous Wilbur Buds, have been produced in Lititz for over 100 years. See how chocolate and other candies are handmade in the kitchen, and check out the many fine chocolate products for sale in the retail store.

Follow up with a visit to the Sturgis Pretzel Bakery. Founded in 1861, it is the first commercial pretzel bakery in America, and the Sturgis Family is the oldest pretzel-baking family in America. Tour the original pretzel bakery, observe our bakers twisting old-fashioned soft pretzels by hand, and shop for delicious treats and souvenirs in our bakery store.

Tour accompanied by a professional tour director.

TOUR #12: CORNWALL IRON FURNACE & EPHRATA CLOISTERS

Thursday, June 20 • 9:30am–2:30pm

Cost: \$99

The Cornwall Iron Furnace operated from 1742 until 1883. It's the only original, intact, charcoal-fired, cold-blast furnace in the Western Hemisphere. Probably due to its founding

by a stone mason, Peter Grubb, this early industrial complex was constructed of solid stone in a very attractive manner. A guided tour will cover the basics of the equipment and methods the furnace used to produce the iron.

Next stop: Lunch on your own at Poor Man's Brewing Co. in Ephrata, Pennsylvania.

A guided tour will also help illuminate the history behind the mysterious and unusual Ephrata Cloisters. This Historic site was started as a unique monastic settlement by early visitors to the Ephrata area. Conrad Beissel, Ephrata's founder, came to the site in 1732, seeking to live as a hermit following his personal religious ideas. By the early 1750s, nearly 80 celibate brothers and sisters followed the charismatic Beisel, dwelling in impressive but separate Germanic log, stone, and half-timbered buildings. As with most celibate societies, it slowly declined. By 1814, the remaining members joined up with another church.

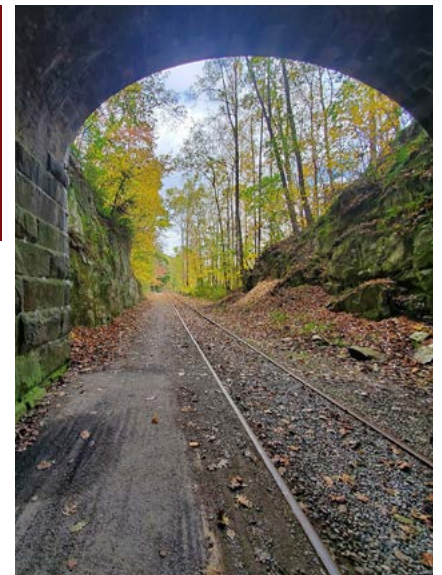

Tour accompanied by a professional tour director.

TOUR #13: NOR. CENTRAL RAILROAD & VALLEY TAVERN NEW FREEDOM, PENNSYLVANIA

Thursday, June 20
9am–5pm
Cost: \$159

Travel by motor coach to the historic train station at New Freedom, PA. Board the mid-century coaches for a ride on the tracks of the 19th-century North Central Railroad.

Lunch will be served at the Valley Tavern. Return to the New Freedom Station, followed by time to browse the markets of Shrewsbury, Pennsylvania. Return to the hotel by motor coach.

TOUR #14: ANNAPOLIS & U.S. NAVAL ACADEMY

Thursday, June 20 • 8am–6pm

Cost: \$195

Travel to historic Annapolis by motor coach. Begin the visit with a 90-minute guided walking tour of important buildings and sites of the impressive and treasured United States Naval Academy. Next, enjoy an included lunch served in the exclusive Officer's Club.

Then, on to the water for a harbor cruise. Finish the day by exploring the City Dock area of Annapolis.

Note: A government-issued ID (e.g., a driver's license) is required to access the Naval Academy.

Tour accompanied by a professional tour director.

TOUR #15: LONGWOOD GARDENS

Friday, June 21 • 9am–4pm

Cost: \$135

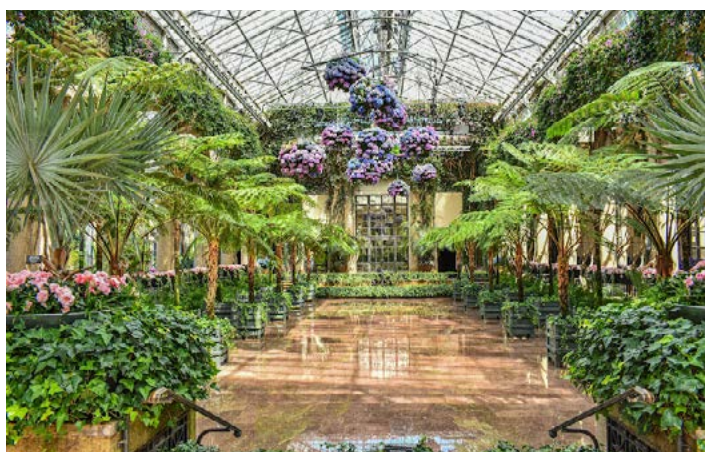

Visit Pierre S. duPont's fabulous Longwood Gardens. From its beginnings as a small Arboretum on an 18th-century farm to after the purchase by duPont in 1906, Longwood Gardens has grown into one of the world's premiere horticulture display gardens.

February 2024

Adding to the plant collection are the grand Architecture and Landscaping. Within its huge indoor conservatory and vast outdoor gardens, enjoy all kinds of native and exotic plants and trees. A one-hour guided tour is included but not mandatory, are plenty of benches and seating are scattered throughout the gardens.

A voucher for lunch at the Terrace Café is included.

Tour accompanied by a professional tour director.

TOUR #16: GUIDED TOUR OF HISTORIC LANCASTER, PENNSYLVANIA

Friday, June 21 • 9:30am–12 Noon

Cost: \$66

This is the second opportunity to take this fantastic tour! For photos and a description of the schedule for this tour, please see the entry for Tour #8 a few pages earlier.

TOUR #17: LAYOUT TOURS—RUSS MACNAIR AND CHRIS MONTAGNA

Friday, June 21 • 5pm–10pm

Cost: \$79

Nat'l Headquarters News 43

This tour brings together the vintage and the modern features of our hobby.

Chris Montagna's (TCA 17-72757) layout showcases the latest operating technology. It is roughly 36' x 26', featuring a double main folded dogbone design with an upper-level loop and lower-level reversing loop. The layout uses Gargraves track and Ross switches. Various projects from this layout have been featured in *Classic Toy Trains*, including a farmhouse scene and a yard-to-town renovation project. Chris's design allows for various viewing perspectives and scenic elements. All engines are modern with Lionel Legacy or MTH DCS.

Russ MacNair Layout

Russ MacNair (TCA 72-5003) has been an avid collector of toy trains for over 50 years. He specializes in Lionel Prewar O and OO Gauge trains and Lionel Postwar O Gauge trains. His prewar collection features many Macy's and other Special Sets, Lionel-Ives Transition pieces, and other interesting variations. Highlighting the collection are prewar and postwar Lionel factory-built layouts in O and OO gauge.

A box dinner will be provided at beginning of the Tour.

TOUR #18: STRASBURG, PA: CHOO CHOO BARN & HOMETOWN KITCHEN RESTAURANT

Friday, June 21 • 6pm–9pm

Cost: \$89

The Choo Choo Barn offers a unique 1700-square-foot, fully landscaped train layout featuring over 150 hand-built animated figures and vehicles and 22 operating trains. From its beginning in 1961, the Choo Choo Barn layout has entertained countless model train enthusiasts and their families. Be sure to visit the attached Choo Choo Barn Train Store.

An included dinner will be served at the Hometown Kitchen. Enjoy tasty Pennsylvania Dutch cooking as meals are prepared and served by local Amish families.

TOUR #19: LANDIS VALLEY FARM MUSEUM & WHEATLAND, HOME OF JAMES BUCHANAN

Saturday, June 22 • 8:30am–2pm

Cost: \$158

The tour begins with a visit to the Landis Valley Village & Farm Museum. This living history museum is located on the site of a rural crossroads village in Lancaster, Pennsylvania. Founded by brothers Henry and George Landis in 1925, the museum grew from the vast personal collections of historic farming and cultural artifacts that filled their family farmhouse and outbuildings. Visit the original Landis home and old village buildings, plus those added to house the expanded exhibits and collections.

Enjoy an included lunch at Landis Valley.

Then, on to Wheatland on the western edge of Lancaster City. This impressive Federal-style manor house dates to 1828, and James Buchanan purchased the house and its 22 acres in 1848. Wheatland was his home during his presidency of 1857–1861. The tour will illustrate how influential and prosperous people lived during the middle-to-late 19th century.

Tour accompanied by a professional tour director.

TOUR #20: MUDDY CREEK FORKS, YORK COUNTY, PENNSYLVANIA

Saturday, June 22 • 8am–2pm

Cost: \$152

Step back in time with a visit to this small rural way station located along what was the Maryland and Pennsylvania Railroad. Experience a surviving example of how the railroad and its stations

impacted commerce and daily life in remote rural communities. The Station and the Post Office are located in the impressive old A. M. Grove General Store. The large roller mill complex served the local farms and shipped product.

Journey in Time to 1915 at the Ma & Pa Railroad Heritage Village. Ride a motorcar excursion train through the scenic Muddy Creek Valley and explore the A. M. Grove Store, mill, and grain elevator.

Enjoy lunch at Great American Saloon in Red Lion, PA.

Tour accompanied by a professional tour director.

TOUR #21: GETTYSBURG BATTLEFIELD

Sunday, June 23 • 7:30am–7pm

Cost: \$175

Travel to Gettysburg by motor coach. The Battle of Gettysburg was a turning point in the Civil War, the Union victory that ended General Robert E. Lee's most ambitious invasion of the North. Gettysburg was the Civil War's bloodiest battle, inspiring President Abraham Lincoln's immortal "Gettysburg Address."

Tour the Eisenhower Farm and the Battlefield.

* A box lunch is included.

Visit the National Military Park Museum & Visitor and Education Center.

* Follow with a Buffet dinner in Refreshment Saloon.

Note: Tour is ADA-accessible except for the second floor of the Eisenhower home.

Tour accompanied by a professional tour director.

CONVENTION SEMINARS

Put on your thinking caps, take out your pad & pencil (or take notes digitally)—It's time for TCA University at the National Convention!

FRIDAY, JUNE 21, 2024 • 11AM–4PM • MEET THE EXPERTS • (INDEPENDENCE ROOM)

11am–12pm	SELLING YOUR TRAINS AT AUCTION • by <i>Greg Stout</i> Greg is owner and president of Stout Auctions, the leading U.S. auction house dealing with Lionel toy trains, American Flyer, Marx, Ives, as well as other scales and toy trains.
1:00–2:30pm	LIONEL U-DRIVE BOAT • by <i>Brian Brumbaugh</i> YES, they do exist! A close up look at these Lionel rarities and their production.
2:30–3:30pm	HOW TO SPOT FAKES OF THE 1967 TCA CONVENTION CARS • by <i>Chris Allen</i> Online shopping has made it harder for TCA members to question counterfeit cars. This seminar highlights common flaws in the early fake counterfeit cars now entering the marketplace. The original owner often has no idea they bought a fraud, instead representing the item as genuine. Know before you consider buying these special cars.

I'VE BEEN SELLING MY TRAINS TO **TRAINZ** FOR OVER A DECADE!

**YOUR STOP
FOR MODEL
TRAINS.**

“I find their buying service is honest with fair price offers.” -David

“Trainz is a great one-stop shop for both buying and selling trains.” -Edward

TRAINZ

It's taken you decades to build the perfect collection full of rare gems. You've brought model railroading to perfection and your empire is the envy of all who see it.

Nothing is permanent though, not even the gleaming treasure in your basement, and it's time to downsize to the rarest of the rare and let the rest move on to another collector.

With over 45 years of experience, **Trainz** makes it easy to sell your collection. Save yourself the time and frustration of photographing, listing, and shipping your trains piece by piece by letting **Trainz** handle it for you. Don't want to pack up your collection and mail it in? We'll come to you. Don't trust your living history with just anyone.

Chief Engineer Scott Griggs has been collecting since 1975, and knows how important our shared hobby is. **Trainz** has worked with thousands of collectors over the years and we'll do our best to help shepherd your collection to new owners.

Join David, Edward, and thousands of others by asking **Trainz** to help sell your collection.

HELPFUL TIPS FOR ENTERING INTERCHANGE ADS

Whether you enter your interchange items online or send them to us (because you don't have a computer), here are a few pointers to help you achieve the best results!

- In the “Box” column, please use our paper grading standards found on the inside back cover, and do NOT use “Y” or “N”—that tells members whether there is a box, but not what shape it's in!
- We only allow 50 total characters per “item description”—that's letters, numbers, punctuation and spaces. So be creative, abbreviate if it makes sense, and don't repeat words from the item number.
- If sending in items for TCA to enter, remember your \$5 pays for the whole sheet—so you can enter up to 12 numeric items and one miscellaneous item for the same \$5 payment.
- Also to folks sending in forms—Please write legibly! If we can't read it, we may not list it correctly.
- The “price” field only allows full dollar amounts, so please round up or down (\$99.95 doesn't work).
- Entering your own items online is **free**, because it saves us the labor costs & time of entering them here.
- Keep renewing your ads to make sure they: (1) Stay visible/searchable online, and (2) Keep printing in each issue of the **National Headquarters News**. Ads expire after 30, 60, or 90 days (depending what you choose when creating your ad), so you will need to renew your ad(s) at least four or five times per year to keep them current!
- **NEW TIP:** If the edit period for your ad has expired, just extend it for another 30, 60, or 90 days. This tells the system it's a “new ad”—so you will again be able to edit all the categories!

HOW TO USE THE INTERCHANGE

THE DOS & DON'TS OF SUBMITTING—OR ENTERING—X-CHANGE ADS

Be sure to complete all applicable columns using the codes as listed below. **REMEMBER:** Members with email & internet access should enter their own items via our online x-change system (at tcabuysell.org). For instructions, contact the Publications Editor: 717-687-8623 or hqeditor@traincollectors.org

The Interchange Point allows members to buy and sell toy-train-related items from other members. It is published in every issue of the *National Headquarters News*. To place an advertisement by mail or fax, submit a Numeric Listing Form **and/or** a Miscellaneous Form **and include a \$5 payment via check or credit card**. Be sure to complete all applicable columns using the codes as listed below. **REMEMBER:** Members with email & internet access should enter their own items via our online x-change system (at tcabuysell.org). For instructions, contact the Publications Editor: 717-687-8623 or hqeditor@traincollectors.org

- Any Interchange item advertised must be a toy train, train-related item, accessory, or other toy suitable for toy train layouts.
- Members must adhere to rules & regulations regarding restored/refinished trains and must identify reproductions and replacement parts as described in TCA Grading Standards. **Original Grading Standards:** C-10 to C-1 | **Paper/Box Grading:** P-10 to P-3 | **Restored/Refinished Grading:** R-5 to R-1 | **Operational Standards:** O-5 to O-1 (*Full Grading Standards on inside back cover*)
- Prices must be in **whole dollars only**; with a maximum of five (5) digits. Prices are optional.
- You **do not** need to use the most recent Interchange Point forms to submit your ads; any recent printed or digital form will suffice.
- We print one form of **each type** per issue: A 50-word Miscellaneous form + a 12-ad Numeric Listing Form (≤50 characters/ad).
- Ads **must be postmarked by the close of business on the deadline date** or they may be held over to publish in the following issue.
- Ad must be either printed or typed; we are not responsible for the accuracy of illegible. Please **proofread** your ad; the person who enters your ad may be unfamiliar with the items you are listing and thus may prove unable to correct any errors you make.
- Form require both **member's signature** and phone number, preferably with calling hours. Unsigned ads will not be published.
- Prohibited ad types include: 1) Silent and/or mail auctions; 2) "Best Offer" type ads, whether or not an asking price is indicated; 3) Ads that solicit membership in other organizations; and 4) Dealer new announcements.
- The Editor of the *National Headquarters News* reserves the right to omit any items which do not comply with these guidelines.

Numeric Listings are organized by manufacturer number, then by item number. Each manufacturer is separated into "for sale," "for trade" & "wanted." The item's description follows its catalog number. Descriptions are **NOT** standardized; please include any distinctive info regarding your item. The member number is listed on the right, which can be referenced in the **Member Listing** section.

Miscellaneous Listings have more space, and include ads that do not fit the Numeric Listing Form and specific item-for-item trades.

The Member Listing includes the contact info (and shipping info/calling hours, if any) of all members who list Interchange items.

NOTICE ◀ Should the manufacturer of any of the preceding advertised products fail to deliver either the item or a refund for whatever reason, the Train Collectors Association™ cannot aid you in recovery, being limited by its Bylaws in such actions. In effect, you are risking your deposit or payment and you are hereby notified that the Train Collectors Association specifically disclaims any responsibility for such matters. It offers neither an express nor implied warranty as to financial solvency, performance or quality of goods furnished by its advertisers, nor is it in any way liable for financial losses arising from these transactions.

TCA GRADING STANDARDS

Our Grading Standards have expanded over the years—first adding “Restored/Refinished” items, then adding “Paper/Box” items, and finally adding “Operational Standards” in 2020. Condition and Grading Standards are subjective, at best, and are intended to act as a guide. It is important and logical that wishful thinking not be allowed to influence the choice of grade.

ORIGINAL CONDITION / GRADING STANDARDS

- C-10 Mint—Brand New:** all original; unused and unblemished.
- C-9 Factory New—Brand New:** all original; unused; may evidence factory rubs and the slightest evidence of handling, shipping and having been test run at the factory.
- C-8 Like New—Complete all original:** no rust, no missing parts; may show effects of being on display and/or age; may have been run.
- C-7 Excellent—all original:** minute scratches and paint nicks; no rust and no missing parts; no distortion of component parts.

- C-6 Very Good:** Minor scratches and paint nicks, minor spots of surface rust, free of dents. May have minor parts replaced.
- C-5 Good—Sign of play wear:** scratches and minor paint loss. Small dents, minor surface rust. Evidence of heavy use.
- C-4 Fair:** Scratched, moderate paint loss, dented missing parts, surface rust. Evidence of heavy use.
- C-3 Poor—Requires major body repair:** Heavily scratched, major rust and missing parts. Restoration candidate.
- C-2 Restoration required.**
- C-1 Junk—parts value only.**

RESTORED / REFINISHED ITEMS STANDARDS

Restored or refinished toy train and related accessory items must continue to be marked as such using pressure-sensitive labels (Ident Tags) available from TCA. The Association provides these labels through members of the Standards Committee or through the National Business Office. All replacement parts considered “major component parts” (such as an engine frame, boiler or cab) that have been used in the restoration of an item must include the required identification marks of the manufacturer.

- R-5 Professional Grade—Restored in all aspects of finish and detail as when manufactured:** Finished in correct type of paint, color, texture and gloss. All wiring exactly matches the original. All trim in correct finish or plating. Virtually identical to the original. No surface imperfections in the metal work. No wear or evidence of use present. Authentic in all aspects.
- R-4 Very Good—Restored to a general high standard:** However, noticeable differences exist particularly with respect to the color, finish,

- (R-4, cont'd)* and texture of paint when compared to an original piece.
- R-3 Good—A restored piece that has signs of play wear with minor dents and scratches.**
- R-2 Fair—A non-professional restoration:** Color, texture and finish clearly different from the original. Other items, such as non-authentic wiring are also evident.
- R-1 Poor—A poorly constructed restoration in all respects:** May be a candidate for restoration. Includes dents or rust pitting under the finish.

PAPER / BOX GRADING STANDARDS

REVISED
1/2/09

- P-10 MINT—BRAND NEW:** Complete and all original as manufactured and unused.
- P-9 STORE NEW:** Complete and all original and unused. May have merchant additions such as store stamps, price tags et al. Boxes must have inner liner/s, if appropriate.
- P-8 LIKE NEW:** Complete and all original. Evidence of light use and aging, additional notations since leaving publisher or manufacturer. Contents of box may be missing.
- P-7 EXCELLENT:** Complete and all original. Handling indentations, minute edge wear, small creases.
- P-6 VERY GOOD:** Complete and all original. Minor abrasions, creases and/or folds. Small tears, slight color changes, minor

- (P-6, cont'd)* soiling. Box may have inner liner/s missing.
- NOTE:** Any paper or box that has been repaired can be graded no higher than P-5.
- P-5 GOOD:** Items show substantial wear. Moderate abrasions, creases and/or folds; moderate tears and losses. Moderate color changes, staples may be rusty or replaced. May have been repaired with archival tissue and adhesive.*
- P-4 FAIR:** Heavy damage but generally legible. May or may not have been repaired. Paper may be brittle. Boxes may have inner flaps missing.
- P-3 POOR:** Incomplete, may be very brittle, significant deterioration. Extensive amateur repairs. (Scotch Tape ® or equivalent).
- *Archival tissues are Japanese tissue papers used for paper conservation. Archival adhesives include starch pastes, methyl cellulose pastes and archival heat-set tissues such as Crompton-coated tissues. Pressure-sensitive ‘archival’ tapes have been shown to be problematic in conservation testing, therefore take this into account should you consider using it.*

OPERATIONAL STANDARDS

NEW IN
2020

Modern Era items now have electronics and other unique mechanisms that may have been neglected in previous TCA Grading Standards. After careful consideration, your Standards Committee developed a set of Operational Standards that cover the sophisticated operation of current trains but can also be used for all toy trains. As used here, the term “operational component” is understood to refer to “an aspect of a piece (locomotive, accessory, operating car, switch, etc.) that produces, provides or causes to happen some measurable operation of that piece.” The “aspect of a piece” can be a truck, a coupler, a motor, a set of drive wheels on a locomotive, a forward-and-reverse control, lights or lamps, an E-unit, a chuff-chuff function on a steam locomotive, a whistle/horn/sound system, a smoke unit, a pick-up assembly, an electrical mechanism, a conveyor belt, a hand-turned crank wheel, and so on.

- O-5 FULL OPERABILITY:** All operational components of the piece function as described by the manufacturer or as found in available documentation.
- O-4 LIMITED OPERABILITY:** All operational components of the piece function, but there is a limited, intermittent, or sluggish condition noticeable; adjustment, cleaning, lubrication or maintenance is required to bring the piece to **FULL OPERABILITY**.
- O-3 PARTIAL OPERABILITY:** One or more than one operational component of the piece do not function; replacement of parts,

- (O-3, cont'd)* either mechanical or electrical, is required in order to restore operability; at least one operational component in the piece must be functioning properly to be described as **PARTIAL OPERABILITY**.
- O-2 NO OPERABILITY:** None of the operational components of the piece function properly; might be relegated to “parts only.”
- O-1 UNKNOWN OPERABILITY:** The operation of the piece is not known; the current owner either has no way in which to test it or is unfamiliar with proper operational characteristics.
